COUNCIL MEMBERS' REPORT (INCLUDING DIRECTORS' REPORT)
FOR THE YEAR ENDED 31 DECEMBER 2024

The Members of the Council present their annual report and financial statements for the year ended 31 December 2024.

The financial statements have been prepared in accordance with the accounting policies set out in note 1 to the financial statements and comply with the charitable company's Memorandum and Articles of Association, the Companies Act 2006 and "Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019)".

Objectives and activities

The Freshgate Trust Foundation's objects are set out in the Memorandum of Association and comprise a wide variety of exclusively charitable purposes.

The Freshgate Trust Foundation is a grant making charity established in 1941 by Harry Brearley, the discoverer of stainless steel. His original aims of The Freshgate Trust Foundation were to provide grants to improve the social aspects of industrial life for fellow workers and their families.

The Freshgate Trust Foundation seeks to distribute substantially all of its net income after expenses each year. An application form is completed by all applicants. Completed application forms are reviewed by the Secretary and sorted according to the sphere into which each appeal falls. These applications are then considered at the Members of the Council meetings by the full board of Members of the Council and the level of appropriate grants determined according to a set of criteria established by the Members of the Council.

We have referred to the guidance contained in the Charity Commission's general guidance on public benefit when reviewing our aims and objectives.

In accordance with good, modern charity practice and present charity law, the Members of the Council have sought to establish a policy to meet the objectives whilst giving priority to organisations within the Sheffield and South Yorkshire area.

The Members of the Council have identified five specific spheres in which they feel that the objectives of the charity can best be met as follows:-

Education (including travel and training)
Heritage, restoration and environment
Music and the arts
Recreation (including holidays and sport)
Welfare, health and social care

The Members of the Council make grants to organisations with activities falling within the five spheres identified above. The grants awarded are summarised in note 5. The focus of the grants awarded is aimed to ensure the widest coverage of beneficiaries within those five spheres of activity.

Achievements and performance

The Freshgate Trust Foundation's objects to make grants to a variety of charitable causes have to be balanced with the need to maintain and grow a capital base which generates the income to enable The Freshgate Trust Foundation to make grants. The Members of the Council are satisfied with the performance achieved during the year. In meeting their objectives for the year, the Members of the Council have met at three main grant making meetings during the year to discuss the operation of the charity, review its activities and authorise payment of 59 grants awarded totalling £95,360 (2023 - 55 grants totalling £87,900). A summary of the beneficiaries of these grants is detailed in note 5 to the accounts. As outlined above, each application is reviewed initially by the Secretary in order to assess its eligibility within the trusts objectives and then is considered by the Members of the Council to determine the amount of any grant awarded.

The Freshgate Trust Foundation's income is generated from investments listed on the London Stock Exchange. These are managed on a discretionary basis by investment advisors who seek to achieve a balanced return of both income and capital growth. The performance of the stock market is outside the control of The Freshgate Trust Foundation and therefore the resultant income generated, and capital performance of its investments may impact on the level of grant income The Freshgate Trust Foundation is able to distribute.

Each application for grant aid is considered on its own merits. However the quantity of applications received and the level of grant aid requested is outside the control of The Freshgate Trust Foundation.

Financial review

Gross income for the year of £101,008 (2023 - £91,928) is approximately 10% higher than last year.

Net expenditure after charitable grants and administrative expenses for the year is £40,638 (2023 - net expenditure of £41,863). Net gains on investments amounted to £253,682 (2023 - £149,658). The total unrestricted income funds at the year end was £3,732,926 (2023 - £3,519,882).

It is the policy of The Freshgate Trust Foundation to maintain liquid unrestricted funds, which are the free reserves of The Freshgate Trust Foundation, at a level which equates to at least six months unrestricted expenditure excluding grants, currently around £23,000. This provides sufficient funds to cover management and administration and to respond to emergency applications for grants which arise from time to time. Liquid unrestricted funds were maintained above this level throughout the year and at the year end amounted to £60,982 cash.

The Members of the Council have appointed regulated investment managers to manage the investments on a discretionary basis with a medium/high attitude to risk. The portfolio asset allocation and benchmark indices are reviewed annually by the investment sub committee. The investment objectives are achieved by investing prudently in a broad range of fixed interest securities and equities which are quoted on a Recognised Investment Exchange and unit trusts and OEIC's which are authorized under the Financial Services and Markets Act 2000. No initial investment shall exceed 10% of the total value of the funds under management. Actual income received during the year was £101,008 (2023 £91,928).

