## **BARON DAVENPORT'S CHARITY CIO**

### **TRUSTEES' REPORT**

The Trustees present their report and the audited financial statements of the Charity for the 17 month period ended 31st December 2025.

Although the financial statements formally cover the 17 month period from 30th July 2024 to 31st December 2025, the Charity was not active until 1st July 2025. On that date, all assets and liabilities from Baron Davenport's Charity (registered charity number 217307) ("**BDC**") and Kate Wilson Oliver (registered charity number 217307-1) ("**KWO**") were transferred to the Charity. As a result, these financial statements reflect the Charity's activity for the 6 month operating period 1st July 2025 to 31st December 2025. The comparative figures shown relate to the 18 month period ended 30th June 2025, matching the final published results of BDC and its linked charity, KWO. For more details, see "Structure, governance and management" below and also note 2.

The financial statements have been prepared in accordance with the accounting policies set out in note 3 to the accounts and comply with its Constitution, the Charities Act 2011 and Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (effective from 1st January 2019).

#### **Introduction**

Mr Baron John Davenport (1868-1939) was the Chairman of Davenport's Brewery located in the centre of Birmingham. The Brewery was founded by his father in 1885. Baron was a public spirited man and established BDC with £100,000, consisting of £80,000 in shares in the Brewery and £20,000 in cash.

#### **Structure, governance and management**

BDC (registered charity number 217307) was founded by a Trust Deed dated 16th July 1930 and governed by a Charity Commission scheme dated 16th April 1998 (as altered by subsequent Charity Commission schemes and resolutions).

With effect from 3rd November 2020, the Trustees of BDC were also appointed Trustees of KWO (registered charity number 211968). On 25th November 2020, the Charity Commission consented to the Trustees' application for a Uniting Direction whereby BDC and KWO would be linked for accounting and administrative purposes under one registration (with KWO being registered under charity number 217307-1). KWO was governed by provisions of a deed poll dated 30th December 1940 (as altered by a Charity Commission scheme dated 6th January 2020 and subsequent resolution).

In order to facilitate the long term administration of both BDC and KWO, the Trustees of these charities, having worked closely with their legal advisers and accountants, decided that it was in the furtherance of the charitable purposes of the two charities and in the best interests of their potential beneficiaries to merge both charities into an incorporated structure with limited liability. Accordingly, on 30th July 2024, Baron Davenport's Charity CIO (registered charity number 1209342) (the "**Charity**" or "**CIO**") was registered with the Charity Commission with charitable purposes that encompassed the purposes of BDC and KWO with some modernisations and small amendments.

On 18th December 2024, the Charity Commission granted approval under section 280A of the Charities Act 2011 to the Trustees of BDC to make certain changes to the terms of its trusts so that they were fully aligned with the terms of the CIO's Constitution and these changes were subsequently formally adopted by Trustees' resolution dated 29th January 2025.

Also on 18th December 2024, under section 105 of the Charities Act 2011, the Charity Commission issued two orders to the Trustees of BDC and KWO respectively, authorising the conflict of interest in relation to the proposed transfer of assets and liabilities and authorising the CIO to grant an indemnity to the Trustees of BDC and KWO in respect of potential pre-merger liabilities. These orders ensured that the Trustees were legally permitted to proceed with the transfer despite the conflict arising from common trusteeship and permitted the CIO to provide an indemnity in respect of potential pre-merger liabilities.

Accordingly, on 29th January 2025, the Trustees, in their capacity as Trustees of both BDC and KWO resolved that all the property, assets and activities of both BDC and KWO be transferred to the CIO. The Trustees of BDC and KWO issued pre-merger vesting declarations made under section 310 of the Charities Act 2011 on 21st May 2025, effective from 1st July 2025 which vested all permanent endowments of BDC

## **BARON DAVENPORT'S CHARITY CIO**

### **TRUSTEES' REPORT** (continued)

#### **Structure, governance and management** (continued)

and KWO in the CIO in trust and transferred ownership of all other assets to the CIO. A transfer agreement between (1) the Trustees of BDC and KWO and (2) the CIO governed all other aspects of the transfer with effect from 1st July 2025.

From 1st July 2025, the CIO has been acting as the trustee of the Baron Davenport's Charity Endowed Fund and the Kate Wilson Oliver Endowed Fund, subject to the continuing trusts governing those funds. As of the same date, all other property of BDC and KWO transferred to the CIO as its corporate property to be used in line with the CIO's charitable purposes.

