BOCKING UNITED CHARITIES
REPORT OF THE BOARD OF TRUSTEES
AND STATEMENT OF RESPONSIBILITIES
YEAR ENDED 30 JUNE 2024

The Board of Trustees present their report and the audited financial statements of Bocking United Charities (the Charity) for the year ended 30 June 2024.

Principal Activity

Bocking United Charities is a registered charity and a Registered Provider, owning property at Bocking Almhouses, Deans Walk. When considering the aims and objectives of the Charity the Trustees have referred to the guidance issued by the Charity Commission in respect of public benefit.

The Charity's primary purpose is to provide accommodation and support to the elderly and to adults with learning difficulties in Bocking and the surrounding area. The Charity's Scheme also enables the Charity to apply funds more generally for the benefit of either poor or deserving necessitous persons in the Bocking area.

In meeting its objectives, the Charity may assist individuals in need in the Bocking area by letting property, and contributing to the cost of services to support the health and wellbeing of those individuals.

All of the charitable activities focus on the provision of housing accommodation and support services within the Charity's 21 unit (27 beds) scheme in Bocking, and are undertaken to further the charitable purposes for the public benefit.

Results and review of the year, and future developments

The Charity made a surplus for the year £17,573 (2023: deficit £42,188). The result after property and investment revaluation is a profit of (deficit £268,953) (2023: deficit £36,165).

L&Q is stepping back from the provision of registered care services. Moving forward Bocking United Charities will assume responsibility for both housing and the delivery of care and support services. The Trustees would like to express their sincere gratitude to L&Q for their valuable contributions and unwavering support throughout the years.

To enhance the efficiency and accessibility of our care service, we have implemented a new care management system Care Beans. Furthermore, we have transitioned to online banking, making paper cheques a relic of the past.

In response to recent changes, we are delighted to welcome six new trustees to the team.

Trustees continue to pay particular attention to the care and maintenance of the buildings, especially the listed Alms Houses. Trustees continue to build relationships with local craftsmen to ensure sympathetic and economical repairs are carried out when necessary.

Board Members

The Members of the Board of Trustees during the year ended 30 June 2024 were as follows:

P Brown
M Moore
C Felton - Resigned 29/08/24
P. Whipps - Resigned 30/05/24
The Reverend R Reid
C Scolard - Appointed 30/05/24
S Harper - Appointed 30/05/24
C Woulfe - Appointed 27/06/24

Chairman: M Pratchett - Appointed 22/03/24

Chairman: D Mann - Resigned 09/03/24

Treasurer: D Smith - Resigned 31/08/24

REPORT OF THE BOARD OF TRUSTEES AND STATEMENT (continued)

The Trustees are responsible for preparing the Trustees' report and the financial statements in accordance with applicable law and regulations. In preparing those financial statements the Committee is required to:

- > select suitable financial policies and apply them consistently;
- > make judgements and estimates that are reasonable and prudent;
- > follow applicable United Kingdom Accounting Standards and the Housing SORP 2018
- > prepare the financial statements on a going concern basis, unless it is inappropriate to presume that the Charity will not continue in business.

The Board of Trustees is responsible for ensuring that arrangements are made for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the Charity and to enable them to ensure that the financial statements comply with the Charity's Act 2011, the Housing and Regeneration Act 2008 and the Accounting Direction for Private Registered Providers of Social Housing 2019. It is responsible for maintaining a satisfactory system of control over the accounting records and transactions and for safeguarding the assets of the Charity and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Internal financial control

The Board of Trustees is responsible for the Charity's system of internal financial control. Although no system of internal financial control can provide absolute assurance against material misstatement or loss, the Charity's system is designed to provide the committee with reasonable assurance that problems are identified on a timely basis and dealt with appropriately; that assets are safeguarded against unauthorised use or disposition; that proper accounting records are maintained; and that the financial information used within the Charity or for publication is reliable.

Governance Code

In May 2018 the charity adopted a new Code of Governance – the Charity Governance Code. An analysis of the new code has been undertaken and there are currently two areas where the board is not fully compliant:

- Section 4.6.4 which requires boards to regularly consider information from other similar organisations to compare or benchmark the organisation's performance. Given the Charity's specialist nature there have been difficulties in identifying a similar sized organisation to benchmark against.
- Section 6.5.1 and 6.5.2 which requires that plans are in place to monitor and achieve the board's diversity objectives and publishes the steps taken to address diversity and accessibility of the board. Given the size and demographic of the local area the board feels it is representative of the area it works in however this is an area we continue to review when opportunities to recruit to the board arise.

