## **RAFA Eastbourne & Hailsham Branch**

### **TRUSTEES' REPORT**

The Trustees present their report with the financial statements of the Royal Air Force Association (RAFA) Eastbourne and Hailsham Branch (The Branch) for the year ended 31 December 2022. The Trustees have adopted the provisions of Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019).

#### **OBJECTIVES AND ACTIVITIES**

##### Objectives and aims:

The Branch is a Registered Charity (No. 231523) and its objects mirror those of its parent organisation, The Royal Air Forces Association. These objects are:

- a. To promote, through the comradeship engendered by its members, the welfare by charitable means of all serving and former members of our Air Forces, their spouses and dependants, together with the widows and widowers and dependants of those who died whilst serving or subsequently.
- b. To preserve the memory and honour the example, by charitable means, of our comrades or members of the Branch who have died in our Service.
- c. To advise members of the Branch, persons eligible for membership and their wives, widows and dependants, regarding service and other pensions, disability awards and civilian employment and to assist, by charitable means, such members and persons when sick or in need of such assistance.
- d. To co-operate with, or support, any other charitable organisation having exclusively charitable objects similar to the objects of the Branch.

#### **ACHIEVEMENT AND PERFORMANCE**

##### Charitable activities:

The Trustees' main charitable efforts during 2022 focussed on 2 primary areas:

1. The Trustees supported the assignment of funding from the Armed Forces Covenant Fund Trust (AFCFT), that was provided for the renovation of the RAFA Eastbourne & Hailsham Branch Club, which provides social, morale and mental well-being support to the RAF community in the Eastbourne and Hailsham area. The Branch placed and coordinated all building and services contracts to ensure that all the required work was carried out effectively, efficiently, to a good standard and represented value for money.
2. The Trustees spent considerable effort on fund-raising for the RAFA Wings Appeal. The primary activities were a local public lottery run over several months, and a combined Battle of Britain dinner and fund-raising auction. All lottery prizes and auction lots were kindly donated by companies and organisations, thereby minimising administration costs and maximising the return of funds for Wings Appeal. The combined events raised approximately £3500 for charitable causes.

## **RAFA Eastbourne & Hailsham Branch**

### **TRUSTEES' REPORT (continued)**

The planned annual Wings Appeal fund-raising week during September was cancelled, as it coincided with the Mourning Period for Her Late Majesty Queen Elizabeth II. This cancellation regrettably had a significant negative impact on our planned fund-raising capability over this period.

#### Governance and Welfare:

The Trustees have continued to review and republish governance procedures and have improved the Branch's communications capabilities and social media footprint.

The Trustees have continued to improve the Branch's welfare support capabilities by the appointment of a fully trained voluntary Welfare Officer (who is also a qualified RAFA Case Worker). The aim is to expand and extend Welfare support annually.

### **FINANCIAL REVIEW**

#### Principal funding sources:

Note 10 sets out an analysis of the assets attributable to the various funds and a description of the trusts. These assets are sufficient to meet the charity's obligations on a fund-by-fund basis.

#### Reserves Policy:

The Branch has promulgated a formal 2023 Financial Plan including a reserves policy. The Branch will retain at least one year's general operating costs and one year's projected welfare expenditure in low-risk investment accounts held with one of the UK's leading charitable investment banks. The Trustees recognise that the return on investment from these accounts may not match UK inflation but consider that higher risk accounts for potentially higher returns cannot be justified.

### **STRUCTURE, GOVERNANCE AND MANAGEMENT**

#### Governing document:

The charity is governed by the constitution of the Royal Air Forces Association.

#### Organisational structure:

The Board of Trustees as detailed on page 1 of this report, are responsible for the running of the Branch, as a Branch Committee under the guidance of RAFA Headquarters. Branch Committee meetings are bi-monthly and as required.

In addition to members of the Branch Committee, the Branch has several volunteers who assist with various functions undertaken, including Wings Appeals activities.

Approved by order of the Board of Trustees on 20 February 2023 and signed on its behalf by:

Wing Commander R Blunden RAF Rtd  
Branch Secretary and Trustee

**Statement of Trustees' Responsibilities**

The Trustees are responsible for preparing the Trustees' report and the financial statements in accordance with the United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice) and applicable law and regulations.

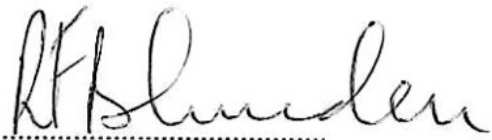

The law applicable to charities requires the trustees to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the charity and of the incoming resources and application of resources of the charity for that period. In preparing these financial statements, the trustees are required to:

- select suitable accounting policies and then apply them consistently.
- observe the methods and principles in the Charities SORP.
- make judgements and estimates that are reasonable and prudent.
- state whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charity will continue in business.

