Activities

Objects: The object of the CIO is for the public benefit, to promote humane behaviour towards animals and prevent cruelty and suffering among dogs and cats in Serbia by: a) providing appropriate care, protection, treatment and security for dogs and cats which are in need of care and attention by reason of sickness, maltreatment, poor circumstances or ill usage and, where possible, rehoming such animals in Serbia or, where in the animal's best interests and lawful to do so, in the United Kingdom; b) providing and/or assisting in the provision of, trap neuter and release services to homeless cats and dogs, designed to control the population of unwanted cats and dogs. c) carrying out any ancillary activities that are incidental or conducive to the above, including lawful arrangements for veterinary care, quarantine/holding, and welfare-led transport associated with rehoming in Serbia or in the United Kingdom.

Activities: Our mission is to transform the lives of abandoned animals in Serbia by providing exceptional care, creating a sustainable model for animal welfare and supporting the efforts to tackle the root causes of abandonment. By focusing on a small locality, we ensure our resources make a significant impact, with the aim of inspiring similar efforts across the country.
