Achievements and Performance

	SORP reference	
Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.	Para 1.20	During the year, the charity delivered a programme of musical rehearsals and performances in furtherance of its charitable objects. These activities provided performers with opportunities to develop their musical skills and gain experience through public performance in a supportive and structured environment. The charity's work also provided clear public benefit to the wider community by offering access to high-quality live music. To ensure inclusivity and accessibility, the charity offered free tickets at every performance to individuals with limited financial resources, helping to reduce barriers to participation in cultural activities. The trustees consider that the charity's activities during the year contributed positively to cultural life and community wellbeing and were carried out for the public benefit in line with Charity Commission guidance.

Financial Review

Review of the charity's financial position at the end of the period	Para 1.21	At the end of the financial period, the charity held cash reserves of £585.88, all of which were held in unrestricted funds. The trustees consider this level of reserves to be sufficient to meet the charity's short-term commitments and ongoing operational needs. During the year, the charity's income was primarily derived from grants, donations and performance-related income, and expenditure was mainly incurred in delivering the charity's musical activities, including performer fees, venue hire and associated costs. The trustees continue to monitor the charity's financial position carefully to ensure that resources are managed prudently and in support of the charity's objectives.
