FRIENDS OF CHICHESTER HOSPITALS

TRUSTEES' REPORT

FOR THE YEAR ENDED 30 SEPTEMBER 2023

The trustees present their annual report and financial statements for the year ended 30 September 2023.

The financial statements have been prepared in accordance with the accounting policies set out in note 1 to the financial statements and comply with the charity's governing document, the Charities Act 2011 and "Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019)".

The Friends of Chichester Hospitals is a Registered Charity formed in 1948.

Objectives and activities

The charity's objectives are to encourage the interest and support of the local community in Chichester's National Health Service Hospitals, then three - The Royal West Sussex, St Richard's and Graylingwell.

The Royal West Sussex and St Richard's were progressively merged in the 1980's and today, St Richard's Hospital at Chichester serves as the General and Accident and Emergency Hospital for the Western area of West Sussex with a resident population of over 210,000 people. The main core of St Richard's moved into a new hospital in December 1996. The Accident and Emergency department was extensively enlarged and modernised in 1999 and 2000.

Graylingwell Hospital (now known as The Chichester Centre) is mainly located on its original site in Chichester and serves the same population with the provision of Mental Health and Community Services. Graylingwell has recently moved into modern accommodation, and some older facilities such as Harold Kidd Unit ceased to provide care in autumn 2021, but Connolly House is still providing care and is one of the older units.

The Friends exist to provide funds to supplement or enhance the resources of both hospitals for the benefit of patients and staff. This is achieved by operating a profitable, efficient Hospital Shop and Ward Trolley Service which provides good "value for money" confectionery, toiletries, newspapers and magazines, groceries and snacks. Additional funds are raised from legacies, In Memoriam donations and through fêtes, film shows, dances, flag days, raffles and by a group of members who pay for life membership of £50 or an Annual Subscription of £10.

The trustees have paid due regard to guidance issued by the Charity Commission in deciding what activities the charity should undertake.

FRIENDS OF CHICHESTER HOSPITALS

TRUSTEES' REPORT (CONTINUED)

FOR THE YEAR ENDED 30 SEPTEMBER 2023

Significant activities

The Unique Selling Point of the Friends of Chichester Hospitals is that they are fully voluntarily led and run Charity which keeps the overhead running costs to a minimum. This year's accounts verify this, and it is greatly appreciated by those who donate to us as they know that their gift is being used wisely.

Since the amalgamation of several hospitals, the University Hospitals Sussex Foundation trust is now fully operational and has over 20,000 employees. After several years of major changes in personnel and management, the structure within the hospital is now stable and there is a senior director and a director of nursing specifically for St Richard's. The Friends liaise closely with them which enables them to enhance the services they provide to support patients and staff.

There are 15 trustees and we have met regularly throughout the year. the trustees are ably assisted by two-part time assistants who run our office at St Richard's hospital.

During the year various fundraising events were held including the annual Christmas collection organised by Rotary clubs of Chichester around the cross in Chichester. We visited several village fetes for collection purposes but also to improve the profile and visibility of the Friends. Various raffles have been held. As is our tradition, we gave a small present bag to each patient unfortunate enough to be staying in hospital over the Christmas period.

The Friends shop, which is located on the ground floor in the outpatients at the hospital is growing month by month. The ward trolley round is also re-established and again is proving extremely popular amongst patients and staff. In addition to selling its goods to the wards, the trolley raises the profile of the friends around the hospital. The shop held regular free raffles for staff, to thank them for their hard work and diligence and these were greatly appreciated. There is always a very colourful display in the shop window.

Unlike most Friends shops ours is fully run by volunteers. It is managed by a team of three, two of whom are trustees. There are also over 50 volunteers giving their time willingly.

Our Volunteers are the Friends Greatest asset, and without them we would not be in such a strong position or indeed operating at all.

We received many donations in memoriam directly and through funeral directors. Donation also through the Just Giving website and the Charities Aid Foundation, and many of these are gift aided. However, by far the greatest source of our income was from legacies and our grateful thank goes out to all those who remembered us.

During the year one new trustee was appointed strengthening the existing trustee team. Two trustees left us during the year.

We must take this opportunity to thank all that have helped the friends of Chichester hospitals during the year by giving so generously that time to support this very worthwhile cause.

Achievements and performance

In the year to 30 September 2023 the Friends showed a deficit for the year of £102,603. This compares with a surplus for the previous year of £237,346.

This year the total incoming resources, after the costs of generating the funds, decreased slightly to £151,601 compared to £387,958 last year. As with most charities there are always ups and downs in the sources of our income.

The decrease in incoming resources is mainly due to a significant decrease in our legacy income despite an improvement in the Shop's trading results.

The Friends agreed to fund commitments this year of £240,714 compared with last year's commitments of £143,027. The Friends continue to make the hospital wards aware of the support available to them and have approved the majority of requests made by the wards in the year to 30 September 2023.

