Activities

Objects: THE OBJECT OF THE CIO IS TO RELIEVE THE NEEDS OF PEOPLE WITH SENSORY DISABILITIES BY PROVIDING INFORMATION ABOUT THE FACILITIES AND SENSORY ENVIRONMENTS OF PUBLIC TOILETS, THEREBY HELPING THEM TO MANAGE THEIR NEEDS WHEN AWAY FROM HOME AND IMPROVING THEIR QUALITY OF LIFE AND SUCH OTHER MEANS AS THE TRUSTEES DETERMINE.

Activities: We host a website at publictoiletinfo.org.uk, which provides detailed information about public toilets to assist people with sensory needs. For example, if someone struggles with loud hand dryers, they can use our site to find a toilet nearby that has quieter ones.