The Trustees of the Charity, who have served during the period, are set out on page 2. Trustees are appointed by resolution passed at a special meeting of Trustees; consideration being given to appointing someone with the necessary skills, knowledge and experience needed for the effective administration of the Charity. Prospective Trustees are invited to meet fellow Trustees and the Administrator and are provided with copies of the current Constitution, the latest Trustees' Report and Financial Statements and other information relating to the aims and administration of the Charity. The appointment requires approval by all Trustees, including the Ex-Officio Trustee, who is the Chief Financial Officer of the City of Birmingham or his delegate. The first Trustees of the Charity were appointed for terms varying between two and five years. Thereafter, Trustees are appointed for a term not exceeding five years and re-election must be agreed by all Trustees, including the Ex-Officio Trustee. A Trustee who has served for three consecutive terms may not be re-appointed for any additional term but may be re-appointed after an interval of at least one year. The Chair may be appointed for a term not exceeding five years and may be re-appointed to the office of Chair once for an additional term not exceeding five years. Any term served as Chair shall not count towards the maximum of three terms allowed but any term served as Vice Chair shall count.

The Trustees keep under review changes in charity law, governance and best practice. Trustees recognise the value of a diverse board and have focused on adding to the Board's age, gender and ethnic diversity, in the latter case with less progress than they would wish, as well as its range of experience and skills.

The Trustees have set up three Trustee sub-committees, aligned with the Charity's three main grant giving categories, to provide them with greater focus and knowledge of beneficiaries and improve grant giving effectiveness.

Matters of policy and management are determined by the Trustees at regular meetings. Grant applications are considered and approved at these meetings but interim grants for individuals may be made when an emergency arises. The Charity keeps a register of interests for Trustees and senior staff. Prior to, or at the beginning of each Trustee meeting, any conflicts of interest which may arise in relation to matters on the agenda must be declared by the Trustees. If it is determined that a conflict exists, the Trustee concerned must withdraw from the relevant part of the meeting, unless expressly invited to remain. In the case of personal interests, the Trustee concerned will not be counted in the quorum for that part of the meeting and will withdraw during the vote and will have no vote on the matter concerned. Staff performance and remuneration is reviewed annually, taking into account remuneration at similar organisations and changes in the cost of living.

#### **Objectives, activities and grant policy**

In accordance with the requirements of the Constitution, the Trustees distribute the net annual income in the following ways:

#### **Baron Davenport's Charity Permanently Endowed Fund**

Preferential grants are distributed as to:

- £2,500 for each Trustee (other than the Ex-Officio Trustee) to nominate for charitable purposes;
- Between £2,000 and £10,000 to the Bishop of Birmingham;
- Between £2,000 and £10,000 to the Chief Minister of the Birmingham Hebrew Congregation.

## **BARON DAVENPORT'S CHARITY CIO**

### **TRUSTEES' REPORT** (continued)

#### **Objectives, activities and grant policy** (continued)

##### **Baron Davenport's Charity Permanently Endowed Fund** (continued)

The remaining balance of income is distributed as to:

- 30% to charities benefitting children and young persons under 25 years of age in Birmingham and West Midlands Counties (Children's Charities);
- 30% to almshouses, homes for the aged and/or hospices and other providers of palliative care in Birmingham and West Midlands Counties (Homes and Hospices);
- 40% in the relief of and for the assistance of women in need living in single-parent households (and their children under the age of 25) and single women in need in Birmingham and West Midlands Counties. The Trustees may also give grants to charitable institutions or organisations having for one of their principal objects the benefit of any of such persons in need (Personal Applicants).

##### **Kate Wilson Oliver Permanently Endowed Fund**

For the public benefit, to prevent or relieve poverty by providing grants, items or services to individuals in need and/or to charities or other organisations working to prevent or relieve poverty.

If there is any surplus income not applied for the purpose above, it shall be applied for the relief of those in need, by reason of youth, age, ill-health, disability, financial or other disadvantage by providing grants to charitable organisations.

##### **Non-Endowed Fund**

Such charitable purposes in Birmingham and West Midlands Counties as the Trustees in their absolute discretion from time to time think fit.

The Trustees recognise that grants to individuals are often repeated owing to continuing need and that the same persons may continue to benefit for a number of years. The Trustees do, however, set criteria regarding income, age and status when considering applications. Grants in the other two categories are awarded on merit to those organisations who apply to the Charity and which the Trustees consider meet the requirements set out in its Constitution.

