Let's Learn contacted local high schools in the Redhill, Surrey, area and found difficulty in making contact with the appropriate decision makers. To assist our understanding of the tutoring market, a consultant was employed to make the relevant school contacts and advise on how the charity may identify appropriate students and schools for tutoring in the future.

To gain awareness in the market, Let's Learn placed posters in Redhill shopping areas and advertisements in local community websites local online magazines and met with community groups.

Policies

The following policies were developed;

1. Anti-slavery and Human Trafficking
2. Data Protection
3. Health and Safety
4. Safeguarding

One of the trustees undertook a Safeguarding course to gain a better understanding of best practices when working with children and young people.

In conclusion

The first financial year of Let's Learn saw a lot of the building blocks put in place for it to become a viable charity.