FRIENDS OF CHICHESTER HOSPITALS

TRUSTEES' REPORT (CONTINUED)

FOR THE YEAR ENDED 30 SEPTEMBER 2023

Fundraising activities

The shop continues to generate profits for the Friends. This year the amount of profit generated by the Shop increased to £44,020 (up from £32,087 last year). The result for the year is a testament to the efforts made by the Shop volunteers to find new and improved ways to provide a much needed service to the staff and patients of the hospital.

As ever, the shop volunteers have worked very hard to make sure that both the shop and trolley continued to provide a highly valued service to both the patients and staff of St Richards Hospital. Without this effort by the volunteers the Friends would not be able to continue offering this service; so, yet again we owe a big vote of thanks to all those who helped during the year.

Financial review

Reserves policy

The trustees aim to meet the requests for support received from the Hospitals wherever possible. In years when the suitable requests received from the hospitals is lower than the income received by the Friends the surplus arising is carried forward to fund requests in future years.

A significant part of the Friends' income is derived from legacies, which can vary from year to year. In order to ensure that the Friends are able to support the Hospitals in a year in which the legacy income is low a designated reserve had been established. In prior years this designated reserve received 10% of the legacies received in the year; in 2017 a decision was made not to increase the amount held in this designated reserve and this decision continued in the year to 30 September 2023.

Total reserves at the Balance Sheet date are £1,414,182 (2022: £1,516,785) of which £1,364,310 (2022: £1,466,171) are unrestricted and £49,872 (2022: £50,614) are restricted. During the year a decision was taken by the trustees to transfer the MRI Appeal designated funds back to general funds as the hospital has indicated that envisaged project will not proceed in a way that the charity can support.

Risk management

The trustees have considered whether there are any major risks that may adversely affect the continued operation of the Charity.

As the Charity has no employees or significant ongoing commitments and only agrees to fund requests from the hospitals when funds are available the Trustees consider there are no major risks that need to be addressed.

Plans for future periods

Future plans

2024 sees the 75th anniversary of The Friends and special events will be planned throughout the year to mark this prestigious occasion.

After a relatively quiet time for bids from the hospitals during the Covid period, we can confirm demand for our help is rising with an increasing number of bids for medical and other equipment being submitted.

We continue our good relationship with the Friends of the other hospitals in the trust, Brighton, Worthing, Haywards Heath, and Southlands. It must be noted that all Friends operate fully independently.

Our continued existence and the ability to meet the demands placed upon us depends on fund raising projects, legacies and memorial donations as well as the support of numerous volunteers who operate the friends shop in Saint Richard's hospital or help to run events. We are most grateful to these public-spirited individuals and organisations who continue to provide the support this valuable community charity deserves.

The future plans are to continue with the good work that the charity undertakes in providing valuable services to patients and visitors as well as funding vital medical equipment.

Structure, governance and management

The charity is controlled by its governing document, a deed of trust, and constitutes an unincorporated charity.

FRIENDS OF CHICHESTER HOSPITALS

TRUSTEES' REPORT (CONTINUED)

FOR THE YEAR ENDED 30 SEPTEMBER 2023

The trustees who served during the year and up to the date of signature of the financial statements were:

Mrs J Ramage

Mrs J Hepworth

Mr J Rowden

Mrs A Hobson

Mrs P Robertson

Mrs K Smee

Mrs J Stirland

(Resigned 24 October 2022)

Mrs L Dean Taylor

(Resigned 18 September 2023)

Mr R Stephens

Mr A M Keeling

Mr J E M Brotherton

Mr J C Turner

Ms L G Fraser

(Appointed 24 April 2023)

Ms M P Reed

Mr M Barge

Ms S M Medlow

(Appointed 11 March 2024)

The current trustees all have experience and knowledge of the local area and charity sector. They have not undertaken any specific induction or training because their previous involvement with charities and their general business experience was believed to be sufficient to ensure a full understanding of their duties and responsibilities both generally and specifically as they apply to charities. They are made aware of any changes in charity law which may affect their responsibilities.

The Friends is managed and run entirely by volunteers. The registered office is at St Richard's Hospital, Spitalfield Lane, Chichester, PO19 6SE where most of the administrative work is carried out. A committee is elected at the Annual General Meeting and they act as Trustees of the Registered Charity. The Committee consists of a President, four Officers (Chairman, Vice Chairman, Hon. Secretary and Hon. Treasurer) and up to fifteen Committee members. The committee meets not less than eight times annually to receive requests from the staff of both hospitals for financial support for the purchase or enhancement of medical equipment, and the provision of patient and staff amenities, such as comfortable seating in waiting areas and Christmas gifts. In order to ensure that requests are prioritised so that the limited funds are deployed wisely and effectively, the management of each Hospital initially vets each request. However, small bids of up to £5,000 can be submitted directly to the "officers" by Hospital wards or departments. The Friends maintain close and friendly relations with the management, staff and patients of both Hospitals so that a sympathetic response can be made to all requests for support.

