Activities

Objects: THE OBJECT OF THE CIO IS TO PROMOTE, FOR THE BENEFIT OF THE PUBLIC, THE CONSERVATION PROTECTION AND IMPROVEMENT OF THE PHYSICAL AND NATURAL ENVIRONMENT BY THE DECARBONISATION OF ENERGY-INTENSIVE INDUSTRY AND TRANSPORT.

Activities: We pioneer solutions that advance clean industry transformation through deep engagement with industrial value chains. We work globally across energy-intensive sectors - aluminium, cement, chemicals, shipping, aviation and steel - to cut global GHG emissions. We mobilise business, finance, government, and civil society leaders to accelerate the transition to clean chemicals, materials and fuels.
