TRUSTEE REPORT

FOR THE YEAR ENDED 21ST FEBRUARY 2025

The trustees present their annual report and financial statement for the year ended 21st February 2025.

Objectives and activities

The trustees are aware of the Charity Commission's guidance on public benefit in the Advancement of Religion and have had regard to it in their administration of the charity.

The trustees believe that by further advancement of the Christian faith, and by supporting individuals in dire need, the charity can provide a benefit to the public by:

- Taking the gospel where people who may never step foot into a Church are.
- Working with our local Churches to encourage more people to reach out to those outside the Church.
- Providing relief for the poor and needy to meet various needs.

The Charity's primary objectives are:

To advance the Christian religion in East Grinstead, the surrounding areas and the nation by:

- Taking the message of the gospel to people everywhere they may be eg hospitals, prisons, streets
- Public preaching of the gospel in small and large gatherings and outreaches.
- Public celebration of religious festivals.
- Holding prayer meetings and Bible studies.
- Distribution of Christian literature free of charge to all.

Principal Activities

- Being present in the town centre to provide a source of Christian information, education and help to all.
- The management of all activities relating to the day to day operation of the charity by trustees and volunteers.

The charity has had opportunities to provide interventions for individuals in dire need with no support. Thousands of Christian literature in form of gospel tracts have been distributed door to door. The aim is to reach individuals who may be housebound, disabled or incapacitated, and give them an opportunity to be reconciled to God through Jesus Christ the Lord and Saviour.

The charity depended solely on voluntary donations from her trustees to meet operational costs and donate to individuals where appropriate.

Achievements and Performance.

Activities

Over the past year, Mercy & Grace For All has worked on the high street of East Grinstead several days a week having conversations with individuals or groups of people. Some of these conversations have brought desirable fruit as some people have encountered God and given their lives to Jesus for the first time.

Some who had become slack in their faith got reconnected back to God, through passionate ministration in song, and are now settled in a local Church.

Through contacts made on the streets the charity was able to rescue a young man who had become homeless and desperate. Mercy & Grace For All seeks to explore avenues of connecting such individuals to further help to establish them back on their feet, while attending to their immediate need. The individual was put up in a hotel for a couple of days and given breakfast. He said, for the first time in a long time, he felt loved and valued. He believes that God spoke to him on his first night in the hotel. Now he has surrendered his life to Jesus and working towards a desirable future. Mercy & Grace For All knows fully well, the power of prayer and corresponding action where needed.

Our mission is to take the responsibility to ensure that everyone has a chance to hear the full gospel of our Lord Jesus Christ, encounter the love of God and to make a decision about Jesus Christ for themselves.

For us at Mercy & Grace For All, the solution to the epidemic of the mental health disorders and significant confusion over what is right or wrong, among our young people particularly, can be addressed spiritually by redirecting individuals to discover their God given purpose and life's meaning. Over this period, Mercy & Grace For All has led up to 10 young people to pray the prayer of repentance and faith in Jesus Christ.

Mercy & Grace For All reaches out to people far and near. Last winter, we were contacted by a pensioner living hours away from East Grinstead. He was suffering from excessive cold as he could not afford to heat up his flat. Mercy & Grace For All was able to provide two oil heaters to alleviate the suffering. He is ever grateful and has continued to keep in touch.

Staffing and Volunteers

Mercy & Grace For All has no employees and currently relies on her trustees and volunteers to carry out her duties. There are 5 trustees and 2 volunteers. An individual who was impacted by the ministry of Mercy & Grace For All has committed himself to establish a website for the charity free of charge.

Financial review

The charity received a total income of £1000 during the year ended 21st February 2025 as donation, being the first financial year. £165 was used for printing of banners, and advertising, £104.97 for the purchase of portable equipment for setting up on the streets, £249.98 for

purchase of oil heaters (as grant), and £101.97 for hotel accommodation and £30.50 was used to purchase a copy of the Holy Bible for a new convert. This makes a total expenditure of £652.42.

The closing balance on the accounts for this period was £347.58

Plans for future periods

Our core objective continues to be the spreading of the good news of salvation, healing, freedom, and restoration of human dignity through the knowledge of Jesus Christ as Lord and Saviour.

We hope to see more individuals saved, disciplined and established in the local Church. Mercy & Grace For All will intensify efforts to preach the gospel and make disciples in collaboration with the local Churches and other charitable organisations with a similar vision to reach the lost through prayer and evangelism.

Mercy & Grace For All looks to substantiate her efforts and engage more volunteers and possibly have an employee who would be on ground to help in the administrative tasks of the charity for its smooth operation.

Risk Management

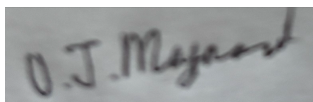

The trustees have assessed the major risks to which the charity is exposed, and are satisfied that systems are in place to mitigate exposure to the major risks.

The trustees have a risk management strategy that comprises:

- an annual review of the risks that the CIO might face
- the establishment of systems and procedures to mitigate those risks identified in the plan,
- the implementation of procedures designed to minimise any potential impact on the CIO should those risks arise.
