Recruitment and Appointment of Trustees

The recruitment and appointment of trustees is carried out in accordance with the charity's constitution and with the consent of existing trustees. Suitable candidates are expected to demonstrate the ability to contribute effectively to the charity's objectives while being sensitive to the needs and demands of the organisation.

Trustees are selected from diverse backgrounds that reflect the communities we serve. This ensures that the board brings a wide range of skills and perspectives, while also representing the diversity of the charity's beneficiaries.

Trustees' Induction and Training

New trustees receive a full briefing from existing trustees on the charity's aims, activities, and operations. They are referred to the guidance for new trustees published by the Charity Commission and are encouraged to read the charity's constitution, raising any questions with current trustees.

Trustees are expected to be familiar with the charity's work and to participate regularly in events and services. In line with GOM's emphasis on staff and volunteer development, trustees are also supported to attend training courses that enhance their ability to contribute effectively to the organisation.

Risk Management

The trustees regularly review the major risks to which the charity is exposed, particularly those relating to governance, finance, operations, safeguarding, and reputation. Systems and procedures have been established to mitigate identified risks.

Financial Oversight

Trustees have overall responsibility for the financial health of the charity. They review management accounts regularly, approve budgets, and monitor expenditure against planned activity. Independent scrutiny is carried out annually in line with the requirements of the Charity Commission.

GOM remains committed to ensuring that funds are spent responsibly, transparently, and in direct alignment with our charitable objectives. We actively seek to maximise the impact of every donation and grant received, while maintaining robust internal controls to safeguard the charity's assets.

Public Benefit

The trustees confirm that, in exercising their powers and duties, they have complied with their statutory responsibility to have due regard to the **guidance on public benefit** published by the Charity Commission.

GOM delivers public benefit by providing spiritual, financial and emotional support for individuals and families

Reserves Policy

The trustees adopt a **risk-based approach** to determine the appropriate level of reserves, ensuring that GOM remains financially sound while fulfilling all planned activities and contractual, statutory, and legal obligations. The reserve level is reviewed annually and has been set at **£1,000**, providing reassurance to partners, stakeholders, and beneficiaries that the charity can sustain its operations and commitments.
