- The mosque benefits approximately 300 people daily from the local community and travellers.

Nigeria – Community Mosque (2025):

- In 2025, Al-Firdous supported the construction of a community mosque in Nigeria.
- The mosque was built to serve the whole community for Ramadan and year-round use, benefiting local residents as a place of worship, learning, and community gathering.
- The masjid serves a small local community. The wider area has an estimated population of approximately 8,000–10,000 people, while the immediate area surrounding the masjid has a lower population density.
- Based on this, the Trustees estimate that the masjid regularly serves approximately 500 individuals, with higher attendance during Jumu'ah prayers, Ramadan, and key community events.
