Achievements and Performance

Main Achievements

Summary of activities during the period

The Trustees are pleased to report significant progress in advancing the charity's objects during the period 13 August 2024 to 31 August 2025. This was the charity's first full reporting period following registration and represented a year of substantial growth in both fundraising capacity and charitable delivery.

During the period, the charity raised funds totalling £113,205 through donations and fundraising events and applied £111,669 in furtherance of its charitable purposes, activities focused on providing humanitarian assistance to persons affected by the ongoing war in Ukraine, supporting vulnerable individuals and families and fostering community engagement and awareness in the United Kingdom.

The Trustees are grateful to the charity's volunteers, donors, supporters and partner organisations whose contributions enabled the charity to deliver practical assistance to beneficiaries in Ukraine and to establish a growing network of support across the United Kingdom.

Key activities and achievements during the period included:

Humanitarian aid delivered to Ukraine

During the period the charity sourced, purchased, packed and dispatched multiple consignments of humanitarian aid and essential equipment to beneficiaries in Ukraine. Items delivered included a 13 EcoFlow Delta 2 power stations, 3 Starlink Mini units, 69 banks, laptops and other communications equipment purchased through the charity's Christmas fundraising campaign (December 2024); Christmas snacks delivered to Ukrainians near the front line (December 2024); and 43 power banks delivered to frontline medics in partnership with British Ukrainian Aid (another UK-registered charity) (January 2025); protein bars, snacks and winter supplies delivered to defenders and medics operating in difficult winter conditions (January 2025); hand warmers, foot warmers and tactical footwear supplied to beneficiaries enduring severe winter conditions (March 2025); a Mitsubishi L200 vehicle purchased in the United Kingdom and delivered to Pavlohrad for use in humanitarian and frontline humanitarian support operations (April 2025); and uniforms, laptops, blankets, protein bars, wet wipes, tools, power banks and medical supplies delivered in partnership with Murashky Foundation, which additionally provided approximately 3,100 food portions for distribution (August 2025).

The charity also launched a targeted fundraising campaign to provide a radio-electronic system intended to improve protection against drone attacks and enhance the safety of those in high-risk environment (June 2025).

Fundraising events

The charity organised a range of fundraising events throughout the reporting period. The primary purpose of these events was to raise funds in furtherance of the charity's humanitarian objects, including the advancement of health and the saving of lives through the provision of humanitarian aid. The events also provided an opportunity to promote and celebrate Ukrainian culture and heritage as an ancillary aspect of the fundraising activities.

On 23 August 2024, the charity held a fundraising event together with Support Ukraine Ltd and British Ukrainian Aid; the event was attended by Ukrainian veterans and supporters, raising approximately £13,700 (net of expenses) towards prosthetic support and rehabilitation initiatives.

Support for children

For the third consecutive year, the charity delivered Christmas gifts to Ukrainian children, focusing in December 2024 the project focused on children living in the Kherson region, approximately 5 kilometres from the front line. The initiative sought to bring moments of joy and normality to children living in exceptionally difficult circumstances and was made possible through the generosity of donors and volunteers.

Raising public awareness

The charity participated in, and organised, a number of public engagement and awareness-raising activities throughout the reporting period. The purpose of these activities was to raise public awareness of the charity's humanitarian work, to inform the wider public about the necessity of the assistance provided to people affected by the war in Ukraine, to encourage charitable giving and volunteering, and to promote the charity's charitable objects.

A trustee of the charity participated in a panel discussion held at one of the Committee rooms at the Houses of Parliament, Westminster (October 2024). The event was attended by the members of general public as well as journalists and Ukrainian embassy representatives. During the discussion, the charity's representatives spoke about the humanitarian consequences of the war in Ukraine, support and rehabilitation for individuals affected by the war, the integration of Ukrainian refugees in the United Kingdom, and the promotion of culture and heritage through charitable and community initiatives.

Grants made during the period

During the period the charity made grants totalling £96,849, comprising £29,058 made through charitable and community partners and £67,791 applied for the benefit of individual beneficiaries. Consistent with the charity's policy, no cash grants are made to individuals; all grants were applied to the purchase and delivery of humanitarian aid supplies to persons affected by the conflict in Ukraine by the charity, ensuring transparency and accountability over how funds are applied.

Financial Review

Financial Position

The charity received total income of £113,205 during the period 13 August 2024 to 31 August 2025, being the first period of the charity's operation. Income arose entirely from voluntary donations and gifts received in furtherance of the charity's objects.

