Fundraising

Trustees set in place a framework to guide development over the 3 years of National Lottery funding commencing September 2024.

Financial review

The charity has strong reserves and sufficient guaranteed funding from the National Lottery to cover operations in the coming periods.

Majority of income has come from new National Lottery funding, which is guaranteed for three years. This is supported by additional grants from both local government and other organisations. Smaller donations and other income have also been received in the year.

Reserves policy

The charity is looking to set a reserves policy to ensure that sufficient reserves are held to cover the short-term running costs, as well as any unexpected expenses.

The charity is managed by trustees and supported by volunteers with appropriate skills for the tasks undertaken. There are no employees, however some activities are undertaken by contractors who are independent and self-employed.

Risks

The Trustees have assessed the major risks to which the charity is exposed and are satisfied that systems are in place to mitigate exposure to the major risks.

Plans for future periods

The trustees will continue to work on its activities.
