Achievements and Performance

	SORP reference	
--	----------------	--

Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.	Para 1.20	<p>The foundation achieved one of its primary aims by giving fifty-five £100 grants to families with a child/young adult newly diagnosed with cancer. Although this is a modest start, our partners in administering these grants – Young Lives vs Cancer – assure us that the grants are greatly appreciated and make a difference to those who receive them.</p> <p>Our sponsorship of a university student makes a start in achieving another of the foundation's aims, which is to cover school and university fees for disadvantaged students. We hope to expand these efforts in the coming years.</p> <p>Our creation of Maggie's Arc means that our goal of funding research has been met and we will continue to contribute into 2026. This will be achieved by continuing to put forward participants to take part in the sponsorship events promoted by Alice's Arc, such as the Manchester marathon. This long-term project will ensure the foundation benefits the wider community of cancer patients and will one day see better treatments available world-wide.</p>