Total expenditure amounted to £111,669, resulting in a net surplus of £1,536 for the period. Expenditure comprised charitable activities of £106,325 (including grants of £96,849 and direct activity costs), costs of raising funds of £4,912, and support costs of £432.

At 31 August 2025 the charity held total funds of £1,536, all of which are unrestricted, represented entirely by cash at bank.

Reserves Policy

The Trustees have adopted a reserves policy which aims to maintain unrestricted free reserves sufficient to meet a minimum of three months' worth of planned operational expenditure. Given the charity's current stage of development and the ongoing and urgent nature of the humanitarian need it addresses, the Trustees consider it appropriate to deploy the substantial majority of funds received into charitable activities as quickly as practicable, while retaining a working balance to meet routine administrative commitments.

At 31 August 2025, unrestricted reserves stood at £1,536. The Trustees acknowledge that this is below the target reserve level and will keep this under active review. The Trustees are satisfied that the charity's ongoing fundraising activities provide a reasonable basis for maintaining operational continuity and that no significant liabilities or commitments remain outstanding at the period end.

**Women Fight for Ukraine Foundation
Trustees' Report (continued)
For the Period 13 August 2024 to 31 August 2025**

Going Concern

The Trustees have reviewed the charity's financial position, its closing cash balance of £1,536, and its plans for future fundraising activities. The charity is entirely dependent on voluntary donations and fundraising income and has no long-term funding commitments in place. However, the Trustees have considered the charity's track record of fundraising during the period, the continued public support for its work, and the absence of any outstanding liabilities at the period end. On this basis the Trustees are satisfied that the charity has adequate resources to continue its activities for the foreseeable future and the financial statements have accordingly been prepared on a going concern basis.

Structure, Governance and Management

Governing Document

Constitution

Women Fight for Ukraine Foundation is a Charitable Incorporated Organisation (CIO) registered in England and Wales with the Charity Commission under registered charity number 1209573. The charity is governed by its Constitution, which sets out the objects, powers and procedures of the CIO.

Statement of Trustees' Responsibilities

The trustees are responsible for preparing the Trustees' Report and the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

The law applicable to charities in England and Wales requires the trustees to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the charity and of the incoming resources and application of resources of the charity for that period. 2. Accounting Policies

2.1. Basis of Preparation of Financial Statements

The financial statements have been prepared in accordance with the Charities SORP (FRS 102) "Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019)", Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" and the Charities Act 2011.

The charity is a Public Benefit Entity as defined by FRS 102.

2.2. Fund Accounting

Unrestricted funds can be used in accordance with the charitable objectives at the discretion of the trustees.

Designated funds comprise unrestricted funds that have been set aside by the trustees for a specific purpose.

Restricted funds are to be used for specific purposes as laid down by the donor.

Further explanation of the nature and purpose of each fund is included in the notes to the financial statements.

2.3. Incoming Resources

Income is recognised when the charity is legally entitled to it after any performance conditions have been met, the amounts can be measured reliably, and it is probable that income will be received.

Cash donations are recognised on receipt. Other donations are recognised once the charity has been notified of the donation, unless performance conditions require deferral of the amount. Income tax recoverable in relation to donations received under Gift Aid or deeds of covenant is recognised at the time of the donation.

Legacies are recognised on receipt or otherwise if the charity has been notified of an impending distribution, the amount is known, and receipt is expected. If the amount is not known, the legacy is treated as a contingent asset.

2.4. Cash and Cash Equivalents

Cash and cash equivalents are basic financial assets and include cash in hand and deposits held at call with banks, other short-term highly liquid investments that mature in no more than three months from the date of acquisition and are readily convertible to a known amount of cash with insignificant risk of change in value, and bank overdrafts.

2.5. Expenditure

Expenditure is recognised once there is a legal or constructive obligation to transfer economic benefit to a third party, it is probable that a transfer of economic benefits will be required in settlement, and the amount of the obligation can be measured reliably.

Expenditure is classified by activity. The costs of each activity are made up of the total of direct costs and shared costs, including support costs involved in undertaking each activity. Direct costs attributable to a single activity are allocated directly to that activity. Shared costs which contribute to more than one activity and support costs which are not attributable to a single activity are apportioned between those activities on a basis consistent with the use of resources. Central staff costs are allocated on the basis of time spent, and depreciation charges are allocated on the portion of the asset's use.