All reasonable endeavours will be made to ensure that identified gaps will be addressed during the coming year.

REPORT OF THE BOARD OF TRUSTEES AND STATEMENT (continued)

Value For Money (VFM)

VFM is about achieving the desired outcomes, for the best possible cost and maximum benefit.

VFM is defined as getting the right balance of inputs, process and outcomes, as described by the 3 Es:

- Economy: minimising the resources required;
- Efficiency: to accomplish something with the least waste of time and effort; and
- Effectiveness: the relationship between the intended and actual results.

The service level agreement between Bocking United Charities and L&Q Living Limited, embeds the controls that are required and will continue for the foreseeable future.

The Trustees review a quarterly performance report which highlights specific KPIs, such as rent arrears, void loss, and repairs. The financial performance which measures the actual cost against the agreed budget is also reviewed quarterly.

Given the specific nature of the housing stock, of the charity, together with its size and location, the Trustees consider that entering into the management arrangement with L&Q Living Limited is the best way of ensuring value for money for all stakeholders and, most particularly, Charity's residents.

Measuring value for money

Under the "Value for Money Standard 2018" issued by the Regulator, additional measures required to be reported annually by the Charity are:

Matrix	2024	2023
Reinvestment %	0.00%	0.00%
New Supply Delivered (Social Housing Units) %	0.00%	0.00%
New Supply Delivered (Non-Social Housing Units) %	0.00%	0.00%
Gearing %	N/A	N/A
EBITDA MRI Interest Cover %	N/A	N/A
Headline Social Housing Cost Per Unit	£ 6,044.54	£ 6,616.00
Operating Margin (social housing lettings only) %	5.38%	-27.57%
Operating Margin (overall) %	5.38%	-27.57%
Return on Capital Employed (ROCE) %	0.39%	-1.50%

The reinvestment metric looks at the investment in properties as a percentage of the value of total properties held at the end of the year. The Charity's reinvestment percentage is Nil - (2023: Nil), the nil position is as a result of no capital or component related works being completed in the year.

The new supply delivered metric sets out the number of new social housing and non-social housing units that have been acquired or developed in the year as a proportion of total social housing units and non-social housing units owned at period end. This metric is nil for the Charity as no development or units acquisition took place in the year.

Gearing assesses how much of the adjusted assets are made up of debt and the degree of dependence on debt finance. It is often a key indicator of a registered provider's appetite for growth. The EBITDA MRI interest cover measure is also a key indicator for liquidity and investment capacity. It seeks to measure the level of surplus that a registered provider generates compared to interest payable; the measure avoids any distortions stemming from the depreciation charge. Both of these metrics are not applicable to the Charity as they do not have any loan facilities.

The Charity's headline operating cost per social housing unit is £6,044.54 - (2023: £6,616.00)

REPORT OF THE BOARD OF TRUSTEES AND STATEMENT (continued)

Measuring value for money cont'd

The Charity's operating margin is 5.38% - (2023: -28%). The operating margin demonstrates the profitability of operating assets before exceptional expenses such as gain/loss on fixed asset disposal. The positive margins reflect the operating surplus in the current year. The operating margins (social lettings only and overall percentages) are the same results as the Charity has no other turnover except social housing activities.

The return on capital employed (ROCE) indicates how well the Charity makes a financial return on its assets. This Charity's ROCE is 0.39% - (2023:-1%).

Compliance with Regulator of Social Housing's Governance and Financial Viability Standard

We have undertaken a review of compliance with the Governance and Financial Viability Standard, which has been considered by the board. In our view, we continue to meet the standard.

Going concern

The Board of Trustees has a reasonable expectation that the Charity has adequate resources to continue in operation for the foreseeable future. For this reason, they continue to adopt the going concern basis in preparing the financial statements.

Reporting Accountants

The Reporting Accountants, Xeinadin South East, will be proposed for reappointment.

By order of the Board of Trustees

M Pratchett
Chair

Date: 28/5/2025

**BOCKING UNITED CHARITIES
REPORTING ACCOUNTANTS REPORT
FOR THE YEAR ENDED 30 JUNE 2024**

Accountants' report to the members of Bocking United Charities

We report on the accounts for the year ended 30 June 2024 set out on pages 6-20.

