Objectives and Activities

	SORP reference	
Summary of the purposes of the charity as set out in its governing document	Para 1.17	To promote for the benefit of the inhabitants of East Riding and Hull and the surrounding area the provision of facilities for recreation or other leisure time occupation of individuals who have need of such facilities by reason of their youth, age, infirmity or disablement, financial hardship or social and economic circumstances or for the public at large in the interests of social welfare and with the object of improving the condition of life of the said inhabitants.
Summary of the main activities in relation to those purposes for the public benefit, in particular, the activities, projects or services identified in the accounts.	Para 1.17 and 1.19	Our aim is to preserve and restore the walled garden as an area for the use of the population of East Riding and Hull. In doing so, the public with benefit through: -Hands-on gardening activities for volunteers that promote mental/physical wellbeing, build social connections, develop skills (in particular in organic gardening). -Enhancing the site for food growing and biodiversity by creating areas of vegetable/fruit growing and planting and using regenerative horticulture principles. -Providing free surplus produce to local charities/food banks.
Statement confirming whether the trustees have had regard to the guidance issued by the Charity Commission on public benefit	Para 1.18	The trustees declare that they have carefully reviewed and have taken into account the Charity Commission's guidance on public benefit when making decisions regarding the charity's activities throughout the reporting period.

Achievements and Performance

	SORP reference	
Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.	Para 1.20	<p>We have now secured an extension of the lease on the garden until September 2029, on the same terms as before (rent £300 per annum).</p> <p>Although we are still working one day per week, our average weekly volunteer attendance over the year has been 8 per week, compared to 6 last year. Overall, we have welcomed 20 different volunteers from the local community, including volunteer groups from Cooperation Hull.</p> <p>The summer drought made for difficult growing conditions, but with care losses in the newly-planted Forest Garden were <10% and these have been made up from grafting of donated rootstocks. Purchase of a shredder and two more compost bins has increased our capacity to produce mulch and compost on site. A floral strip was planted in November adjacent to the main vegetable growing area to improve biological control of insect pests. In December we purchased a Barn Owl nest box, now installed, to improve non-toxic control of the rodents which have caused considerable losses this year.</p>

		<p>We have also recently secured funding for a compost toilet to help improve volunteer facilities.</p> <p>Produce from the site has either been shared amongst the community volunteers, donated to local food banks, or sold to help build an income stream for the running expenses of the garden. We are now members of the Hull Food Exchange Platform, which we hope in future will streamline the use of surplus produce. Our Facebook page currently has 93 followers.</p> <p>The volunteers who come to the weekly sessions have expressed that the gardening activities support both their mental and physical wellbeing, and provide a welcome space for them, whilst fostering a sense of community, and pride in what they are achieving.</p>

Achievements and Performance

	SORP reference	
Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.	Para 1.20	<p>We have made significant developments in our first year of operation towards our vision for Rise Walled Garden as a new community garden in the UK.</p> <p>We have developed a dedicated team of six volunteers from the local community who have given over 1000 hours of their time in 12 months to develop the site.</p> <p>We have been able to maintain our first areas of fruit and vegetable growing but also to enhance the site by planting a new forest garden with fruit trees and nitrogen-fixing shrub species, as well as re-covering the worn-out polytunnel.</p> <p>We have also started to make some improvements to the site such as improving storage facilities for produce and seeds.</p> <p>Produce from the site has either been shared amongst the community volunteers, donated to local food banks (eg. Cottingham food bank) or sold to help build an income stream for the running expenses of the garden.</p>
