DEAF REACH

Report of the Trustees

for the 16 months ended 31 August 2025

The trustees present their report with the financial statements of the charity for the period ended 31st August 2025. The trustees have adopted the provisions of Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019).

INTRODUCTION BY THE CHAIRMAN OF THE BOARD OF TRUSTEES

In May 2024, DeafReach, because of the substantial growth in its work as a result of a merger with the charity Sensory Impairment Globally, Nationally and Locally (hereafter SIGNAL) changed its formal status from a charitable trust (Charity No. 262962) to a Charitable Incorporated Organisation (CIO) (Charity No. 1208167). As there have been a number of such mergers since the founding of the original charity in 1971, it is appropriate to record the history of these actions which have led to today's mission strategy.

AN HISTORICAL NOTE

Charitable organisations involved with DeafReach since its formation in 1971:

- The Richmond Charitable Trust, later DeafReach - Charity No: 262962 (closed)
- Sense – Charity No: 289868, and Sense International – Charity No: 1076497
- The Woodford Foundation, later Signal - Charity No: 1105958 (closed)
- The Shropshire Christian Association with Deaf People – Charity No: 1028312 (closed)
- Signal - Charity No. 1151615 Company No: 08451864 (closed)
- SignHealth – Charity No. 1011056
- Aurora - Charity No: 1163339 (closed)

DeafReach started life in 1971 as The Richmond Charitable Trust. It was established by Joan Mackinnon to make grants to deaf and deafblind children and adults across the UK towards toys, equipment and leisure pursuits that could not be funded by the state. The trust's income was exhausted in 2016, but rather than close down, the trustees decided on a new venture in Africa when the charity became DeafReach.

The inspiration behind DeafReach came first when Sense, The National Deafblind and Rubella Association, challenged by a number of developing world countries through its world network,

Deafblind International, established Sense International in 1996. Three retired Sense alumni decided to extend its work in Africa and set up The Woodford Foundation in the early 2000s. This new charity operated out of Shrewsbury and during the early 2010s merged with The Shropshire Christian Association with Deaf People, thus adding UK services to its work. At this time it changed its name to Signal.

Concurrently with this development, the UK charity, SignHealth, decided to develop an international arm and established an office in Kampala, Uganda in 2009. This proved to be a very successful operation but financial pressures in 2015–16 forced the charity to put an end to its international work, as a result of which DeafReach assumed responsibility for supporting SignHealth Uganda.

In the early 2020s, the trustees of Signal sought a merger with DeafReach. This was successful and DeafReach took over two substantial six-figure contracts in Malawi and Uganda. As a result, it changed its formal status from charitable trust to CIO.

Finally, at about the same time, another charity, Aurora, working in Burundi and Rwanda, sought a merger which took place in 2021.

The upshot of these mergers has meant that DeafReach now has partners in Burundi, Democratic Republic of Congo, Malawi, Rwanda, Tanzania, Uganda and Zambia. It also is able to offer services in the UK, although there are none at the time of writing, as the major loneliness programme offered in Shropshire as a result of a successful bid to the UK National Lottery has now come to an end.

FINANCIAL REVIEW

Principal Funding Sources

As a result of the transfer of Signal's assets during the year, DeafReach's income includes income from three major grant makers. We continue to be grateful to these trusts, Comic Relief, True Colours Trust and the Rangoonwala Foundation. In addition to this, as in prior years, the remainder of DeafReach's income has again come from its trustees, members and supporters, together with the resulting Gift Aid.

Going Concern

After making appropriate enquiries, the trustees have a reasonable expectation that the Charity has adequate resources to continue in operational existence for the foreseeable future. For this reason, they continue to adopt the Going Concern basis in preparing the financial statements. Further details regarding the adoption of the Going Concern basis can be found in the Accounting Policies.

Investment Policy and Objectives

With little in the way of reserves, and with returns currently so low, the trustees have not felt it necessary to consider an Investment Policy. We hope for an amelioration in both aspects in the years to come.

