The charity's principal activities included:

- Establishing and developing **EQP Academy** as a safe and inclusive educational environment for children, young people, and adults.

### Grantmaking Policy

E.Q.P may make grants to individuals and organisations whose activities align with its charitable purposes.

All grant applications are assessed on merit, financial need, and the potential educational or community impact.

The trustees ensure that funds are distributed fairly and responsibly, with appropriate monitoring and follow-up to confirm that grants are used solely for charitable purposes.

### Programme-Related Investment Policy

The charity may make programme-related investments (PRIs) where such investment directly contributes to achieving its charitable objects — for example, by developing educational facilities or digital learning infrastructure.

Any such investment is approved by the trustees after due consideration of risk, financial sustainability, and alignment with the charity's long-term aims.

### Summary of the main achievements of the charity during the year

#### Summary of the Main Achievements of the Charity During the Year

During the year, **E.Q.P (Education based on Quality & Purpose)** successfully secured premises for its first educational and community learning centre — the **EQP Academy** in Peterborough. This marks a significant milestone in establishing the charity's foundation for future educational and community development activities.

The charity's focus during this period has been on planning, preparation, and mobilisation for the launch of its core programmes. The following key achievements and plans have been progressed:

1. **Securing Premises for EQP Academy**

E.Q.P has secured suitable premises for the first **EQP Academy**, which will serve as a central hub for learning, training, and community engagement. The location provides a safe and accessible environment for children, young people, and adults to benefit from future educational programmes.

2. **Fundraising and Resource Planning**

The charity has initiated a **fundraising campaign** to furnish and equip the Academy with the essential furniture, IT equipment, and educational materials required to commence operations. Trustees are also engaging with local supporters, donors, and businesses to secure both financial and in-kind contributions.

3. **Programme Design and Curriculum Development**

Work is underway to design and develop **educational and training programmes** focused on literacy, digital skills, and personal development, with a special emphasis on education that is both high in quality and rooted in purpose. Initial pilot sessions are planned for the upcoming year.

4. **Volunteer and Staff Recruitment**

E.Q.P is in the process of **recruiting volunteers, teachers, and mentors** who share its educational values. The charity is also developing induction and safeguarding training to ensure all participants work within a safe and structured environment.

5. **Policy and Governance Framework**

Trustees have begun implementing essential **governance policies** including safeguarding, financial management, and health & safety. This will ensure that once operational, the charity maintains full compliance with Charity Commission and local authority standards.

6. **Community Partnerships and Outreach**

The charity has started building relationships with **local schools, mosques, and community organisations** to promote collaboration and awareness of the upcoming programmes. These partnerships will be key to delivering inclusive and accessible educational opportunities.

**Brief statement of the charity's policy on reserves****Policy on Reserves**

The trustees of **E.Q.P (Education based on Quality & Purpose)** aim to maintain a prudent level of reserves to ensure the charity can continue its activities in the event of unforeseen circumstances or interruptions to income.

As the charity is in its early stages, **no significant reserves have yet been accumulated.** However, it is the trustees' policy to build and maintain a **minimum reserve equivalent to three months' operating costs** once the charity becomes fully operational. This reserve will provide stability, cover essential expenses, and allow E.Q.P to meet its ongoing commitments to beneficiaries, staff, and suppliers.

Reserves will be reviewed annually by the trustees as part of the financial planning process to ensure they remain appropriate to the scale and nature of the charity's activities. Any surplus funds beyond the required reserve will be applied directly to advancing the charity's educational and community objectives.

**Details of any funds materially in deficit****Details of Any Funds Materially in Deficit**

At the date of this report, **no funds of the charity are materially in deficit.**

E.Q.P (Education based on Quality & Purpose) is in its early development stage and continues to manage its finances prudently. Any short-term operational expenses incurred for the setup of **EQP Academy** are being met through donations and trustee contributions.

The trustees regularly monitor the charity's financial position to ensure sustainability and confirm that no commitments have been made beyond the charity's available or expected resources.

**Further financial review details (Optional information)**

You **may choose** to include additional information, where relevant about:

- the charity's principal sources of funds (including any fundraising);
- how expenditure has supported the key objectives of the charity;
- investment policy and objectives including any ethical investment policy adopted.

**Further Financial Review Details****Principal Sources of Funds**

During the year, **E.Q.P (Education based on Quality & Purpose)** has been primarily funded through **voluntary donations from trustees, supporters, and members of the local community.**

Additional fundraising initiatives have been launched to support the **setup and furnishing of the new EQP Academy premises in Peterborough**, including the purchase of educational furniture, IT equipment, and learning materials.

The charity continues to explore **grants and community funding opportunities** from educational and faith-based foundations that support learning, youth development, and community empowerment.

**How Expenditure Has Supported Key Objectives**

All expenditure during the year has been directly related to establishing the charity's educational base and preparing for the launch of its programmes.

Key spending areas included:

- **Securing and maintaining the Academy premises**, ensuring it meets health, safety, and accessibility standards.
- **Initial setup costs**, such as basic utilities, legal documentation, and compliance.
- **Fundraising and promotional materials** to raise awareness of E.Q.P's mission.
- **Administrative expenses**, all kept to a minimum and overseen by trustees to ensure maximum value for charitable purposes.

These expenditures directly support the charity’s core objective — to advance education and provide facilities that promote quality and purpose-driven learning opportunities for children, young people, and the wider community.

**Investment Policy and Objectives**

As a newly established charity, **E.Q.P does not currently hold surplus funds for investment.**

The trustees’ long-term policy is to adopt a **conservative and ethical investment approach** in line with the charity’s values, ensuring that any future investments:

- Are **low-risk and ethically sound**, avoiding sectors inconsistent with the charity’s moral and educational aims.
- Provide a **modest but stable return** to safeguard the charity’s sustainability and future programmes.
- Are reviewed annually to ensure ongoing compliance with both financial and ethical standards.