Applications for grants for Children's and Young Persons' organisations, Homes and Hospices and organisations supporting older Personal Applicants should be made online. The latest financial statements are always required. For individual Personal Applicants, applications are generally referred through agencies such as Citizens Advice or Age UK or they may come direct from an individual. These agencies should apply online on behalf of an individual. Applicants who are unable to apply online should contact the Charity to request an application form.

The Trustees have referred to the guidance contained in the Charity Commission's general guidance on public benefit when reviewing the Charity's aims and objectives and planning future activities. In particular, the Trustees have considered how planned activities will contribute to the aims and objectives set.

##### **Achievements and performance**

The Charity's activities are the distribution of income for the benefit of the public in line with the objects set down in its Constitution.

The number of grants made during the six month operating period ended 31st December 2025 was 614 (18 month period ended 30th June 2025: 1,879) and amounts awarded totalled £522,715 (18 month period ended 30th June 2025: £1,352,925).

In addition to keeping the Charity operating efficiently in an increasingly difficult financial climate, the Trustees set the following objectives for six month operating period ended 31st December 2025: (i) notify the Charity Commission of the merger for inclusion on the Register of Mergers and to take such steps as are required to dissolve BDC and KWO and remove them from the Register of Charities (ii) carry out the administration relating to the transfer of activities, assets and liabilities (iii) as the activities and assets of BDC and KWO were transferred to the Charity under the continuing trusts, continue making grants in

## **BARON DAVENPORT'S CHARITY CIO**

### **TRUSTEES' REPORT** (continued)

#### **Achievements and performance** (continued)

accordance with its Constitution and by cementing partnerships with organisations to identify hardship and disadvantage and provide assistance.

Good progress with these objectives was made during the period:

(i) Dissolution – On 9th December 2025 the Trustees submitted their request to remove BDC and KWO from the Register of Charities and applied for their merger to be included on the Register of Mergers maintained by the Charity Commission for England and Wales. This was completed on 22nd January 2026 with a transfer date of 1st July 2025.

(ii) Transfer –Administrative matters regarding the transfer of activities, assets and liabilities were completed, including transferring employees, transferring the investment portfolios, assigning the office lease and establishing new banking arrangements.

(iii) Grant making – The Trustee sub-committees focusing on the three areas of benefit among which the net income of the Baron Davenport's Charity Endowed Fund is applied through charitable grants– young people, homes and hospices and personal applicants – met throughout the period to review needs, to report on their visits and to review available reserves. Their plans were incorporated into the Charity's budget. The income account reserve levels have been reviewed taking into consideration changing needs and demographic changes in relation to personal applicants. In the light of this, and a levelling off over recent years of demand from personal applicants, the Trustees have agreed the net income from the Charity's Non-Endowed Fund (after funding the Centenary Fund) should continue to be distributed in the same proportions as the net income of the Baron Davenport's Charity Endowed Fund. In 2023, the Trustees agreed to establish a Centenary Fund to mark the first centenary of the founding of Baron Davenport's Charity in 1930 as a designated fund and to fund it with income from the Non-Endowed Fund at the rate of £20,000 per annum commencing in 2024. The Trustees will consider over the forthcoming three years how this fund should be applied in support of the Charity's charitable objects.

#### **Financial review**

The Charity's financial statements are set out on pages 13 to 30.

Total income from investments, donations and legacies for the six month operating period ended 31st December 2025 was £191,501 (18 month period ended 30th June 2025: £600,897). The relative decrease was due to market conditions and changes in portfolio investments. For the purpose of the Total Return approach, the Unapplied Total Return allocated to income for the six month operating period ended 31st December 2025 from the Charity's Endowed Funds of £519,127 (18 month period ended 30th June 2025: £1,491,472) exceeded investment income received by £334,197 (18 month period ended 30th June 2025: £917,000). The same investment approach was adopted during the six month operating period ended 31st December 2025 for the Non-Endowed Fund, resulting in a transfer to income for the six month operating period ended 31st December 2025 of £62,595 (18 month period ended 30th June 2025: £178,645). The total income therefore available for distribution for the six month operating period ended 31st December 2025 was £588,293 (18 month period ended 30th June 2025: £1,696,542).

Grants for the six month operating period ended 31st December 2025 of £522,715 (18 month period ended 30th June 2025: £1,352,925) were made. After taking into account expenditure on governance and support costs for the six month operating period ended 31st December 2025 of £ 87,646 (18 month period ended 30th June 2025: £264,128), there was an excess of expenditure over income for the six month operating period ended 31st December 2025 of £22,068 (18 month period ended 30th June 2025: excess of income over expenditure of £79,489).