Reserves Policy

The trustees have established a Reserves Policy to ensure the charity's long-term financial stability and to enable it to meet its obligations as they fall due. In line with the charities SORP (FRS 102), the trustees have reviewed the level of reserves required to safeguard the charity's operations.

The policy is to maintain unrestricted reserves equivalent to approximately three months' average expenditure. This level is considered sufficient to:

- Provide working capital to support ongoing activities.
- Allow for the continuation of charitable services in the event of income shortfalls; and
- Meet any unforeseen expenditure or liabilities that may arise.

At the Balance Sheet date, unrestricted reserves stood at £118,292, which represents approximately 40 months of average expenditure. The trustees consider this level to be in line with the stated policy.

The Reserves Position and Policy are reviewed annually by the trustees to ensure they remain appropriate in the light of the charity's size, activities, and financial risk profile.

STRUCTURE, GOVERNANCE AND MANAGEMENT

Governing document

The charity is controlled by its governing document, its constitution.

Recruitment and appointment of new trustees

DeafReach is a Charitable Incorporated Organisation using the Foundation model according to which its Trustees are its only members, its charity number is 1208167 (England & Wales). It is governed by the Board of Trustees under its constitution, dated 10th April 2024.

Trustees are appointed on the basis of a declared wish to contribute positively to the work of the charity and in order to provide the Board with the necessary professional, business and compliance expertise.

Organisational Structure

The Board of Trustees employs a small management team which makes day to day operational decisions. Dedicated volunteers support various functions within DeafReach.

Induction and Training of New Trustees

The Trustees' Induction Policy ensures that the trustees have adequate knowledge of their duties and responsibilities. The Board meets at least three times a year. None of the trustees has any beneficial interest in the charity.

Key Management Remuneration

The remuneration of senior staff is discussed and reviewed by the Board of Trustees.

Risk Management

The trustees have assessed the major risks to which the charity is exposed as part of its major strategic review and a formal Risk Register is to be produced.

Plans for Future Periods

The charity is currently undertaking a major Strategic Review. As part of this process a Fundraising and Organisational Workshop has been organised for early in 2026.

OBJECTIVES & ACTIVITIES

Aims and objectives

DeafReach exists to empower deaf & deafblind children and young people in Sub-Saharan Africa through access to education, skills, and employment.

Our main activities fit under the following areas of work:

- Deaf education and inclusion.
- Employment, skills training, and enterprise support for deaf young people.
- Supporting parents and communities with sign language and awareness.
- Strengthening deaf organisations and alliances.

Public Benefit

The Trustees confirm that they have complied with the requirements of Section 17 of the Charities Act 2011 to have due regard to the Charity Commission's guidance on public benefit.

Achievements and Performance

By country:

Uganda

Partner: SignHealth Uganda

Current project - Strengthening Uganda Deaf Action in West Nile

Two-Year Summary (2023–2025)

Supporting deaf children and young people (DYP), strengthening families, and building capacity among duty bearers for deaf inclusion.

So far, through this project we:

- Reached over 2,900 deaf children and youth through enrolment drives, child-to-child activities, awareness and training.
- Over 300 DYP trained in life skills, financial literacy, leadership, and income generating activities.
- Facilitated start up of small enterprise e.g., baking, tailoring, gardening via Deaf Young People groups.
- Savings groups in Nebbi, Arua, and Moyo shared out over £1,000 in savings per group.
- Over 150 DYP trained in SRH/HIV/AIDS awareness.
- Strengthened Parents Support Groups (PSGs) with more than 1,600 parents trained in sign language, savings, and income generating activities.
- Trained over 100 duty bearers (teachers, health workers, police, leaders) in sign language and deaf awareness.
- Established deaf-friendly services at Arua and Nebbi hospitals, with free office space for the project.
- DYP gained visibility through sports, arts, and advocacy.

