Achievements and Performance

	SORP reference	
Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.	Para 1.20	In September 2024, we delivered in-school hockey sessions to girls in 4 primary schools in Tower Hamlets, London, reaching 165 girls aged 8-10. The schools were selected on the basis that their pupil premium levels were higher than the national average, thereby increasing the opportunity for us to reach girls from low socio-economic backgrounds, who generally have less access to sport. The girls were very excited to have their own space and their own female coaches for school sport. We have developed trusted relationships with the schools, who are keen for us to return and deliver more sport. In October 2024, we ran a 1-day girls-only sports camp in Tower Hamlets. 34 girls aged 8-10 attended, and enjoyed 5 hours of activity, including football and hockey sessions, and a fun tug-of-war. As this was our first 'pilot' camp, we had to restrict numbers, but had a waiting list showing that demand is there for girls-only sports experiences. Additionally, girls that had not pre-registered turned up on the day, and were allowed to join in. The camp was free of charge, with all kit and equipment, and food provided, addressing barriers to sports participation. Coaching at Camp was led by an all-female coaching team, including inspirational female athletes. We included a 'Talk Time' element, to allow the girls to talk about their experiences and feelings around sport, and to ask questions of the female athletes. We additionally collected data using questionnaires, for parents and children, to inform future our operations. We have developed partnerships with local sports clubs to offer continued participation for girls after camp. 2 girls went on to join a hockey club as a result of their experience at camp. This club experience was a first for the girls and the family, and through this the girls have increased their levels of physical activity, improved their technical skills, as well as being welcomed into a club environment. By continuing to build on

		these partnerships, we are confident we can offer more girls and families the opportunity to be involved in regular physical activity, and to benefit from the social aspects of team sport.