Costs of generating funds for the six month operating period ended 31st December 2025 were £144,086 (18 month period ended 30th June 2025: £413,385) and net gains on investments for the six month operating period ended 31st December 2025 were £1,596,671 (18 month period ended 30th June 2025: £4,026,302). The value of the investment portfolios showed an overall increase of 3% at 31st December 2025, taking into account cash balances held awaiting investment.

**BARON DAVENPORT’S CHARITY CIO**

**TRUSTEES’ REPORT (continued)**

**Financial review (continued)**

The Charity’s total funds are made up of permanent endowed funds, non-endowed funds and income funds. The permanent endowed funds are held in investment assets and cannot be used directly to meet the Charity’s objects. However, the income generated by these investments is available for use as unrestricted income funds and this is used to further the Charity’s objects. BDC and KWO adopted a Total Return approach to investment with effect from 1st January 2018 and 1st January 2021 respectively which allowed them to access some of the return from capital of the permanent endowed funds for use in meeting their objects. The Charity has continued to adopt this Total Return approach following the transfer of the permanent endowed funds from Baron Davenport’s Charity and Kate Wilson Oliver upon the continuing trusts applicable to those funds to the Charity on 1st July 2025.

In deciding the date at which the initial value of Baron Davenport’s Charity’s Trust for Investment was established, the Trustees, having considered the legal requirements, the Charity Commission’s guidance and advice from its Investment Manager, determined the most appropriate date was 28th February 1987, the earliest date to which the current funds structure can be traced back with certainty through its financial statements and without the need for estimation.

The initial value of Baron Davenport’s Charity’s Trust for Investment was established from the financial statements for the year ended 28th February 1987 as follows:

|                                                            | £                         |
|------------------------------------------------------------|---------------------------|
| Principal Trust Fund                                       | 10,740,407                |
| Additional Fund                                            | 3,019                     |
| Income Reserve Fund – Narrow Range Securities and Deposits | 258,246                   |
| <b>Total</b>                                               | <u><u>£11,001,672</u></u> |

In deciding the date at which the initial value of Kate Wilson Oliver’s Trust for Investment was established, the Trustees, following a similar approach, determined the most appropriate date was 5th April 2002, the date of the earliest available financial information showing the split of funds.

The initial value of Kate Wilson Oliver’s Trust for Investment was established from the financial statements for the year ended 5th April 2003 which showed the closing value of the permanent endowed funds on 5th April 2002 as £630,140.

The Trustees have adopted a policy of applying in each calendar year 3% of the opening value of the Endowed Funds’ investment portfolios (£34,608,466 at 1st January 2025 – see note 13) to income subject to a minimum annual transfer of £900,000 in respect of the Baron Davenport’s Charity Endowed Fund. In accordance with the policy £519,127 was transferred from the Total Unapplied Return to income in the six month operating period ended 31st December 2025 (see note 15). Based on current and forecast beneficiary needs and assuming the Endowed Funds’ investment portfolios grow at inflation plus 3% in future years, the income withdrawn will remain at the rate of 3% and the Endowed Funds will maintain their value in real terms with RPI being the most appropriate measure of inflation. In setting this policy, the Trustees took advice from Rothschild & Co Wealth Management UK Limited, Investment Managers.

**Risk management**

The Trustees keep under review the major strategic and operational risks which the Charity faces. They believe that all necessary steps have been taken and systems established to minimise any such risks as might exist.

The Trustees consider that the main risk to the Charity arises from the performance of its investment activities and the performance of investments in relation to the inflationary environment. The Charity has a detailed investment policy which is discussed below and has formed an Investment Management Committee to help monitor investment performance. The Charity appoints an independent Investment Manager to manage the portfolios within the framework of the investment policy. The Trustees meet every six months with both the Investment Management Committee and the Investment Manager. In those meetings, the Trustees consider compliance with investment policies, the performance of the investments and the outlook for the world economies. In addition, the Trustees receive quarterly reports from the Investment Manager. The Trustees regularly review the performance of the Investment Manager and periodically conduct a detailed appraisal.

## **BARON DAVENPORT'S CHARITY CIO**

### **TRUSTEES' REPORT** (continued)

#### **Investment policy**

The Trustees have wide powers to invest the Charity's funds and do so in order to produce returns to meet the objects laid down by its Constitution. They have, as stated above, arranged for the Charity's investment portfolios to be managed professionally.

