THE SOUTHWOLD TRUST

TRUSTEES' ANNUAL REPORT FOR THE YEAR ENDED 30 JUNE 2022

The Trustees are pleased to present their annual report together with the financial statements of the Charity for the year ended 30 June 2022.

The legal and administrative information set out on page 1 forms part of this report. The financial statements comply with the requirements of the Charities Act 2011 and the trust deed.

Objectives

The object of the Trust is to benefit by any charitable means the inhabitants for the time being of Southwold as defined by the Trust Deed. Under the terms of the Trust Deed the existing Trustees have power to appoint new Trustees. New Trustees are recruited by aiming to ensure all skill requirements are represented.

During the year the Trustees have had due regard to the guidance published by the Charity Commission on public benefit.

Financial Review

The Trust has made donations during the year of £201,144 (2021 - £63,321) which varied in size to various organisations. The cash funds at the end of the year were £27,872 (2021 - £146,278). The value of the investments fund was £1,763,184 (2021 - £1,907,651).

The net deficit in the year was £118,406 (2021 - deficit of £9,414). A payment of £110,750 was made to the Southwold Millennium Foundation in January 2022 and a payment of £60,000 made to Southgen, a charity which is refurbishing the old hospital and converting it into a library.

Funds continue to be held to support future projects. A sum of £50,000 was committed for a period of two years to upgrade the clubhouse at the Southwold Tennis Club.

Reserves policy

The Trustees aim to maintain the capital value of reserves to generate future income and to donate current funds as they see fit. As a large part of expenditure relates to grants paid by the Trustees to worthy organisations within the Southwold area, the Trustees can reduce the amount of grants paid out to help maintain funds for future use. This would leave sufficient funds to cover all support and governance costs.

In accordance with the Trust Deed, the Trustees may at any time expend all or part of the capital of the Trust Fund for the purposes and in the manner authorised by the governing document, but this would only be in exceptional circumstances. The Trustees are also not bound to expend in any year the whole of the income but may retain funds for applications at a later time. Therefore the free reserves of the charity consist of the total value of the monetary and investment assets.

Grant making policy

The Trustees as before have concentrated on making grants to small local charities where need has been established. During the year the Trust made grants totalling £201,144, a breakdown of which is included in note 2.
