	SORP reference	
Summary of the purposes of the charity as set out in its governing document	Para 1.17	<p><b>Visible Outcomes 4U have the following aims and objectives:</b></p> <ul style="list-style-type: none"><li>(1) To advance education, relieve financial hardship and relieve unemployment amongst those seeking asylum, those granted refugee status and other migrants particularly by the provision of information, advice and guidance.</li><li>(2) To advance the education and training of those granted refugee status and having other immigration statuses and their dependants in need thereof so as to advance them in life and assist them to adapt within a new community.</li><li>(3) To preserve and protect the physical and mental health of those seeking asylum, those granted refugee status and other migrants and their dependants</li></ul>
Summary of the main activities in relation to those purposes for the public benefit, in particular, the activities, projects or services identified in the accounts.	Para 1.17 and 1.19	<p><b>1. Funded Project delivered by Visible Outcomes 4U</b></p> <p>Visible Outcomes is committed to empowering refugees, people seeking asylum, and migrants through a range of free, confidential, and culturally sensitive services. Our work is rooted in respect,</p>

inclusion, and the belief that every individual should have the tools and confidence to shape their own future. Some of the projects are not funded and are run on voluntary basis.

❖ **Food Vouchers and Distribution:**

To address food insecurity among the most vulnerable, we provide food vouchers and distribute essential food supplies to refugees, asylum seekers, and migrants. This service ensures that no one is left without a reliable source of nourishment during difficult times.

2. **Unfunded Project delivered by Visible Outcomes 4U**

❖ **Information, Advice and Guidance**

Visible Outcomes provide impartial, non-directive advice and guidance that puts service users' decisions at the centre. Our team supports individuals in navigating complex systems, including housing issues and homelessness prevention, access to health services, welfare benefits, employment or self-employment pathways, ESOL classes, training opportunities, and the conversion of overseas qualifications into UK equivalents. Working in partnership with other organisations, we signpost service users to specialist debt advice and legal support.

❖ **Intercultural Adapted Employment Training Programmes#**

Our tailored employment support helps participants adapt to the UK workplace, overcome barriers, and achieve their career goals. We assist with job

applications, interview preparation, self-employment guidance, and the recognition of overseas professional or vocational qualifications. These programmes equip service users with the skills and confidence needed to secure sustainable employment.

#### ❖ **Digital Inclusion Training**

Through our Training Academy, we deliver carefully designed digital skills programmes to meet the unique needs of our communities. Participants learn to manage health appointments online, access Universal Credit, apply for electronic visas, and navigate a range of other essential online services. This training promotes independence and ensures digital barriers do not prevent access to vital resources.

#### ❖ **Community Research and Publications**

We collaborate with partners to conduct research on key issues affecting refugees, asylum seekers, and migrants. The findings are used to produce evidence-based publications that inform service provision and support advocacy for policy change at local and national levels. This ensures the lived experiences of our communities influence decision-making.

#### ❖ **Community Cohesion Events**

Our cultural events bring people together to share food, music, dance, and poetry, celebrating diversity and building mutual understanding. These gatherings help foster trust, break down barriers, and create stronger, more connected communities.

		<p style="text-align: center;"><b>❖ Environmental Projects</b></p> <p>We engage communities in environmental action through events and workshops aimed at increasing carbon literacy and promoting sustainability. Clean-up projects and awareness activities encourage people to take pride in their surroundings while contributing to climate responsibility.</p> <p>Through these initiatives, Visible Outcomes provides not only practical support but also the skills, networks, and opportunities needed for long-term independence. By empowering individuals, strengthening community ties, and advocating for systemic change, we help create a society where everyone can belong, contribute, and thrive.</p>