The main objective is to provide sufficient total return each calendar year both to maintain its funds in real terms and to meet the requirements for the payment of grants, after providing funds to meet its operating costs. Under the Total Return investment approach, the Trustees are able to access some of the capital of the permanent Endowed Funds to release additional funds for expenditure on meeting the Charity's objects in the future. The Trustees have adopted the same approach for the Non-Endowed fund with effect from 1st January 2022.

The Trustees have agreed risk profiles, investment objectives and ranges of asset classes with the Investment Manager, who is then responsible for selecting investments and is permitted to make tactical asset allocation switches within those ranges. The investment policies, asset ranges and investments are reviewed with the Investment Manager twice a year.

In the period under review, the Charity held a mixture of direct and pooled investments in diversified portfolios.

#### **Reserves policy**

The policy is to maintain an Income Account, which represents its free reserves, at a level which approximately equates to between six and eight months' unrestricted fund expenditure at current levels. The Trustees believe that such a level of reserves is needed to ensure its on-going commitments can be met. Unrestricted reserves at 31st December 2025 of £826,974 equated to eight months' unrestricted expenditure, with the six to eight month range being between £610,361, and £813,815 respectively.

#### **Plans for future periods**

The Charity is a lasting testimony to the generosity and social concerns of its founders, Baron John Davenport and Kate Wilson Oliver. The Trustees intend to continue making grants in accordance with its Constitution and by cementing partnerships with organisations to identify hardship and disadvantage and provide assistance. In addition to the normal efficient running of the Charity, the Trustees have set the following particular objectives for 2026:

- (i) Trustee appraisals – carry out appraisal reviews with all Trustees to seek feedback on the Charity's strategy and direction, management and to establish learning and support needs.
- (ii) Beneficiary focus groups – review the membership of each group to add new perspective and align the skills of new Trustees.
- (iii) Personal applicants – monitor the number of applications from individuals and undertake exploratory work to determine whether greater impact could be achieved by distributing funds in an alternative way.
- (iv) Organisation grant giving – continue important work to refine and improve the Charity's core grant making, paying particular attention to genuine beneficiary need and an organisation's ability to sustainably and effectively meet that need.
- (v) Non-Endowed Fund and Kate Wilson Oliver Endowed Fund – keep the level of demand for funding across all categories under review to establish the optimum allocation of these funds.
- (vi) Centenary Fund – encourage Trustees to actively consider potential beneficiaries for the Centenary Fund.
- (vii) Investment consultant – seek proposals from potential investment consultants to establish benefit versus cost.

## **BARON DAVENPORT'S CHARITY CIO**

### **TRUSTEES' REPORT** (continued)

#### **Statement of Trustees' responsibilities for the financial statements**

The Trustees are responsible for preparing the Trustees' report and the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

The law applicable to charities in England & Wales requires the Trustees to prepare financial statements for each financial period which give a true and fair view of the state of affairs of the Charity and of its incoming resources and application of resources, including its income and expenditure, for that period. In preparing these financial statements, the Trustees are required to:

- select suitable accounting policies and apply them consistently;
- observe the methods and principles in the applicable Charities SORP 2019;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards (FRS 102) have been followed, subject to any material departures that must be disclosed and explained in the financial statements;
- prepare the financial statements on a going concern basis unless it is inappropriate to presume that the Charity will continue in operation.

The Trustees are responsible for keeping proper accounting records that are sufficient to show and explain the Charity's transactions and disclose with reasonable accuracy at any time the financial position of the Charity and enable them to ensure that the financial statements comply with the Charities Act 2011, the Charity (Accounts and Reports) Regulations 2008 and the provisions of the Constitution. They are also responsible for safeguarding the assets of the Charity and taking reasonable steps for the prevention and detection of fraud and other irregularities.

The Trustees are responsible for the maintenance and integrity of the Charity and financial information included on the Charity's website. Legislation in the United Kingdom governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions.

#### **Auditors**

Cooper Parry Group Limited have expressed their willingness to continue in office as the Charity's auditors.

## **INDEPENDENT AUDITOR'S REPORT TO THE TRUSTEES OF BARON DAVENPORT'S CHARITY CIO**

### **Opinion**

We have audited the financial statements of Baron Davenport's Charity CIO (the "Charity") for the 17 month period ended 31st December 2025 which comprise the Statement of Financial Activities, the Balance Sheet, the Statement of Cash Flows and notes to the financial statements, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" (United Kingdom Generally Accepted Accounting Practice).