Future trustees will be given induction and training as appropriate to acquaint them with the charity and its method of operation. On appointment new trustees will be briefed on their legal obligations under charity law, the content of the governing document, the committee and decision making processes and the recent financial performance of the charity.

The trustees' report was approved by the Board of Trustees.

FRIENDS OF CHICHESTER HOSPITALS

INDEPENDENT EXAMINER'S REPORT

TO THE TRUSTEES OF FRIENDS OF CHICHESTER HOSPITALS

I report to the trustees on my examination of the financial statements of Friends of Chichester Hospitals (the charity) for the year ended 30 September 2023.

Responsibilities and basis of report

As the trustees of the charity you are responsible for the preparation of the financial statements in accordance with the requirements of the Charities Act 2011 (the 2011 Act).

I report in respect of my examination of the charity's financial statements carried out under section 145 of the 2011 Act. In carrying out my examination I have followed all the applicable Directions given by the Charity Commission under section 145(5)(b) of the 2011 Act.

Independent examiner's statement

Since the charity's gross income exceeded £250,000 your examiner must be a member of a body listed in section 145 of the 2011 Act. I confirm that I am qualified to undertake the examination because I am a member of the Institute of Chartered Accountants in England and Wales, which is one of the listed bodies.

Your attention is drawn to the fact that the charity has prepared financial statements in accordance with Accounting and Reporting by Charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) in preference to the Accounting and Reporting by Charities: Statement of Recommended Practice issued on 1 April 2005 which is referred to in the extant regulations but has now been withdrawn.

I understand that this has been done in order for financial statements to provide a true and fair view in accordance with Generally Accepted Accounting Practice effective for reporting periods beginning on or after 1 January 2015.

I have completed my examination. I confirm that no matters have come to my attention in connection with the examination giving me cause to believe that in any material respect:

- 1 accounting records were not kept in respect of the charity as required by section 130 of the 2011 Act; or
- 2 the financial statements do not accord with those records; or
- 3 the financial statements do not comply with the applicable requirements concerning the form and content of accounts set out in the Charities (Accounts and Reports) Regulations 2008 other than any requirement that the accounts give a true and fair view which is not a matter considered as part of an independent examination.

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the financial statements to be reached.

FRIENDS OF CHICHESTER HOSPITALS

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 30 SEPTEMBER 2023

1 Accounting policies

Charity information

Friends of Chichester Hospitals is a charity registered in England governed by its trust deed dated 1955 as amended on 1 June 2016. Its principal address is Friends Office, St Richard's Hospital, Spitalfields Lane, Chichester, West Sussex.

1.1 Accounting convention

The financial statements have been prepared in accordance with the charity's governing document, the Charities Act 2011 and "Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019)". The charity is a Public Benefit Entity as defined by FRS 102.

The charity has taken advantage of the provisions in the SORP for charities applying FRS 102 Update Bulletin 1 not to prepare a Statement of Cash Flows.

The financial statements have departed from the Charities (Accounts and Reports) Regulations 2008 only to the extent required to provide a true and fair view. This departure has involved following the Statement of Recommended Practice for charities applying FRS 102 rather than the version of the Statement of Recommended Practice which is referred to in the Regulations but which has since been withdrawn.

The financial statements are prepared in sterling, which is the functional currency of the charity. Monetary amounts in these financial statements are rounded to the nearest £.

The financial statements have been prepared under the historical cost convention. The principal accounting policies adopted are set out below.

1.2 Going concern

At the time of approving the financial statements, the trustees have a reasonable expectation that the charity has adequate resources to continue in operational existence for the foreseeable future. Thus the trustees continue to adopt the going concern basis of accounting in preparing the financial statements.

1.3 Charitable funds

Unrestricted funds are available for use at the discretion of the trustees in furtherance of their charitable objectives.

Designated funds comprise funds which have been set aside at the discretion of the trustees for specific purposes. The purposes and uses of the designated funds are set out in the notes to the financial statements.

Restricted funds are subject to specific conditions by donors or grantors as to how they may be used. The purposes and uses of the restricted funds are set out in the notes to the financial statements.

1.4 Income

Income is recognised when the charity is legally entitled to it after any performance conditions have been met, the amounts can be measured reliably, and it is probable that income will be received.

Cash donations are recognised on receipt. Other donations are recognised once the charity has been notified of the donation, unless performance conditions require deferral of the amount. Income tax recoverable in relation to donations received under Gift Aid or deeds of covenant is recognised at the time of the donation.

