Funds held by the charity are unrestricted general funds which are funds which can be used in accordance with the charitable objects at the discretion of the trustees and which have not been designated for other purposes.

1.9 Critical accounting estimates and judgements

In the application of the charity's accounting policies, the trustees are required to make judgements, estimates and assumptions about the carrying amount of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered relevant. Actual results may differ from these estimates. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised. The trustees do not consider that there are any critical estimates or areas of judgement that need to be brought to the attention of the readers of the financial statements.