In our opinion the financial statements:

- give a true and fair view of the state of the Charity's affairs as at 31st December 2025 and of its incoming resources and application of resources, for the 17 month period then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Charities Act 2011.

### **Basis for opinion**

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the Charity in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### **Conclusions relating to going concern**

In auditing the financial statements, we have concluded that the Trustees' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the Charity's ability to continue as a going concern for a period of at least 12 months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the Trustees with respect to going concern are described in the relevant sections of this report.

### **Other information**

The Trustees are responsible for the other information. The other information comprises the information included in the Trustees' Report and Financial Statements, other than the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

## **INDEPENDENT AUDITORS' REPORT TO THE TRUSTEES OF BARON DAVENPORT'S CHARITY CIO (continued)**

### **Matters on which we are required to report by exception**

We have nothing to report in respect of the following matters in relation to which the Charities (Accounts and Reports) Regulations 2008 require us to report to you if, in our opinion:

- the information given in the financial statements is inconsistent in any material respect with the Trustees' Report; or
- sufficient accounting records have not been kept; or
- the financial statements are not in agreement with the accounting records; or
- we have not received all the information and explanations we require for our audit.

### **Responsibilities of Trustees**

As explained more fully in the Trustees' Responsibilities Statement set out on page 9, the Trustees are responsible for the preparation of financial statements which give a true and fair view, and for such internal control as the Trustees determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Trustees are responsible for assessing the Charity's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Trustees either intend to liquidate the Charity or to cease operations, or have no realistic alternative but to do so.

### **Auditor's responsibilities for the audit of the financial statements**

We have been appointed as auditor under section 144 of the Charities Act 2011 and report in accordance with regulations made under section 154 of that Act.

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect material misstatements in respect of irregularities, including fraud. The specific procedures for this engagement and the extent to which these are capable of detecting irregularities, including fraud is detailed below:

Our assessment focussed on key laws and regulations the Charity has to comply with and areas of the financial statements we assessed as being more susceptible to misstatement. These key laws and regulations included but were not limited to compliance with the Charities Act 2011, Charities (Accounts and Reports) Regulations 2008, Charities (Protection and Social Investment) Act 2016, taxation legislation, data protection, anti-bribery and employment legislation.

We are not responsible for preventing irregularities. Our approach to detecting irregularities included, but was not limited to, the following:

- obtaining an understanding of the legal and regulatory framework applicable to the Charity and how the Charity is complying with that framework, including agreement of financial statement disclosures to underlying documentation and other evidence;
- obtaining an understanding of the Charity's control environment and how the Charity has applied relevant control procedures, through discussions with Trustees and management and by performing walkthrough testing over key areas;

**INDEPENDENT AUDITORS' REPORT TO THE TRUSTEES OF BARON DAVENPORT'S  
CHARITY CIO (continued)**

**Auditor's responsibilities for the audit of the financial statements (continued)**

- obtaining an understanding of the Charity's risk assessment process, including the risk of fraud;
- reviewing meeting minutes of those charged with governance throughout the period; and
- performing audit testing to address the risk of management override of controls, including testing journal entries and other adjustments for appropriateness, evaluating the rationale of significant transactions outside the normal course of activities and reviewing accounting estimates for bias.

Whilst considering how our audit work addressed the detection of irregularities, we also considered the likelihood of detection based on our approach. Irregularities arising from fraud are inherently more difficult to detect than those arising from error.

Because of the inherent limitations of an audit, there is a risk that we will not detect all irregularities, including those leading to a material misstatement in the financial statements or non-compliance with regulation. This risk increases the more that compliance with a law or regulation is removed from the events and transactions reflected in the financial statements, as we will be less likely to become aware of instances of non-compliance. The risk is also greater regarding irregularities occurring due to fraud rather than error, as fraud involves intentional concealment, forgery, collusion, omission or misrepresentation.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at: [www.frc.org.uk/auditorsresponsibilities](http://www.frc.org.uk/auditorsresponsibilities). This description forms part of our auditor's report.

**Use of our report**

This report is made solely to the Charity's Trustees, as a body in accordance with Part 4 of the Charities (Accounts and Reports) Regulations 2008. Our audit work has been undertaken so that we might state to the Charity's Trustees those matters which we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Charity and the Charity's Trustees as a body, for our audit work, for this report, or for the opinions we have formed.

## **BARON DAVENPORT'S CHARITY CIO**

### **NOTES TO THE FINANCIAL STATEMENTS FOR THE 17 MONTH PERIOD ENDED 31ST DECEMBER 2025**

#### **1. CHARITABLE STATUS**

The Charity's registered number is 1209342. It is exempt from Income Tax and Capital Gains Tax, provided its income and gains are applied for charitable purposes.