Legacies are recognised on receipt or otherwise if the charity has been notified of an impending distribution, the amount is known, and receipt is expected. If the amount is not known, the legacy is treated as a contingent asset.

FRIENDS OF CHICHESTER HOSPITALS

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

FOR THE YEAR ENDED 30 SEPTEMBER 2023

1 Accounting policies

(Continued)

1.5 Expenditure

Liabilities are recognised as expenditure as soon as there is a legal or constructive obligation committing the charity to that expenditure, it is probable that a transfer of economic benefits will be required in settlement and the amount of the obligation can be measured reliably. Expenditure is accounted for on an accruals basis and has been classified under headings that aggregate all cost related to the category. Where costs cannot be directly attributed to particular headings they have been allocated to activities on a basis consistent with the use of resources.

Lapsed bids - If an approved bid is not completed within 12 months of it being approved by the Committee, the bid is deemed to lapse. The Committee will, however, reconsider the position if a bid is represented by the hospitals.

1.6 Tangible fixed assets

Tangible fixed assets are initially measured at cost and subsequently measured at cost or valuation, net of depreciation and any impairment losses.

Depreciation is recognised so as to write off the cost or valuation of assets less their residual values over their useful lives on the following bases:

Freezers	25% on reducing balance
Shop fittings	25% on reducing balance and 10% on cost
Computers	33% on reducing balance
Trolleys	10% on reducing balance
Sculpture	None

The gain or loss arising on the disposal of an asset is determined as the difference between the sale proceeds and the carrying value of the asset, and is recognised in the statement of financial activities.

1.7 Impairment of fixed assets

At each reporting end date, the charity reviews the carrying amounts of its tangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any).

1.8 Stocks

Stocks are valued at the lower of cost and net realisable value, after making due allowance for obsolete and slow moving items.

Net realisable value is the estimated selling price less all estimated costs of completion and costs to be incurred in marketing, selling and distribution.

1.9 Cash and cash equivalents

Cash and cash equivalents include cash in hand, deposits held at call with banks, other short-term liquid investments with original maturities of three months or less, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities.

FRIENDS OF CHICHESTER HOSPITALS

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

FOR THE YEAR ENDED 30 SEPTEMBER 2023

1 Accounting policies

(Continued)

1.10 Financial instruments

The charity has elected to apply the provisions of Section 11 'Basic Financial Instruments' and Section 12 'Other Financial Instruments Issues' of FRS 102 to all of its financial instruments.

Financial instruments are recognised in the charity's balance sheet when the charity becomes party to the contractual provisions of the instrument.

Financial assets and liabilities are offset, with the net amounts presented in the financial statements, when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis or to realise the asset and settle the liability simultaneously.

Basic financial assets

Basic financial assets, which include debtors and cash and bank balances, are initially measured at transaction price including transaction costs and are subsequently carried at amortised cost using the effective interest method unless the arrangement constitutes a financing transaction, where the transaction is measured at the present value of the future receipts discounted at a market rate of interest. Financial assets classified as receivable within one year are not amortised.

Basic financial liabilities

Basic financial liabilities, including creditors and bank loans are initially recognised at transaction price unless the arrangement constitutes a financing transaction, where the debt instrument is measured at the present value of the future payments discounted at a market rate of interest. Financial liabilities classified as payable within one year are not amortised.

Debt instruments are subsequently carried at amortised cost, using the effective interest rate method.

Trade creditors are obligations to pay for goods or services that have been acquired in the ordinary course of operations from suppliers. Amounts payable are classified as current liabilities if payment is due within one year or less. If not, they are presented as non-current liabilities. Trade creditors are recognised initially at transaction price and subsequently measured at amortised cost using the effective interest method.

Derecognition of financial liabilities

Financial liabilities are derecognised when the charity's contractual obligations expire or are discharged or cancelled.

2 Critical accounting estimates and judgements

In the application of the charity's accounting policies, the trustees are required to make judgements, estimates and assumptions about the carrying amount of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised where the revision affects only that period, or in the period of the revision and future periods where the revision affects both current and future periods.

	<u>56,707</u>	<u>6,766</u>	<u>(12,859)</u>	<u>50,614</u>

Ward Funds - A restricted fund for donations made to the Friends for specific wards within the Chichester hospitals.

Diabetic and Eye Units - A restricted fund for the purchase of equipment for the Diabetes Centre and the Eye Department.

Fletcher Unit - A restricted fund for the benefit of the Fletcher Unit for patient comforts.

18 Unrestricted funds

The unrestricted funds of the charity comprise the unexpended balances of donations and grants which are not subject to specific conditions by donors and grantors as to how they may be used. These include designated funds which have been set aside out of unrestricted funds by the trustees for specific purposes.

	At 1 October 2022	Incoming resources	Resources expended	Transfers	At 30 September 2023