Respective responsibilities of the Board and Independent Reporting Accountant

The Board of the Registered Social Housing Provider is responsible for the preparation of the accounts, and they consider that the Registered Social Housing Provider is exempt from an audit. It is our responsibility to carry out procedures designed to enable us to report our opinion.

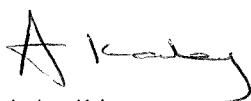

Basis of opinion

Our procedures consisted of comparing the accounts with the books of account kept by the Registered Social Housing Provider and making such limited enquiries of the officers of the Registered Social Housing Provider as we considered necessary for the purpose of this report. These procedures provide the only assurance expressed in our opinion.

Opinion

In our opinion:

- the accounts for the year ended 30 June 2024 are in accordance with the accounting records kept by the Registered Social Housing Provider under paragraph 135(2)(a) of the Housing and Regeneration Act 2008.
- having regard only to, and on the basis of, the information contained in the accounting records:
 - the accounts comply with the requirements of the Charities Act 2011;
 - the Registered Social Housing Provider has satisfied the condition for exemption from an audit of the accounts for the year ended 30 June 2024 specified in section 136(6) of the Housing and Regeneration Act 2008;
- the accounts comply with the requirements of the Housing Regeneration Act 2008 and the Accounting Direction for private registered providers of social housing in England 2019.

BOCKING UNITED CHARITIES
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2024

Notes

1 PRINCIPAL ACCOUNTING POLICIES

The following accounting policies have been applied consistently from one financial year to another and in dealing with items which are considered to be material in relation to the financial statements of Bocking United Charities (The Charity).

Basis of preparation

The financial statements have been prepared under the historical cost convention and in accordance with FRS 102 The Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102), and the Housing SORP 2018 Statement of Recommended Practice for registered social housing providers (Housing SORP 2018), and comply with the Accounting Requirements for Private Registered Providers of Social Housing 2019 (the Accounting Direction).

The Charity's presentation currency is Great Britain Pounds. Amounts are presented in Pounds.

The preparation of the financial statements in compliance with FRS 102 requires the use of certain critical accounting estimates. It also requires the Charity's management to exercise judgement in applying the Charity's accounting policies. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements are disclosed in note 2.

Going concern

The Charity's Board has a reasonable expectation that the Charity has adequate resources to continue in operational existence for the foreseeable future. These financial statements are prepared on a going concern basis.

Turnover

Turnover represents rental income (receivable net of rent losses from voids), other services included at the invoiced value (excluding VAT) of goods and services supplied in the year, revenue grants receivable in the year and amortisation of deferred capital grants.

Revenue recognition

Donations are recognised when the conditions, if any, for receipt have been met.

Housing properties

Housing properties are properties available for rent. Housing properties are initially measured at cost. The properties are then revalued every three years, restating them at fair value at the date of revaluation less any subsequent accumulated depreciation and subsequent accumulated impairment losses. Initial cost recognition includes the cost of acquiring land and buildings, development costs, interest charges incurred during the development period and expenditure incurred in respect of improvements which have resulted in an economic benefit to the Charity as well as directly incremental overhead costs and staff time associated with new developments, improvements and component-works. The fair value of the properties are determined by appraisal carried out on existing use basis by professional valuers.

Depreciation of housing properties

The Charity accounts for its expenditure on housing properties using component accounting. A housing property is divided into those major components which are considered to have substantially different useful economic lives. These components are then depreciated over their individual useful economic lives.

The components identified by the Charity and their respective useful economic lives are as follows:

Component	Useful Economic Life
Structure	50 Years
Kitchens	20 Years
Boilers	15 Years
Wiring	30 Years
Bathrooms	30 Years
Heating	30 Years
Roof	50 Years
Windows	30 Years
Lifts	30 Years

Where a separate identified and depreciated component of an existing property is replaced, the carrying value of the component is expensed and the cost of the replacement component capitalised.

Expenditure on items not separately identified as components are capitalised if they result in an increase in the net rental stream over the life of the property, over the standard originally assessed when the property was first acquired or constructed.

Freehold land is not depreciated.