Beneficiary numbers over the last two years (approx)

- 2,900 Deaf Children & Youth
- 1,600 Family Members
- 130 Teachers
- 1,000 Community Leaders/Duty Bearers

Next project: Skills Development Centre

We are planning to start a new initiative with SignHealth Uganda. This project, the Skills Development Centre, will give deaf young people the chance to gain practical, marketable skills that lead to employment, self-reliance, and greater inclusion in society. In its pilot phase, we plan to partner with St. Mark Deaf Ministries Uganda Limited in Kampala to run vocational courses in catering, cosmetology, trades, and life skills for 75 young people each year, while also providing communication training and outreach for parents and community leaders.

Over time, the learning from this pilot will shape and strengthen our case for a permanent, purpose-built training centre. The long-term vision is a SignHealth Uganda owned facility in Kampala, is offering accredited vocational training, space for innovation, and a sustainability model built on modest fees, product sales, and partnerships. This phased approach will allow us to begin supporting deaf young people immediately, while steadily building towards a centre that can serve as a flagship for deaf empowerment in Uganda.

Malawi

Partner: CCAP

Promoting Equal Access to Education in Malawi 2023-25

Through this project we: Worked with 70 primary schools across Kasungu and Nkhosakota districts in the central region of Malawi.

- Enrolled 3,589 children with disabilities into mainstream education.
- Improved grade progression rates from 31% (project baseline, 2017) to 72% (2025).
- Trained 1,000+ teachers in inclusive education, including 28 advanced mentors who continue to support peers.
- Established 70 Parent Support Groups (PSGs), many running savings schemes and income-generating activities.
- Enabled community ownership, with local community leaders enforcing by-laws to keep children with disabilities in school.

The project ended in early 2025, and DeafReach is not currently running an active programme in Malawi. However, the local foundations built there leave an opportunity for future re-engagement and investment in inclusive education. CCAP are actively seeking new partnerships and funding to continue the work.

Burundi

Partners: APEES, Karurama School for the Deaf and ARB

Karurama School for the Deaf, Cibitoke

Supported the completion and expansion of the school, including completion of the main classroom block, a toilet block, a kitchen/canteen, and most recently a dormitory for 50 deaf children, enabling access for those who live too far to commute daily. This has made the school an inclusive reference school for deaf education in Burundi.

Vocational training in Bujumbura with ARB

Supported deaf women to gain practical skills and prepare for employment, including small-scale enterprise development. Plans are underway to align this work with the Skills Development Centre in Uganda to share learning and models of sustainability.

Child sponsorship via APEES

Provided school fees, uniforms, and boarding support for vulnerable deaf children through the national parent support group. This has enabled continuity of education for children who would otherwise be excluded.

DeafReach's work in Burundi is led by our trustee, Chris Kubwimana, and has made significant contributions to both infrastructure and direct support for deaf learners.

Rwanda

Partners: Friends of Handicap in Rwanda (FHR), Nyabihu School for the Deaf, Deaf Education Alliance Rwanda (DEAR).

We support three (soon to be four) deaf schools, including Nyabihu School for the Deaf, Umutara Deaf School, and Kayonza DeafBlind School.

Nyabihu School for the Deaf

At Nyabihu School for the Deaf, 60 learners are enrolled; 14 recently completed national Primary Leaving Examinations; recent reports show progress on staff retention, nutrition programmes, and new classrooms.

Friends of Handicap in Rwanda (FHR)

At FHR schools, over 350 children receive inclusive education and vocational training at Umutara Deaf School.

Recent construction work at Kayonza DeafBlind School will significantly expand its specialist facilities.

FHR has also acquired a new facility in Southern Rwanda, with plans to establish the country's first deaf secondary school.

Deaf Education Alliance Rwanda (DEAR)

We funded the DEAR yearly conference, bringing together 15+ organisations. Achievements include official recognition at district level, development of a national advocacy agenda, creation of a technical committee on inclusive education policy, and plans for a national exam marking framework for deaf learners.

DeafReach's partnerships in Rwanda has developed significantly since being the origin of the charity in its current form, combining direct school support with national-level advocacy.

Democratic Republic of the Congo

Partner: CENYESED (Centre Nguvu Yetu pour Enfants Sourds et Défavorisés).

At Hope Deafblind School, Goma, we supported the education of deaf and deafblind children, growing enrolment from 6 to 12 pupils and rehabilitating classrooms and playgrounds to provide a safe, adapted learning space.

