Inspired by Greatness

Kashmir Welfare Foundation embarked on its mission with a deep commitment to **alleviating poverty and enhancing living standards**, with a special emphasis on healthcare and education.

This noble initiative was spearheaded by a dedicated group of Kashmiris, united by a common vision to effect positive change. Their goal extends beyond immediate relief; they aspire to champion **sustainable development projects** that elevate the global presence of Kashmir, boost its economic output and tackle the root causes of poverty.

Our Mission Statement

To empower communities in Pakistan and Kashmir at a grassroots level through sustainable holistic development and alleviating socio-economic challenges by providing free skills training and education, quality healthcare, and assisting families in creating sources of income.

Our Vision

We envision a future where the communities in the region flourish with dignity, resilience, and shared prosperity. We aspire to be catalysts for positive change, working towards a Kashmir where every individual has access to sustainable quality education, healthcare, and socio-economic opportunities.

Driven by Excellence

A Note from the chair

On behalf of the entire team at Kashmir Welfare Foundation, I want to personally extend my deepest thanks to all of you for your unwavering support throughout this year. As many of you know, the first year for any charity can be **incredibly challenging**, but thanks to your generosity and the tireless efforts of our team on the ground, we've been able to overcome these challenges and **successfully complete our projects** with the care and attention they deserve.

From the outset, our mission has been clear: **to reach those most in need**, regardless of the obstacles. Alhamdulillah, I can proudly say that our dedicated team has ventured into areas facing **rough terrains, treacherous paths, and even freezing temperatures** to reach those that would otherwise never get help.

These are regions that require immense resilience and determination, but thanks to your donations and trust in our work, we've been able to deliver life-saving aid where it is needed most.

But none of this would be possible without your continued support. Your donations have allowed us to push beyond the limitations that often hold charities back. Thank you once again!

Ramadan Impacts

During the blessed month of Ramadan, your generous support enabled us to provide **hot Iftar meals to over 250 people each day**. Our Iftar meals project focused on reaching the poorest and most vulnerable in society. We traveled to the hardest-to-reach areas, deep in the valleys and high up on mountain tops, to ensure that food reached those most in need.

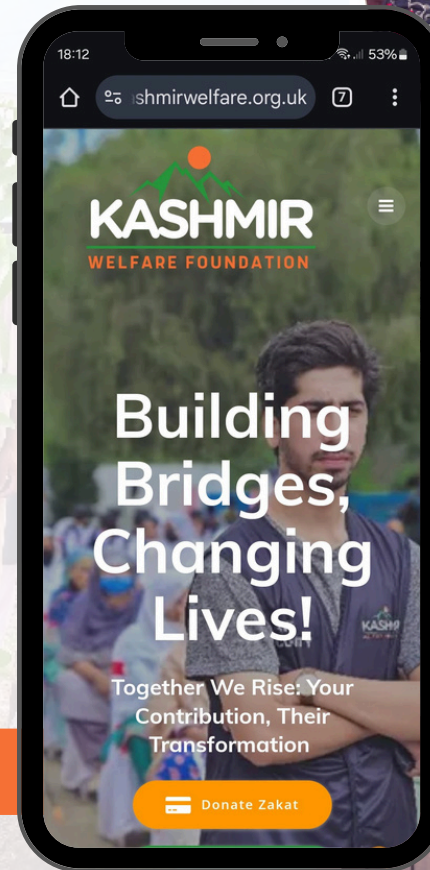

Poverty is widespread in many parts of Kashmir, largely due to the scarcity of jobs and income sources, leaving many families **struggling to make ends meet**. Thanks to your donations, we were able to bring relief and nourishment to those who need it most.

Additionally, our monthly ration packs designed to sustain a family of six for an entire month, providing essential ingredients like **spices, flour, rice, lentils, and butter or ghee**, ensuring they can prepare nutritious meals.

However, our vision extends beyond providing short-term relief. We believe no family should remain dependent on donations. That's why we are committed to long-term solutions. This Ramadan alone, we've supported over **20 people in starting their own businesses**, empowering them to break free from the cycle of poverty and secure a stable future.

Achievement In Numbers

During Ramadan, we were able to provide an incredible 15,000 Iftar meals, offering nourishing dishes such as Chicken or Lamb Rice, Chicken Curry, Rotis, and refreshing drinks like water, juice, or sherbet. In addition to this, 500 monthly ration packs were distributed, each one sufficient to feed a family of six. We also hosted a special Eid party at Kotli School, where over 500 children were gifted with games, books, stationery, and other study aids to support their education and bring joy to their celebration.

The Journey so far ...

DADYAL & MIRPUR

 **June 24**

350 monthly ration packs were distributed in Chakswari, Dadyal, and Mirpur City. These packs provide a lifeline to struggling families, ensuring access to essential items and nutritious meals during difficult times.