Other fixed assets and depreciation

Other fixed assets are stated at cost less accumulated depreciation. Depreciation is charged for a full year in the year of acquisition on a straight line basis with no charge in the year of disposal. The principal annual rates used for other assets are:

Security Lighting	25%
Motor Vehicles	25%

1 PRINCIPAL ACCOUNTING POLICIES (continued)

Impairment of tangible fixed assets

Tangible fixed assets (mainly housing properties) are assessed for indicators of impairment at each reporting date. Where indicators are identified a detailed assessment is then undertaken to determine the assets or cash generating units (CGUs) recoverable amount. The recoverable amount will be the higher of fair value less costs to sell, or Existing Use Valuation for Social Housing (EUV-SH), or Value in Use (in respect of assets held for their service potential) (VIU-SP). As allowed by Housing SORP 2014 the Charity uses Depreciated Replacement Cost (DRC) as a reasonable estimate of VIU-SP.

Where the carrying amount of an asset or CGU is deemed to exceed its recoverable amount, the excess will be recognised in the Income and Expenditure Account.

Financial assets

Basic financial assets, including tenant debtors and other debtors, cash and bank balances, are initially recognised at transaction price, unless the arrangement constitutes a financing transaction, where the transaction is measured at the present value of the future receipts discounted at a market rate of interest. Such assets are subsequently carried at amortised cost using the effective interest method.

Financial liabilities

Basic financial instruments, including trade and other creditors, and bank loans, are initially recognised at transaction price, unless the arrangement constitutes a financing transaction, where the instrument is measured at the present value of the future payments discounted at a market rate of interest.

Capital Development Grant

Capital Development Grant received in respect of completed properties at 30 June 2014 has been accounted for using the performance model. In applying this model, such grant has been presented as if it were originally recognised in the Income and Expenditure Account in the year it was receivable, and therefore has been included in brought forward Revenue Reserves.

Capital Development Grant is repayable in certain circumstances, primarily following the sale of a property. Where grant becomes repayable, a liability is created by charging the surplus on disposal with the value of the grant to be repaid.

Taxation

The Charity is exempt from tax on its charitable activities.

Cyclical maintenance

To the extent that it is probable that funds will be fully utilised over the course of the four year maintenance cycle, the amount of that funding is maintained in a cyclical maintenance designated reserve.

Emergency repairs

The emergency repairs reserve represents the proportion of funds deemed to be sufficient to cover the expenditure required to replace or repair items such as boilers that may breakdown or need repairing unexpectedly.

BOCKING UNITED CHARITIES
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 30 JUNE 2024

2 CRITICAL ACCOUNTING JUDGEMENTS AND ESTIMATION UNCERTAINTY (continued)

The preparation of financial statements in conformity with FRS 102 requires that management to exercise its judgement in the process of applying the Charity's accounting policies. Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

(a) Critical judgements in applying the Charity's accounting policies

(i) Determining whether an impairment review is required

Determining whether there are indicators of impairment of the Charity's tangible assets requires judgement. The following are considered to be indicators of impairment, but other events may indicate that an impairment review is required:

- A change in government policy, regulation or legislation;
- A reduction in demand for a property (either by type or location, possibly evidenced by increased voids);
- A reduction in the market value of shared ownership properties; and
- Obsolescence of a property (i.e. it is planned to regenerate the property by demolishing it).

(ii) The group of assets that constitutes a cash generating unit for impairment testing

Judgement is required when determining what the smallest identifiable group of assets that generates cash flows that are largely independent of the cash flows from other assets or groups of assets.

(b) Key accounting estimates and assumptions

The Charity makes estimates and assumptions concerning the future. The resulting accounting estimates will by definition, seldom equal the related results. The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are as follows:

(i) Useful economic lives of tangible fixed assets

Tangible fixed assets are depreciated over their useful lives taking into account residual values, where appropriate. The annual depreciation charge for tangible fixed assets is sensitive to changes in the estimated useful economic lives and residual values of the assets. The actual lives of the assets and residual values are assessed annually and may vary depending on a number of factors. In re-assessing asset lives, factors such as technological innovation, product life cycles and maintenance programmes are taken into account.

(ii) Impairment of debtors

The Charity makes an estimate of the recoverable value of tenant and other debtors. When assessing impairment of tenant and other debtors, management considers factors including the ageing profile of debtors and historical experience.
