Activities

Objects: THE RELIEF OF SICKNESS AND THE PRESERVATION OF HEALTH OF THOSE DIAGNOSED WITH CANCER BY• PROMOTING RESEARCH FOR THE PUBLIC BENEFIT IN ASPECTS OF CANCER TREATMENT AND PUBLISHING THE USEFUL RESULTS• PROVIDING GRANTS TO SUPPORT OTHER BODIES OR TO INDIVIDUALS TO SUPPORT THE DELIVERY OF THE ORGANISATIONS PURPOSES

Activities: CP4CT advances cancer care by supporting research into charged particle technologies (proton and ion beam therapy). We unite physics, engineering and medicine to develop and translate innovations, build partnerships and facilities, and share training and evidence - so precise, personalised treatments reach patients sooner.

Classification

- **How:** Makes Grants To Organisations, Provides Advocacy/advice/information, Sponsors Or Undertakes Research
- **What:** General Charitable Purposes, Education/training, The Advancement Of Health Or Saving Of Lives, Disability
- **Who:** Other Defined Groups

Geography

- Northern Ireland
- Scotland
- Throughout England And Wales

Accounts

Charged Particles for Cancer Therapy (CP4CT)

Annual report to Charity Commission 2024- 2025

Charity Name: Charged Particles for Cancer Therapy (CP4CT)

Charity Number: 1207617

Mission: To advance cancer treatment through innovative research and advocacy, focusing on particle-beam therapy and multidisciplinary collaboration.

Purpose and Objectives

CP4CT is committed to improving cancer care by promoting research into advanced radiotherapy techniques, particularly proton and ion-beam therapy. These approaches deliver radiation more precisely to tumours, reducing side effects and improving outcomes. Our objectives include:

- Supporting research and development of cutting-edge technologies.
- Educating the public and professionals about particle therapy.
- Advocating for equitable access to advanced cancer treatments.

Main achievements

The first year of the charity has been devoted to developing a communication/advocacy and public engagement programme. This has included developing a website and undertaking work with researchers and stakeholders.

1. Advocacy and Communication

- **Policy Engagement:** CP4CT actively contributes to national cancer policy discussions, including through the All-Party Parliamentary Group on Radiotherapy.
- **Public Awareness:** Delivered targeted communication strategies via **Instagram, Facebook, and Linktree**, delivered via: [LhARA | Instagram, Facebook | Linktree](#). Ensuring accessible information for patients and stakeholders.
- **Events:** Featured in exhibitions (Great Exhibition Road Festival and visit to Imperial College of President Macron and the UK science minister) to raise awareness of particle therapy's potential to improve outcomes for cancer patients.

2. Education and Outreach

- **LhARA Initiative:** CP4CT supports the **Laser-hybrid Accelerator for Radiobiological Applications (LhARA)**, a pioneering project combining physics and biology to revolutionize cancer treatment.
 - **Educational Content:** Published resources such as “*The LhARA initiative; how physics can guide biology to deliver better cancer care*”. [PPD The LhARA initiative; how physics can guide biology to deliver better cancer care](#)
 - **Website and Social Media:** Developed and maintained platforms to share scientific progress and patient-focused content.
- **Professional Engagement:** Collaborated with research bodies (Imperial College, STFC) and industry partners to advance radiobiology and accelerator science.

3. Impact and Future Plans

- Secured donations and funding for communication strategies and patient engagement programs.
- Strengthened partnerships with academic, clinical, and industrial stakeholders.
- Future focus: Expand educational outreach, develop patient engagement groups, and accelerate research into compact, cost-effective particle therapy systems.

Future Plans

In the upcoming year we plan to build on our income generation and develop partnerships to further our aims.

Accounts 26.03.2024 – 05.04.2025

Income & Expenditure 26.03.2024 – 05.04.2025

Date	Item	Payment Type	Amount	Balance	Total
Bank Account - 26.03.2024 - 05.04.2025					
05.01.2025	Charge - Capitalise Monthly Account Fee	Others	£ 5.00	£ 95.01	£ 15.00
17.02.2025	Charge - Capitalise Monthly Account Fee	Others	£ 5.00	£ 90.01	
17.03.2025	Charge - Capitalise Monthly Account Fee	Others	£ 5.00	£ 85.01
