Objectives and activities

Summary of the objects of the charity set out in its governing document

The promotion of community participation in healthy recreation for the benefit of the inhabitants of the Royal Borough of Kingston Upon Thames by the provision of facilities for playing lawn bowls.

During 2025 the Club continued to work very hard in spreading the benefits of playing bowls by holding two Taster Days, securing a small feature in a local newspaper and participation in a council organised sports event. These activities resulted in increased membership to a healthy level.

During the closed season members organised fundraising events both in the Clubhouse and external venues. This both raised essential funds and proved popular with members and kept members together during the winter.

The Club continued to support a local mental health charity by providing a weekly bowls session for members of the Charity. The Club provides equipment and personnel to aid the participants and have been doing so for the last seven years. Each session is supervised by a qualified leader.

The Club ran the annual internal competitions, three weekly informal competition sessions and entered a team in a local league. All events are open to all members regardless of ability, age and experience.

Although the Club made a small financial loss this was largely due to some one off payments.

In 2026 the Club will focus on its objective. The Trustees will continue when making decisions have the Club's best interests in mind with regard to the commission's public benefit guidance.

Section D
