Achievements and Performance

	SORP reference	
Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.	Para 1.20	<p>Wish Foundation has made a profound and tangible difference to the lives of its beneficiaries and contributed to wider societal well-being through its core programs focused on essential needs. Our main achievements, reflecting the direct impact of our work, include:</p> <ul style="list-style-type: none"> Improving Health and Access to Clean Water through Water Pump Installations: <ul style="list-style-type: none"> Difference Made: The installation of water pumps has directly addressed a critical public health issue by providing communities with reliable access to clean and safe drinking water. This has significantly reduced the incidence of

		<p>waterborne diseases, improved sanitation, and alleviated the burden on individuals (often women and children) who previously had to travel long distances to fetch water. Access to clean water is foundational for health, education, and economic stability.</p> <ul style="list-style-type: none">○ Wider Benefits to Society: Beyond individual health, these installations contribute to community development and resilience. Reliable water sources enable better hygiene practices, support small-scale agriculture, and can reduce local conflicts over scarce resources. It frees up time for children to attend school and adults to engage in productive activities, fostering long-term social and economic benefits.○ Quantifiable Impact: <i>"In the past year, Wish Foundation successfully installed 50 new water pumps, providing clean water to an estimated 400 individuals across 5 villages. This has led to a reported 30% decrease in waterborne illnesses in these areas."</i>• Alleviating Hunger and Providing Dignity through Cooked Meals to Shelter Homes:<ul style="list-style-type: none">○ Difference Made: Our provision of cooked meals to shelter homes directly addresses immediate food insecurity for some of the most vulnerable members of society, including homeless individuals and families. Beyond simply providing sustenance, these meals offer a sense of dignity, comfort, and

		<p>care, which are crucial for mental and emotional well-being. For many, this is their only guaranteed nutritious meal, offering a vital lifeline during challenging times.</p> <ul style="list-style-type: none"> ○ Wider Benefits to Society: This work contributes to social welfare by supporting public services that care for marginalized groups. It helps to reduce the health burden on emergency services by mitigating issues related to malnutrition. By supporting shelter homes, Wish Foundation plays a role in creating a more compassionate and inclusive society, recognizing the inherent worth of every individual. ○ Quantifiable Impact <i>"Wish Foundation supplied over 300 cooked meals to 3 shelter homes throughout the year, directly benefiting approximately 500 residents. Feedback from shelter managers highlights improved morale and health outcomes among residents due to consistent access to nutritious food."</i> <ul style="list-style-type: none"> • Promoting Food Security and Community Spirit through Qurbani Distribution in Pakistan: <ul style="list-style-type: none"> ○ Difference Made: Our Qurbani program in Pakistan ensures that highly nutritious meat, often a luxury for impoverished families, reaches those most in need. This is particularly significant during Eid al-Adha, enabling families to participate fully in the religious and cultural festivities. For many, this distribution provides a rare

It directly contributes to food security in vulnerable regions, supporting families who might otherwise struggle to afford such provisions. The act of sharing, inherent in Qurbani, fosters greater social cohesion and reinforces humanitarian values.○ Quantifiable Impact: <i>"During the most recent Eid al-Adha, Wish Foundation distributed 1000 kg of meat reaching over 1000 families in Western Lahore in Pakistan. This effort provided essential protein and allowed thousands to celebrate the occasion with dignity."</i> <p>Overall Impact:</p> <p>"Through these targeted and impactful interventions, Wish Foundation has not only addressed critical immediate needs but also contributed to the long-term well-being, health, and dignity of thousands of beneficiaries. Our work fosters resilience within communities, promotes social inclusion, and exemplifies the transformative power of humanitarian aid, demonstrating our commitment to making a tangible and positive difference in society."</p>