#### **2. ACCOUNTING PERIOD**

Whilst these financial statements cover the 17 month period from 30th July 2024 to 31st December 2025, there was no activity in the Charity until 1st July 2025 when all of the assets and liabilities of Baron Davenport's Charity, registered charity number 217307 and Kate Wilson Oliver, registered charity number 217307-1, were transferred across to the Charity. These financial statements therefore report on the activity of the Charity relating to the operating period from 1st July 2025 to 31st December 2025. The comparative amounts included in the statement of financial activities, balance sheet and statement of cashflows are for the 18 month period ended 30th June 2025 which coincides with the final results published by Baron Davenport's Charity and its linked charity Kate Wilson Oliver.

#### **3. ACCOUNTING POLICIES**

These financial statements have been prepared in accordance with Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective from 1st January 2019), the Financial Reporting Standard applicable in the United Kingdom and Republic of Ireland (FRS 102), the Charities Act 2011 and UK Generally Accepted Practice. The Charity constitutes a public benefit entity as defined by FRS 102.

The financial statements have been prepared to give a "true and fair" view and have departed from the Charities (Accounts and Reports) Regulations 2008 only to the extent required to provide a "true and fair" view. This departure has involved following the Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS102) (effective from 1st January 2019).

The particular accounting policies adopted are described below:

##### **(a) Accounting convention**

The financial statements have been prepared on a going concern basis under the historical cost basis of accounting rules modified to account for investments at fair value. Each year the Trustees review the value of the investment portfolio and the availability of cash in the short term to ensure the Charity is a going concern. At the time of signing these financial statements, the Trustees have considered current stock market levels on the going concern position and consider that the Charity will be able to continue to operate for a period of at least 12 months from the date of signing these financial statements. The Charity has a strong cash and short term deposits position and net assets of £40.4m and on that basis, the Trustees have prepared these financial statements on a going concern basis. Income and expenditure have been accounted for under the accruals basis of accounting. The financial statements are prepared in sterling which is the functional currency of the Charity.

##### **(b) Donations and legacies**

Donations and legacies are accounted for when both the amount and settlement date have been notified in writing.

##### **(c) Investment income**

Income from investments is accounted for in the period in which it is receivable and deposit interest in the period in which it is received.

## **BARON DAVENPORT'S CHARITY CIO**

### **NOTES TO THE FINANCIAL STATEMENTS FOR THE 17 MONTH PERIOD ENDED 31ST DECEMBER 2025**

#### **3. ACCOUNTING POLICIES (continued)**

**(d) Expenditure**

Costs of raising funds include investment management fees.

Costs of charitable activities include grants made and an apportionment of support costs.

Grants are awarded by the Trustees in accordance with the relevant clauses of its Constitution and are accounted for when they are paid.

Governance costs comprise all costs involving public accountability and compliance with regulation and good practice. These costs include costs related to statutory audit and legal fees together with an apportionment of support costs. The apportionments are based on the Trustees best estimates carried out on a reasonable and consistent basis.

Expenditure includes any VAT which cannot be recovered, which is reported as part of the expenditure to which it relates.

**(e) Leasing**

Rental costs under operating leases are charged in the statement of financial activities over the course of the lease.

**(f) Investments**

Investments are a form of basic financial instruments and are initially recognised at their transaction value and subsequently measured at their fair value as at the Balance Sheet date using the closing market price. Should there be a permanent diminution in value after the Balance Sheet date, a provision would be made.

**(g) Gains/(losses) on investments**

Realised and unrealised gains and losses on investments are accounted for through the fund for which they are held.

**(h) Foreign exchange**

Transactions in foreign currencies are recorded using the rate of exchange ruling at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are translated using the rate of exchange ruling at the balance sheet date and gains or losses are included in the statement of financial activities.

**(i) Pensions**

Employees are entitled to join a defined contribution "money purchase" scheme. The Charity contribution is restricted to the contributions disclosed in note 10. There were no outstanding contributions at the period end.

**(j) Debtors**

Other debtors are recognised at the settlement amount after any discount offered. Prepayments are valued at the amount prepaid net of any discounts due.

**(k) Liabilities and provisions**

Liabilities are recognised when there is an obligation at the balance sheet date as a result of a past event, it is probable that a transfer of economic benefit will be required in settlement, and the amount of the settlement can be estimated reliably. Liabilities are recognised at the amount anticipated will be paid to settle the debt.

