-

2. Achievements and Performance

Due to various reasons, including limited funding, capacity, and personal health issues affecting trustees, we have been unable to commence full operations during this financial period. While some preparatory work and infrastructure setup occurred, including registering the charity, initial purchases, and setting up basic communications and equipment, most planned activities have not yet launched.

The trustees remain committed to achieving the charity's aims and expect to make significant progress in the following reporting period.

3. Financial Review

Total Income: £1049.41

Source: Cashback received from debit card transactions used on legitimate charity purchases (e.g. web hosting). And funds received from one trustee to fund virtual office and web services.

Total Expenditure: £1059.25

Breakdown of support costs:

- Robert Sinclair (admin/consultancy): £864.00
- GoDaddy (web and domain services): £31.18
- Miscellaneous: £164.07

All spending has been funded by trustees personally due to limited external income this period. No endowments were received. No funds were transferred from restricted or endowment funds.
