Charity name: **Beth's Sunflowers**

Charity registration number: **1211020**

### Objectives and Activities

	SORP reference	
Summary of the purposes of the charity as set out in its governing document	Para 1.17	<b>CIO PURPOSE:</b> The purpose of the CIO is to relieve the needs of those suffering from blood cancer and their families in the UK, primarily through the provision of grants to individuals, organisations and charities to assist with: <ol style="list-style-type: none"><li>1. Accessing respite</li><li>2. Accessing rehabilitation / convalescence and enhancing the provision of such services</li><li>3. Appropriate gifts to relieve the effects of treatment/stress</li><li>4. Supporting research in finding a cure to blood cancers.</li></ol>
Summary of the main activities in relation to those purposes for the public benefit, in particular, the activities, projects or services identified in the accounts.	Para 1.17 and 1.19	<p>The charity's purposes are met primarily through the provision of grants to individuals, organisations and charities.</p> <p>During the reporting period, the charity made a total of £14,550 in grants in accordance with our grant funding policy. Successful applicants for our grants were:</p> <ul style="list-style-type: none"><li>▪ A Gift to Lift</li><li>▪ Blood Cancer UK</li><li>▪ Cure Leukaemia</li></ul> <p>Details of these are listed in the Activities and Performance section below.</p> <p>The trustees consider that these activities have provided public benefit by supporting individuals and families.</p> <p>To support the grants made, we received or raised funds during the period to the total of £18,914.07. To achieve this, we organised and / or supported a range of activities as described in the Activities and Performance section below. The balance between funds received / raised and those made in grants, has been carried over into the next reporting year for the charity and will be used to support further grants in that year.</p>

		The events and activities listed in this report both distributed funds to support the charity's aims as well as raise awareness of blood cancer.
Statement confirming whether the trustees have had regard to the guidance issued by the Charity Commission on public benefit	Para 1.18	The Trustees confirm that they have complied with their duty to have due regard to the guidance on public benefit published by the Charity Commission for England and Wales when reviewing the charity's aims and objectives and in planning and carrying out the charity's activities.

Policy on grant making	Para 1.38	The charity has a written policy on grant-making. The charity provides grants to individuals and/or organisations in line with its charitable objectives. Applications are considered by the trustees against agreed criteria, and funding decisions are made based on need, impact and available resources.
Policy on social investment including program related investment	Para 1.38	<b>Not Applicable</b>
Contribution made by volunteers	Para 1.38	The charity benefits greatly from the support of our volunteers. We are a 100% volunteer run charity.  Our volunteers assist with fundraising, events, and charity administration. Their contribution is invaluable in enabling our charity to undertake its activities and achieve our objectives.

### Achievements and Performance

	SORP reference	
Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.	Para 1.20	<p>During the period the charity achieved significant progress in furthering its charitable objectives through the approval of the following grants:</p> <p><b><u>A GIFT TO LIFT: £9,250.00.</u></b> Our charity funded the cost of the annual ground rent on a holiday lodge in Norfolk exclusively used by blood cancer patients and their families for holiday breaks and respite between treatment. In addition, Beth's Sunflower's referred three families directly to A Gift to Lift. The referred families became known to us from our PR activity and contact with blood cancer support nurses and workers at local Midland's hospitals. All 3 families needed respite, which improved their overall well-being.</p> <p><b><u>BLOOD CANCER UK: £4,500.00.</u></b> Our charity funded the UKALL-2011 blood cancer trial undertaken by the University of Birmingham. The trial explored whether dexamethasone, given for a shorter period than is currently used but at a similar total dosage, might be more effective and lead to fewer side effects. The results of this medical research concluded that the benefits</p>

		<p>were not sufficient to change how the drugs are administered and as such future research will focus on other initiatives.</p> <p><b><u>CURE LEUKAEMIA: £800.</u></b></p> <p>Our charity grant was used to fund the Trials Acceleration Programme (TAP) network. The TAP network is a national infrastructure that links the UK's leading blood cancer centres through a team of specialist research nurses. This unique setup ensures that adults with blood cancers such as leukaemia, lymphoma and myeloma can be offered access to clinical trials of pioneering new treatments wherever they live in the UK.</p> <p>Fund raising activities organised or supported by the charity in this period included:</p> <ul style="list-style-type: none"> <li>▪ Christmas craft fairs/tree festivals</li> <li>▪ Raffle/tombola's</li> <li>▪ Sales of Wedding / Celebration / Funeral &amp; Birthday favours</li> <li>▪ Easter Sunflower seed plant pot sales</li> <li>▪ Sunflower growing competition with donations / sales of plants / sales of seeds to corporate events</li> <li>▪ Memory Walk of Light event</li> <li>▪ Birmingham Half Marathon entrants</li> <li>▪ Sunflower family weekend event</li> </ul> <p><b><u>IMPACT ON BENEFICIARIES:</u></b></p> <p>The grants made by the charity directly aligned with our charitable purpose statements through:</p> <ul style="list-style-type: none"> <li>▪ Support to individuals suffering from blood cancer</li> <li>▪ Support the medical teams leading research to improve blood cancer outcomes</li> </ul> <p>Feedback from individual beneficiaries indicates that the support they received helped to improve their well-being and reduce the impact of their situation.</p> <p>We are a relatively new charity, and during this period we awarded grants to other established charities to support projects aligned with our purpose. Many of these commitments continue into the next reporting period, however we also expect to show an increasing number of awards for independently funded projects.</p> <p>In addition, the activities of the charity contributed to wider public benefit by increasing awareness of blood cancer, supporting ongoing initiatives and engaging the community and corporate partners in fundraising support activities.</p>

		<p>beneficiaries and raising awareness of our charity's work.</p> <p>Good progress was made against all three of these objectives. The charity successfully delivered a number of well-attended, well-reviewed events and increased the level of support provided to its beneficiaries.</p> <p>Awareness of our work was also enhanced through community engagement, recognition at regional community awards, and numerous promotional activities in person and on social media.</p> <p>Overall, the trustees are satisfied that we have met all the key objectives for the charity in the period.</p>

## Financial Review

Review of the charity's financial position at the end of the period	Para 1.21	<p>At the beginning of the reporting period, our bank balance stood at £7,883.28, from fundraising activity before gaining registered charity status. During the reporting period we:</p> <ul style="list-style-type: none"> <li>▪ Raised income through sales and donations totalling £18,914.07</li> <li>▪ Made purchases of stock and items totalling £2,655.43</li> <li>▪ Awarded grants totalling £14,550.00</li> </ul> <p>At the end of the reporting period, our bank balance stood at £9,591.92.</p> <p>This puts the charity in a strong position heading into the next financial year to deliver on our purposes and objectives.</p>
Statement explaining the policy for holding reserves stating why they are held	Para 1.22	<p>As the charity has minimal running costs, any reserves are used in the issuing of grants in line with our grant funding policy. As these are made on a case-by-case basis, it is expected that the charity will carry at any given time a balance or reserve from funds received.</p> <p>As we have regularly awarded grants through the year, we do not expect the reserve to reach a level that is deemed too high. Although we have not set a target reserve figure, the trustees review the reserve levels at least every quarter and as required review grants that could be awarded in accordance with our grant making policy.</p>

		<p>The current level of reserves are deemed acceptable by the trustees considering the value of grants recently awarded. It is expected that the reserves will be used to fund new grants awarded in the next reporting year.</p> <p>At the end of the year the charity held £9591.92 in unrestricted reserves due to donations and sales activity.</p>