## **BARON DAVENPORT'S CHARITY CIO**

### **NOTES TO THE FINANCIAL STATEMENTS FOR THE 17 MONTH PERIOD ENDED 31ST DECEMBER 2025**

#### **3. ACCOUNTING POLICIES (continued)**

##### **(k) Liabilities and provisions (continued)**

Provisions are measured at the best estimate of the amounts required to settle the obligation. Where the effect of the time value of money is material, the provision is based on the present value of those amounts, discounted at the discount rate that reflects the risks specific to the liability. The unwinding of the discount is recognised in the statement of financial activities as a finance cost.

#### **4. FUND ACCOUNTING**

Following the sealing of the new Trust Deed in April 1998 changes to the structure of Baron Davenport's Charity's funds were necessary. The Baron Davenport's Charity Endowed Fund was created out of the old Principal Trust Fund, the Additional Fund and the old Income Reserve Fund Narrow Range. The Non-Endowed Fund arose out of the old Income Reserve Fund Wider Range and the Legacy Fund. Since the Uniting Direction in November 2020, the Trustees have also held the Kate Wilson Oliver Endowed Fund.

##### **(a) Endowed Funds**

The Endowed Funds are restricted permanent endowments the income from which is to be used for the objects of the Charity. BDC and KWO adopted a Total Return approach to investment with effect from 1st January 2018 and 1st January 2021 respectively in recognition of the fact that investment returns from the funds are partly in the form of capital movements. The Charity has continued to adopt this Total Return approach following the transfer of the Endowed Funds from Baron Davenport's Charity and Kate Wilson Oliver upon the continuing trusts applicable to those funds to the Charity on 1st July 2025. The Trustees have determined that an element of these movements should be applied to meeting the Charity's objects to ensure a balance between funds made available to current and future beneficiaries. For the six month operating period ended 31st December 2025 and the 18 month period ended 30 June 2025 the Trustees have determined that the income from the Kate Wilson Oliver Endowed Fund will be allocated to Personal Applicants.

##### **(b) Non-Endowed Fund**

The capital and income of the Non-Endowed Fund, which is also restricted, may be applied for such charitable purposes as the Trustees in their absolute discretion think fit. With effect from 1st January 2022 the Trustees have adopted the same investment approach as for the Endowed Funds. For the six month operating period ended 31st December 2025 the Trustees have determined that £10,000 of income from the Non-Endowed Fund will be used to increase the Centenary Fund and the remainder will be allocated to Children's Charities, Homes and Hospices and Personal Applicants in the ratio 30/30/40. For the 18 month period ended 30th June 2025 the Trustees have determined that £30,000 of income from the Non-Endowed Fund will be used to establish the Centenary Fund and the remainder will be allocated to Children's Charities, Homes and Hospices and Personal Applicants in the ratio 30/30/40.

##### **(c) Income Account**

The remainder of the Charity's funds are unrestricted funds which provide the Charity's reserves.

**15. PERMANENT ENDOWED FUNDS**

Following the sealing of the new Trust Deed in April 1998 changes to the structure of Baron Davenport's Charity's funds were necessary. The Baron Davenport's Charity Endowed Fund was created out of the old Principal Trust Fund, the Additional Fund and the old Income Reserve Fund Narrow Range. The Baron Davenport's Charity Endowed Fund is a restricted permanent endowment invested to generate income which is to be used to further the objects of that Charity.

Since the Uniting Direction in November 2020, the Trustees have also held the Kate Wilson Oliver Endowed Fund.

On 20th November 2017 and 24th November 2020, by way of resolutions made in accordance with the Charities (Total Return) Regulations 2013, the Trustees of BDC and KWO adopted the Total Return approach to both charities' Endowed Fund investments with effect from 1st January 2018 and 1st January 2021 respectively. At these dates, the Endowed Funds were analysed between the Trust for Investment, being the estimated value of the original gift to the Charities, and the Unapplied Total Return, being the balance of the fund as shown below.

Subsequently, the investment income is allocated to the Endowed Funds and the Unapplied Total Return is applied to income in the period in accordance with the Trustees' policy. This is as explained in more detail in the Trustees' Report and is permitted in accordance with the regulations.

The Charity has continued to adopt this Total Return approach following the transfer of the Endowed Funds from Baron Davenport's Charity and Kate Wilson Oliver upon the continuing trusts applicable to those funds to the Charity on 1st July 2025.
