CHAIRMAN'S STATEMENT
FOR THE YEAR ENDED 28 FEBRUARY 2025

It is with deep pride and gratitude that I present the second annual report and financial accounts for Space for the Wild, covering the period ending 28 February 2025.

Our vision remains rooted in a shared belief: that protecting the natural world is both a necessity and a moral duty. Over the past year, we have built on the strong foundations laid in our inaugural year—translating intent into impact. With every step forward, we are proving that with passion, integrity, and community support, real change is possible.

Our Mission in Action

At Space for the Wild, we are committed to safeguarding habitats, promoting regenerative farming, and rescuing and rehabilitating wildlife—both native and exotic. As the climate and biodiversity crises intensify, our work becomes ever more urgent. We continue to champion holistic approaches to conservation, putting habitat restoration and long-term ecological health at the heart of all we do.

Highlights from 2024 to 2025

Space for the Wild brand guidelines, which marked an important step in defining our identity. While we are proud to have been created by Jimmy's Farm and Wildlife Park, these guidelines have helped us establish a distinct platform and voice. This clarity of identity now allows us to communicate our mission more effectively and extend our reach further afield.

Bear Rescue and Strategic Partnerships

We are incredibly proud to have supported the rescue of Diego, a bear in need of urgent rehoming. Building on this success, during the period we deepened our relationship with the Romanian rescue centre Bear Again, laying the groundwork for exciting developments in the 2025 to 2026 period.

Pannington Hall – Future HQ Vision

We continued our discussions with the National Lottery Heritage Fund and submitted a formal bid to support the development of Pannington Hall as the official headquarters of Space for the Wild. We hope this new base will serve as a centre for innovation, conservation, and public engagement.

Education, Outreach and Community Nights

Our Space for the Wild Open Nights returned with renewed energy. These event was one of conservation, storytelling and engagement. By welcoming the public, we helped raise awareness and build support for our ongoing projects.

Collaboration with Nature's SAFE

We continue to work closely with Nature's SAFE, one of the UK's leading charities in cryopreservation and species preservation. In the coming year, we hope to formalise this partnership with a Memorandum of Understanding. As part of our long-term vision, we aim to establish a dedicated conservation and research centre within our proposed HQ at Pannington Hall to support the ground-breaking work of both charities.

To my fellow trustees: your wisdom, drive, and dedication are a constant source of inspiration. Special thanks to Stevie Sheppard who continues to research and pursue projects around the globe to further our mission and key objectives.

TRUSTEES' REPORT
FOR THE YEAR ENDED 28 FEBRUARY 2025

The Trustees present their annual report together with the financial statements of the Charity for the 1 March 2024 to 28 February 2025. The Annual report serves the purposes of both a Trustees' report and a directors' report under company law. The Trustees confirm that the Annual report and financial statements of the charitable company comply with the current statutory requirements, the requirements of the charitable company's governing document and the provisions of the Statement of Recommended Practice (SORP) applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS102) (effective 1 January 2019).

This report highlights the continued growth and achievements of the charity as we build upon the foundations established in our inaugural year.

Since the Charity qualifies as small under section 382 of the Companies Act 2006, the Strategic report required of medium and large companies under the Companies Act 2006 (Strategic Report and Directors' Report) Regulations 2013 has been omitted.

Objectives and activities

a. Policies and objectives

The Charity's objects are restricted specifically, and only for the public benefit to promote, for the benefit of the public the conservation, protection and improvement of the physical and natural environment, biodiversity and natural habitats of endangered species by:

- (a) promoting the creation of new natural habitats and environments anywhere in the world;
- (b) promoting the conservation, protection and re-establishment of existing natural habitats;
- (c) advancing the education of conservation bodies and the general public in matters pertaining to, but not limited to; the conservation of at risk or endangered wildlife, protection of the natural environment and the impacts of agricultural and forestry production;
- (d) carrying out and disseminating and publishing scientific study and research on the natural environment, at risk or endangered animals and the conservation of natural habitats; and

TRUSTEES' REPORT (CONTINUED)
FOR THE YEAR ENDED 28 FEBRUARY 2025

Achievements and performance

a. Main achievements of the Charity

2024–25 has been a transformative year for Space for the Wild, with key achievements including:

Bear Rescue and Partnerships

Building on our first bear rescue, we deepened our relationship with the Romanian rescue centre Bear Again, laying the groundwork for exciting developments in the future. These rescues underscore our commitment to animal welfare and our capacity to respond rapidly to critical needs.

Our collaboration with Jimmy's Farm and Wildlife Park remains central, enabling expert care and long-term welfare provision for rescued animals. We also deepened our partnership with Bear Again and progressed plans to formalise collaboration with Nature's SAFE, a leading charity in cryopreservation and biodiversity preservation.

Pannington Hall – Future HQ Vision

We advanced discussions with the National Lottery Heritage Fund and submitted a bid to develop Pannington Hall as our headquarters. This project aims to create a centre for innovation, conservation, and public engagement, ensuring a sustainable platform for our mission.

Education and Public Engagement

Our Open Nights programme returned with strong public participation, transforming conservation into accessible and inspiring experiences for the community. These events fostered awareness of our projects and broadened public support for our mission.

Financial review

a. Going concern

After making appropriate enquiries, the Trustees have a reasonable expectation that the Charity has adequate resources to continue in operational existence for the foreseeable future. For this reason, they continue to adopt the going concern basis in preparing the financial statements. Further details regarding the adoption of the going concern basis can be found in the accounting policies.

b. Results for the year and reserves policy

For the year ending 28 February 2025, Space for the Wild recorded total income of £35,211 and total expenditure of £4,294.

We are pleased to report a positive balance, with reserves of £37,627 carried forward into 2025–26. These reserves provide financial stability as we expand our conservation programmes and prepare for larger-scale projects.

It is the aim of the charity to maintain unrestricted funds which are free reserves of the charity at a level which equates to approximately 12 months of unrestricted expenditure. We have established a reserves policy to ensure the charity is financially resilient.
