4. Elites Kingdom Builders were heavily involved in the 2025 activity in Ghent, Belgium, gathering women from the United Kingdom, France, Belgium, and Austria in person to reflect, change experiences, and be equipped to face the day-to-day challenges they face as women.

The gathering took place in a hired location, which was covered by Elite Kingdom Builders (EKB), from Friday, 22nd November 2024, to Sunday, 24th November 2024, to train and equip women based on the rejection they face within the BAME communities and empowering others with knowledge to maximize their potential within their communities.

Activities:

- a. First Aid training: The session was covered by Rachel Lubikamba, a qualified Nurse from the UK, who the EKB invited to train women and equip them with the knowledge of First Aid.
- b. Educational: The session was covered by Joanna Mafuata, a qualified secondary school teacher in the UK, who talked about the education system within the UK and Europe, where many women and mothers do not possess information, especially within the BAME communities, and how to orient their children when choosing subjects for their GCSE, College, or Higher Education.
- c. Mental Health session: This was covered by Nurse Rachel Lubikamba and Pastor Destiny – Monique, talking about the cause of what kills women silently, i.e., Menopause, brain fogs, and who to contact.