The Members of the Council have considered areas of risk and have concluded that they have little exposure to risk save for stock market volatility. In this respect, they have appointed competent fund managers who are regulated and the Members of the Council have set the investment risk as "medium/high". The Members of the Council have competent professional advisors all of whom carry professional negligence insurance. The Secretary is a Partner in a firm of Chartered Accountants who is likewise insured in this office through her firm's cover. The Freshgate Trust Foundation's bankers are substantial and are regulated. The Freshgate Trust Foundation is purely a grant maker and does not give advice to any grant applicants save where else they can apply for funds or how else they might improve their award opportunity from The Freshgate Trust Foundation.

The Members of the Council intend to keep under continual review the operations of The Freshgate Trust Foundation in order to adapt to changes in the investment markets and in the areas of need for grant aid whilst being mindful of the original intentions of The Freshgate Trust Foundation when this was established by Harry Brearley over 80 years ago.

Charity information

The Freshgate Trust Foundation is a private company limited by guarantee incorporated in England and Wales. The registered office is The Hart Shaw Building, Europa Link, Sheffield Business Park, Sheffield, S9 1XU.

1.1 Accounting convention

The charity constitutes a public benefit entity as defined by FRS 102. The financial statements have been prepared in accordance with Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland issued in October 2019, the Financial Reporting Standard applicable in the United Kingdom and Republic of Ireland (FRS 102), the Charities Act 2011, the Companies Act 2006 and UK Generally Accepted Accounting Practice.

The financial statements are prepared on a going concern basis under the historical cost convention, modified to include the revaluation of investments.

The financial statements are presented in sterling, which is the functional currency of the charitable company. Monetary amounts in these financial statements are rounded to the nearest £.

The principal accounting policies are set out below.

1.2 Going concern

At the time of approving the accounts, the Members of the Council have a reasonable expectation that the charity has adequate resources to continue in operational existence for the foreseeable future. Thus the Members of the Council continue to adopt the going concern basis of accounting in preparing the accounts.

1.3 Charitable funds

Unrestricted funds are available for use at the discretion of the Members of the Council in furtherance of their charitable objectives.

The unrestricted fund represents the original gift and subsequent gifts and undistributed surpluses, together with realised and unrealised gains and losses on investments, all of which may be applied without restriction in furtherance of the objects of The Freshgate Trust Foundation.

1.4 Income

Income is recognised when the charitable company is legally entitled to it after any performance conditions have been met, the amounts can be measured reliably, and it is probable that income will be received.

1.5 Expenditure

Expenditure is included on an accruals basis.

Grants payable are charged in the year when the offer is conveyed to the recipient except in those cases where the offer is conditional, such grants being recognised as expenditure when the conditions are fulfilled.

Support costs are the running of The Freshgate Trust Foundation itself as an organisation.

1.6 Heritage assets

Gold pocket watch and chain formerly owned by Harry Brearley, at a cost of £1,500 (2023 - £1,500). This is currently on loan to The Company of Cutlers in Hallamshire.

1 Accounting policies

(Continued)

1.7 Fixed asset investments

Fixed asset investments are initially measured at transaction price excluding transaction costs, and are subsequently measured at fair value at each reporting date. Changes in fair value are recognised in net income/(expenditure) for the year. Transaction costs are expensed as incurred.

1.8 Cash and cash equivalents

Cash and cash equivalents include cash in hand, deposits held at call with banks, other short-term liquid investments with original maturities of three months or less, and bank overdrafts.

1.9 Financial instruments

The charitable company has elected to apply the provisions of Section 11 'Basic Financial Instruments' and Section 12 'Other Financial Instruments Issues' of FRS 102 to all of its financial instruments.

Financial instruments are recognised in the charitable company's balance sheet when the charitable company becomes party to the contractual provisions of the instrument.

Financial assets and liabilities are offset, with the net amounts presented in the financial statements, when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis or to realise the asset and settle the liability simultaneously.

Basic financial assets

Basic financial assets, which include debtors and cash and bank balances, are initially measured at transaction price including transaction costs and are subsequently carried at amortised cost using the effective interest method unless the arrangement constitutes a financing transaction, where the transaction is measured at the present value of the future receipts discounted at a market rate of interest. Financial assets classified as receivable within one year are not amortised.

Basic financial liabilities

Basic financial liabilities, including creditors, are initially recognised at transaction price unless the arrangement constitutes a financing transaction, where the debt instrument is measured at the present value of the future payments discounted at a market rate of interest. Financial liabilities classified as payable within one year are not amortised.

Debt instruments are subsequently carried at amortised cost, using the effective interest rate method.

Derecognition of financial liabilities

Financial liabilities are derecognised when the charitable company's contractual obligations expire or are discharged or cancelled.
