The main project is the transformation of Shrewsbury Rail Tunnel. Much work has been undertaken during the year in bringing all stakeholders together and in working with Shrewsbury Colleges on a competition to design the murals.

All this work has been done on volunteer labour by the trustees and the many individuals who believe in this project and wish to see it come to fruition. However, there have been many unavoidable delays as a result of highway works inside the tunnel and in getting all interested parties to commit to the project.

As a result, it has not been possible to inaugurate the fundraising campaign for the project during the year. Donations to cover the initial works will be sought from January 2026.
