During our fourteen months since formation:

- Trustee meetings take place monthly

- Quarterly meetings are undertaken with our advisory group

- Patrons to the Charity have been appointed

- We have published two reports which are available at *https://www.capealliance.org.uk/reports-articles*

- We have undertaken CWS – Climate Wise for Schools training with four cohorts of people from a range of schools and trusts in England

- Working within our alliance is:

    - Assoc for Science Education
    - British Science Association
    - Cambridge University Press
    - Chamerion
    - Chartered College of Teaching
    - City of London
    - Eartwatch Europe
    - Leeds Trinity University
    - Myatt & Co
    - Natural History Museum
    - National Education Nature Park
    - Suez
    - Tate Modern
    - Teacher Development Trust

- We have undertaken a series of podcasts https://www.capealliance.org.uk/podcast

To answer the questions asked in the guidance…

- As trustees we have followed best practice and there are meeting records available for each meeting

- We have no government contracts. Our income has come from two sources donations and our courses for climate education.

- We are not a grant awarding body

- Our costs are from running the organisation, our courses and some additional software and insurance charges.

- We have received no income from outside the UK. However, we continue to have conversations with a wide range of organisations outside the UK to allow our intelligence gathering and networks to develop.

- All our activities take place within the UK and concentrate on the educational sector in England.

- We undertake no work as CAPE with vulnerable people, but all trustees are DBS checked with other organisations.

- A range of policies and procedures have been discussed, drafted and some have been put in place during the time of this report.

- We hold no funds apart from those in our financial summary attached.