We have delivered repeated rounds of food, school supplies, and essential items for children and staff during the M23 conflict. Repaired infrastructure damage (including the school roof) and replaced stolen equipment. DeafReach's support has helped CENYESED sustain education, vocational training, and emergency aid for deaf and deafblind children through a period of extreme insecurity. The situation in eastern DRC remains fragile, but there is a local commitment from CENYESED to expand inclusive education and vocational training.

FINALLY, THANK YOU

As always, we are immensely grateful to our friends and supporters who have enabled us to undertake all that we have done as a small, volunteer charity. A special mention to 4 donors who have made substantial contributions but who wish to remain anonymous. We would also wish to thank the following grant-makers for their support during the year:

- Bridgnorth Baptist Church
- Bridgnorth Rotary
- Mr Michael Chowen
- Comic Relief
- Firebrand
- Linton United Reformed Church
- The Rangoonwala Foundation
- True Colours Trust

The trustees' report was approved by the board of trustees and signed on its behalf by:

Deaf Reach
Independent Examiner's Report to the Trustees of Deaf Reach
For the Period 9 May 2024 to 31 August 2025

I report to the trustees on my examination of the accounts of Deaf Reach (the Trust) for the period ended 31 August 2025.

Responsibilities and Basis of Report

As the charity trustees of the Trust you are responsible for the preparation of the accounts in accordance with the requirements of the Charities Act 2011 ("the Act").

I report in respect of my examination of the Trust's accounts carried out under section 145 of the 2011 Act and in carrying out my examination, I have followed the applicable Directions given by the Charity Commission under section 145(5)(b) of the Act.

Independent Examiner's Statement

Since the Trust's gross income exceeded £250,000 your examiner must be a member of a body listed in section 145 of the 2011 Act. I confirm that I am qualified to undertake the examination because I am a member of The Institute of Chartered Accountants in England and Wales, which is one of the listed bodies.

I have completed my examination. I confirm that no material matters have come to my attention in connection with the examination giving me cause to believe that in any material respect:

1. accounting records were not kept in respect of the Trust as required by section 130 of the Act; or
2. the accounts do not accord with those records; or
3. the accounts do not comply with the applicable requirements concerning the form and contents of accounts set out in the Charities (Accounts and Reports) Regulations 2008 other than any requirement that the accounts give a 'true and fair view' which is not a matter considered as part of an independent examination.

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.

Deaf Reach
Notes to the Financial Statements
For the Period 9 May 2024 to 31 August 2025

1. General Information

Deaf Reach is a charitable incorporated organisation registered with the Charity Commission, registered charity number 1208167. The principal address is 31 Sutton Road, Shrewsbury, Shropshire, SY2 6DR.

2. Accounting Policies

2.1. Basis of Preparation of Financial Statements

The financial statements have been prepared in accordance with the Charities SORP (FRS 102) "Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019)", Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" and the Charities Act 2011.

The charity is a Public Benefit Entity as defined by FRS 102.

2.2. Incoming Resources

All income is recognised in the Statement of Financial Activities once the charity has entitlement to the funds, it is probable that the income will be received and the amount can be measured reliably.

2.3. Resources Expended

Liabilities are recognised as expenditure as soon as there is a legal or constructive obligation committing the charity to that expenditure, it is probable that a transfer of economic benefits will be required in settlement and the amount of the obligation can be measured reliably. Expenditure is accounted for on an accruals basis and has been classified under headings that aggregate all cost related to the category. Where costs cannot be directly attributed to particular headings they have been allocated to activities on a basis consistent with the use of resources.

Grants offered subject to conditions which have not been met at the year end date are noted as a commitment but not accrued as expenditure.

2.4. Cash and Cash Equivalents

Cash and cash equivalents are basic financial assets and include cash in hand and deposits held at call with banks, other short-term highly liquid investments that mature in no more than three months from the date of acquisition and are readily convertible to a known amount of cash with insignificant risk of change in value, and bank overdrafts.

3. Income from Donations and Legacies
