Objectives and Activities

	SORP reference	
Summary of the purposes of the charity as set out in its governing document	Para 1.17	The objects of the CIO are For the public benefit, to advance the education of children in the UK by improving access to books through the supply of funded eLibrary services to schools and their pupils with the objective of 1. levelling up such access to books across geographical areas and socioeconomic groups 2. supporting learning to read, reading for pleasure and reading for the curriculum. 3. achieving improvements in educational outcomes and social mobility
Summary of the main activities in relation to those purposes for the public benefit, in particular, the activities, projects or services identified in the accounts.	Para 1.17 and 1.19	During this period the charity has established its first pilot primary school to test the provision of an overlay elibrary. It has successfully sought funding for that school's library books and launched the library, including completing technical development work to enable that. The charity has also had discussions with several other primary schools about becoming pilot schools and has engaged in a range of discussions with political and education sector leaders to promote the idea of eLibraries in schools.
Statement confirming whether the trustees have had regard to the guidance issued by the Charity Commission on public benefit	Para 1.18	ELFS meets the definition of a public benefit entity under FRS102. The accounts and the trustees report have both been prepared in accordance guidance issued by the Charity Commission

Achievements and Performance

	SORP reference	
Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.	Para 1.20	In this, its first year of operation, the charity has established its first pilot school programme in Dairsie Primary School in Fife, Scotland. Establishing the first pilot was inevitably a lot of work as it required all of the technical development to be completed and commercial relationships with (e.g.) Overdrive as a content partner to be completed. The trustees are pleased with the initial impact of the first pilot (40 pupils in the school had downloaded over 100 books between them in the first school term of operation) but look forward to more pilot schools coming on board in the coming year.

Financial Review

Review of the charity's financial position at the end of the period	Para 1.21	The charity finishes the year in a strong position, with unrestricted funds remaining to support further pilot school rollout and additionally £5k of restricted funds which are earmarked for the creation of a 'core' shared library that all pilot schools can use, something discussed and agreed with trustees during the year. Total income for the year was £9,755 and expenditure on the opening pilot launch was £3,112 leaving a balance at the year end of £6,643
Statement explaining the policy for holding reserves stating why they are held	Para 1.22	The charity has no specific policy on reserves and intends to hold only the amount necessary to ensure stable ongoing operation of its programmes. The funds held at this year end do not imply an intention to maintain that level of reserves but are simply a timing issue with a significant donation having been received close to the year end.
Amount of reserves held	Para 1.22	£6,643
Reasons for holding zero reserves	Para 1.22	
Details of fund materially in deficit	Para 1.24	
Explanation of any uncertainties about the charity continuing as a going concern	Para 1.23