Motivated by Achievement

Kashmir Welfare Foundation's primary focus is on **education and healthcare**, recognising the significant challenges facing Azad Kashmir in these areas. The region's rugged landscape and widespread poverty often **hinder access to essential services**.

True to our mission, we are committed to **reaching the most remote and underserved communities**, even if it means navigating dangerous mountain paths and deep valleys. Our dedication to supporting those most in need drives us to overcome these obstacles, ensuring that no one is left behind. We are on a mission to **bring lasting change**, and we work tirelessly to achieve these goals.

Let's make a difference together!

We are always looking for passionate individuals to lead fundraising events within their communities, among friends, or even at business gatherings. These events are vital to our organisation's fundraising efforts, as we rely on the strength of our networks to achieve our goals.

Whether it's a bake sale, charity auction, or gala dinner, every effort plays a crucial role in enabling us to continue supporting those in need. Your involvement can truly make a lasting impact, helping us extend our reach and create positive change. Together, we can achieve so much more!

We are on this journey together

While words can't fully capture how far we've come since we began, we want to extend our heartfelt thanks to you for being an integral part of this journey!

Moving Forward ...

Bright Minds Academy

Many areas in Azad Kashmir remain without adequate schools or educational facilities, leaving children without access to the learning opportunities they deserve. We have identified four key locations where we aim to start building schools, bringing education to those who need it most.

We believe that education is the most powerful tool to break the cycle of poverty, and we are committed to long-term, sustainable projects that will create lasting change. To achieve this, we need your support. Together, we can build schools and provide the resources necessary to uplift these communities and create a brighter future for generations to come.

Neelum Valley Hospital

Neelum Valley urgently requires a well-equipped hospital to manage medical emergencies and provide specialized gynecology care. For too long, the region has suffered from inadequate healthcare, leaving residents vulnerable during critical times.

Alhamdulillah, our team has begun the essential work of establishing a 12-bed hospital in the area. This facility will serve as a vital resource for the community, offering essential medical services and improving access to much-needed healthcare. With your support, we aim to create a lasting impact on the health and well-being of Neelum Valley.

Mobile Hospital Unit

Azad Kashmir urgently needs a mobile hospital capable of navigating its rugged terrain and steep mountain inclines. This cutting-edge mobile unit will be fully equipped with X-ray machines, ultrasound scanners, a blood test lab, and other vital medical tools, delivering essential healthcare services directly to remote communities.

With your support, we can provide life-saving care to those who lack access to traditional hospitals. Together, we can ensure that critical medical services reach the most isolated and vulnerable areas, improving health and saving lives across Azad Kashmir. This unit will also contain a pharmacy.

These projects wouldn't be possible without your generous support. Independent Examiner's Report to the Trustees of KASHMIR WELFARE FOUNDATION

I report on the accounts of the charity for the year ended 31 March 2025 which are set out on the next pages.

Respective responsibilities of trustees and examiner

The charity's trustees are responsible for the preparation of the accounts. The charity trustees consider that an audit is not required for this year under section 144 of the Charity Act 2011 (the Charity Act). It is my responsibility to:

- examine the accounts under section 145 of the Charities Act;
- follow the procedures laid down in the general Directions given by the Charity Commission (under section 145(5)(b) of the Charity Act), and
- to state whether particular matters have come to my attention

Basis of independent examiner's statement

My examination was carried out in accordance with general Directions given by the Charity Commission. An examination includes a review of the accounting records kept by the organisation and a comparison of the accounts presented with those records. It also includes consideration of any unusual items or disclosures in the accounts, and seeks explanations from you as trustees concerning any such matters. The procedures undertaken do not provide all the evidence that would be required in an audit, and consequently no opinion is given as to whether the accounts present a "true and fair view" and the report is limited to those matters set out in the statement below.

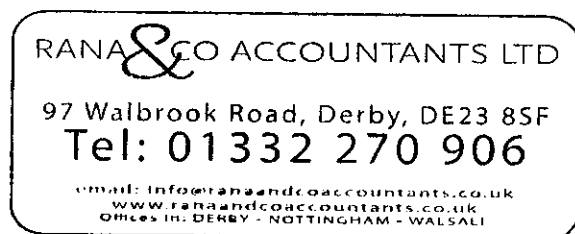

Independent examiner's statement

In the course of my examination, no material matters has come to my attention:

1 which gives me reasonable cause to believe that in any material respect, the requirements

- to keep accounting records were not kept in accordance with section 130 of the Charities Act or
- to prepare accounts which accord with the accounting records and comply with the accounting requirement of the Charities Act have not been met, or

2 to which, in my opinion, attention should be drawn in order to enable a proper understanding of the accounts to be reached
