Chairman's Report

In common with so many other charities, our year has been dominated by the Pandemic. However unlike so many other charities who have suffered massive financial setbacks, the impact on FotH was rather different. Our members have remained loyal throughout and we have benefited from donations made by a good number of the visitors new to The Hurtwood. Some existing donors have been especially generous, making additional donations without which we would have struggled financially.

The main impact was the massive influx of new visitors who, particularly on sunny weekends during the first and second tiered lockdown, gave us so many unexpected issues to deal with. Our Ranger, Mark Beaumont, remained his stoic self throughout, dealing politely but firmly with visitors unfamiliar with Hurtwood regulations who were found having impromptu BBQ's, camping overnight, lighting fires, travelling in large groups and fly-tipping on a scale never experienced.

Peaslake village was also under siege on sunny weekends with visitors wanting to buy refreshments from Peaslake Stores. We were delighted to be allowed by one of our landowners to host a mobile refreshments facility in one of our car parks at weekends during the summer. This was an initiative by the Stores and The Fillet and Bean Artisan Mobile Catering, and it had the desired effect of moving the congestion away from the Stores and into the more open environment of one of our nearby car parks. We are indebted to all the volunteers who helped and especially grateful to the Stores for donating some of the proceeds from this venture to FotH.

Turning to the high points of our operational year, the performance of our new investment portfolio was such that we were able to draw down a portion of the year's income to fund the continued restoration of Holmbury Hill Fort. With a donation from Holmbury Bonfire Boys we also put in place work to install an access path and interpretation board for the little known, but important, prisoner of war camp, also on Holmbury Hill.

Led by one of our Directors, Alex MacKinnon, we launched a new website and donations management system. Alex has also established for FotH a new presence in social media. This initiative has enabled FotH to be much more interactive with those visitors in the age demographic that rely solely on social media for information and communications.

Reserves

Our legacy reserves are invested in a portfolio of Funds managed by Octopus Investments on behalf of the Charities Aid Foundation. I am pleased to report that our original investment has performed in line with expectations. The balance of reserves is held in interest bearing Income Bonds at NS&I and in our current account at Unity Trust Bank plc.

The Directors of the Corporate Trustee are confident that these reserves are adequate for a charity of our size.

Risk

The Risk Register is updated regularly to take account of the changing nature of the environment of the Hurtwood (e.g., trail erosion, forestry works), the potential for conflict between different users (e.g., fast moving bikers and horse riders), financial risk and various other issues (e.g., fly tipping and fire risks).

The Directors of the Corporate Trustee have reviewed the updated risk register and are satisfied that appropriate and proportionate action is in place to mitigate the risks identified.

Acknowledgements

A list of the members of the charity during the year is included elsewhere in this report. Also included is a list of business and organisation sponsors. During the year we also received donations from our Landowners and Grants from Local Authorities. We would like to thank everyone for their continued support during the year being reported and, extend a warm welcome to all those who have joined us since the year end.

In closing, I would like to record my personal thanks to all those individuals who have so willingly given up their time to support me during my time as Chairman.

Operations Report

Due to the Covid-19 pandemic we have had probably one of our busiest years ever, certainly in terms of visitor numbers. Many visitors were new to the area and needed to be told about the dangers of fires, especially in the very dry summer, and that camping is not allowed anywhere on the Hurtwood. This has caused some issues throughout the year but fortunately any potential problems were quickly dealt with.

Due to the high visitor numbers some of the regular grass cutting work had to wait until later in the summer but we have now caught up with the workload. New barriers have been put in place on the Greensand Way to reduce conflict with cyclists as well as removing dangerous mountain bike trails on Pitch Hill.

Unfortunately since the start of the first lockdown incidents of fly tip increased hugely and these were all removed quickly and in some cases asbestos was found. This is very costly to remove and continues to be a financial drain on our budgets that we have to bear in order to provide car parks for our many visitors.

After the success of the initial mulching and clearance work on the Holmbury Hill Fort work continues with regular mowing to clear the bracken and we have now cleared more of the site and it continues to look impressive as more of the ditch and bank system is highlighted.

In Summary during the year 2019/20 we have:

- Mitigated against visitor conflicts
- Managed the increase in visitor numbers
- Removed approx. 15 tons of fly tip from the car parks
- Cleared over 6 miles of paths
- Cleared fallen trees obstructing paths
- Regularly cut back grassy areas and rides
- Cut back extensive gorse re-growth from fire roads
- Continued clearance of the Holmbury Hill Fort

Independent Examiner's Report to the Trustees of Friends of the Hurtwood

I report to the charity trustees on my examination of the accounts of the charity for the year ended 31 October 2020 which are set out on pages 6 to 11.

Responsibilities and basis of report

As the charity's trustees you are responsible for the preparation of the accounts in accordance with the requirements of the Charities Act 2011 ('the Act').

I report in respect of my examination of the charity's accounts carried out under section 145 of the Act and in carrying out my examination I have followed all the applicable Directions given by the Charity Commission under section 145(5)(b) of the Act.

Your attention is drawn to the fact that the charity has prepared the accounts in accordance with Accounting and Reporting by Charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) in preference to the Accounting and Reporting by Charities: Statement of Recommended Practice issued on 1 April 2005 which is referred to in the extant regulations but has since been withdrawn.

I understand that this has been done in order for the accounts to provide a true and fair view in accordance with the Generally Accepted Accounting Practice effective for reporting periods beginning on or after 1 January 2015.

Independent examiner's statement

I have completed my examination. I confirm that no material matters have come to my attention in connection with the examination giving me cause to believe that in any material respect:

1. accounting records were not kept in respect of the charity as required by section 130 of the Act; or
2. the accounts do not accord with those records; or
3. the accounts do not comply with the applicable requirements concerning the form and content of accounts set out in the Charities (Accounts and Reports) Regulations 2008 other than any requirement that the accounts give a 'true and fair view' which is not a matter considered as part of an independent examination.

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.
