Review of the charity's financial position at the end of the period	Para 1.21	At the end of the financial year, the charity remains in a stable financial position. Total income for the period was £172,324, with total expenditure of £139,342. The closing balance of funds was £32,982. No significant liabilities are outstanding, and all commitments are being met as planned. Statement explaining the policy for holding reserves stating why they are held	Para 1.22	
Amount of reserves held	Para 1.22	
Reasons for holding zero reserves	Para 1.22	The charity does not currently hold any reserves due to its small scale of operations and reliance on regular incoming funds to meet ongoing expenses. All income received is used directly to support the charity's charitable activities within the same financial period. At present, the trustees consider this approach appropriate given the charity's funding model and cost structure. However, the trustees recognise the importance of building a reserve to strengthen the charity's financial resilience and are actively exploring ways to develop a reserves policy and set aside funds in future years as income allows.
