1. Structure, Governance & Management

The Living Hope is a registered, incorporated charity governed by a written constitution. Trustees are appointed through community connections and invitation based on relevant experience or lived values. The charity is managed by the trustees, who meet regularly to oversee the charity's direction, assess impact, and ensure financial responsibility.

2. Objectives & Activities

Charitable Objective:

The prevention or relief of poverty in Herefordshire by:

- Providing emergency and transitional accommodation
- Supporting individuals moving on from temporary housing
- Offering items and services to individuals and organisations working to relieve poverty

3. Achievements & Performance

In response to local needs identified at the Hereford Homelessness Forum, The Living Hope launched **The Living Hope Hub**, a winter outreach project providing hot meals and wraparound care to the rough sleeping community.

Key Stats: - Operated daily (Dec 11, 2023 – March 24, 2024)

- **1,176 hot meals** served
- Volunteers provided not only meals but also clothing, crisis support, referral guidance, and human connection
- Built key partnerships with local churches, restaurants, agencies, and councils

This project revealed the need for a permanent, stable environment to offer long-term care and transition services. While an initial concept for a **Living Hope Centre** was explored,

the charity secured an even more suitable solution: **The Living Hope House**, a dedicated residential and support property.

On 18 October 2024, **Green Pastures** purchased the property that would become *The Living Hope House* on behalf of the charity. This was established under a lease agreement, enabling The Living Hope to license tenants and claim enhanced housing benefit for support services. Although no tenants were placed in this reporting period, significant renovation and preparation work began to make the property safe, welcoming, and compliant for future use.

4. Financial Review

Total Income: £17,082

Total Expenditure: £3,048

Year-End Balance: £14,034

Restricted vs General Funds:

The winter outreach initiative was modestly funded. The majority of revenue generated during the period was intended to support the acquisition and development of a permanent property. This vision has been fulfilled with the securing of *The Living Hope House*, which aligns directly with the charity's long-term mission.

While a concept for a community-facing centre was considered, it was not pursued further once the House was secured. Although tenant occupancy had not yet commenced within this reporting period, funds were used for preparatory works including renovation, health and safety improvements, and operational planning.

Reserves Policy:

The charity maintains sufficient unrestricted reserves to support the setup, furnishing, and operation of The Living Hope House. Target reserve = 6 months operational overheads.

5. Custodian Trustee Status

The Living Hope does not act as custodian trustee for any other charities or funds.

6. Declaration

This report was approved by the Board of Trustees on 2nd Sept 2025 and signed on their behalf by:
