Structure, Governance and Management

Hope for Children Education was registered with the Charity Commission on 27 January 2025. The charity is governed by its Constitution and managed by a Board of Trustees, who are responsible for ensuring that the charity operates in accordance with its charitable objectives and relevant legislation.

During the reporting period, the trustees met regularly to oversee the establishment of the charity, develop governance arrangements, approve policies and plan future charitable activities. No trustee received remuneration or reimbursement of expenses during the period.

The charity had no employees during the reporting period and relied entirely on the voluntary commitment of its trustees and volunteers.

Charitable Objectives

The charity exists to advance education and relieve poverty by supporting children, young people and families, particularly those from disadvantaged communities. It seeks to improve educational opportunities, wellbeing and community participation through inclusive programmes, partnerships and community engagement.

Activities and Achievements

As this was the charity's first reporting period, significant effort was devoted to establishing the organisation, developing governance arrangements and preparing for future programme delivery.

Key achievements included:

- Establishing the charity's governance and operational framework.
- Holding trustee planning meetings to develop holiday learning and wellbeing programmes.
- Consulting more than 200 parents to better understand the educational and wellbeing needs of local children.
- Building relationships with schools, churches, mosques and community organisations within the Royal Borough of Greenwich and surrounding areas.
- Recruiting volunteers to support future programme delivery.
- Developing safeguarding and operational policies to ensure safe and effective service delivery.
- Planning and designing the Greenwich Holiday Learning & Wellbeing Camp.

- Commencing development of the charity's website and social media presence.
- Preparing funding applications and developing strategic partnerships.

These activities strengthened the charity's organisational capacity and positioned it to begin delivering services in the following financial period.

The charity was successful in securing National Lottery Awards for All funding for the Greenwich Holiday Learning & Wellbeing Camp. As the funding was received after 5 October 2025, it is not included within these financial statements and will be reported in the subsequent accounting period.