The Trustees are responsible for keeping proper accounting records that disclose with reasonable accuracy at any time the financial position of the charity and enable them to ensure that the financial statements comply with the Charities Act 2011, the Charities (Accounts and Reports) Regulations 2008, and the provisions of the constitution. The trustees are also responsible for safeguarding the assets of the charity and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The Trustees are responsible for the maintenance and integrity of the corporate and financial information included on the charitable company's website. Legislation governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions.

Approved by the Trustees of the charity on 20 February 2023 and signed on its behalf by:

Wing Commander R Blunden RAF Rtd  
Branch Secretary and Trustee

**RAFA Eastbourne & Hailsham Branch**

**Independent Examiner's Report to the Trustees  
of RAFA Eastbourne & Hailsham Branch**

I report to the trustees on my examination of the accounts of RAFA Eastbourne Branch for the year ended 31 December 2022.

**Responsibilities and basis of report**

As the charity trustees of RAFA Eastbourne Branch you are responsible for the preparation of the accounts in accordance with the requirements of the Charities Act 2011 ('the Act').

I report in respect of my examination of the RAFA Eastbourne Branch's accounts carried out under section 145 of the 2011 Act and in carrying out my examination I have followed all the applicable Directions given by the Charity Commission under section 145(5)(b) of the Act.

**Independent examiner's statement**

I have completed my examination. I confirm that no material matters have come to my attention in connection with the examination giving me cause to believe that in any material respect:

1. accounting records were not kept in respect of RAFA Eastbourne Branch as required by section 130 of the Act; or
2. the accounts do not accord with those records; or
3. the accounts do not comply with the accounting requirements concerning the form and content of accounts set out in the Charities (Accounts and Reports) Regulations 2008 other than any requirement that the accounts give a 'true and fair view' which is not a matter considered as part of an independent examination.

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.

.....  
Mr Gavin Clarke FCCA

## **RAFA Eastbourne and Hailsham Branch**

### **Notes to the Financial Statements for the Year Ended 31 December 2022**

#### **1 ACCOUNTING POLICIES**

##### **Statement of compliance**

The financial statements have been prepared in accordance with the second edition of the Charities Statement of Recommended Practice issued in October 2019, the Financial Reporting Standard applicable in the United Kingdom and Republic of Ireland (FRS 102) and the Charities Act 2011.

##### **Basis of preparation**

RAFA Eastbourne & Hailsham Branch meets the definition of a public benefit entity under FRS 102. The accounts (financial statements) have been prepared under the historical cost convention with items recognised at cost or transaction value unless otherwise stated in the relevant note(s) to these accounts.

##### **Going concern**

The Trustees consider that there are no material uncertainties about the charity's ability to continue as a going concern.

##### **Income and endowments**

Voluntary income including donations, gifts, legacies and grants that provide core funding or are of a general nature is recognised when the charity has entitlement to the income, it is probable that the income will be received, and the amount can be measured with sufficient reliability.

##### ***Donations and legacies***

Donations and legacies are recognised on a receivable basis when receipt is probable and the amount can be reliably measured.

##### ***Grants receivable***

Grants are recognised when the charity has an entitlement to the funds and any conditions linked to the grants have been met. Where performance conditions are attached to the grant and are yet to be met, the income is recognised as a liability and included on the balance sheet as deferred income to be released.

##### ***Gift aid***

Incoming resources from tax reclaims are included in the Statement of Financial Activities at the same time as the gift to which they relate.

##### ***Investment income***

Dividends are recognised once the dividend has been declared and notification has been received of the dividend due.

**Notes to the Financial Statements for the Year Ended 31 December 2022 (continued)**

**Expenditure**

All expenditure is recognised once there is a legal or constructive obligation to that expenditure, it is probable settlement is required and the amount can be measured reliably. All costs are allocated to the applicable expenditure heading that aggregate similar costs to that category. Where costs cannot be directly attributed to particular headings they have been allocated on a basis consistent with the use of resources, with central staff costs allocated on the basis of time spent, and depreciation charges allocated on the portion of the asset's use. Other support costs are allocated based on the spread of staff costs.

***Raising funds***

These are costs incurred in attracting voluntary income, the management of investments and those incurred in trading activities that raise funds.

***Charitable activities***

Charitable expenditure comprises those costs incurred by the charity in the delivery of its activities and services for its beneficiaries. It includes both costs that can be allocated directly to such activities and those costs of an indirect nature necessary to support them.

**Governance costs**

These include the costs attributable to the charity's compliance with constitutional and statutory requirements, including audit, strategic management and trustees' meetings and reimbursed expenses.

**Government grants**

Government grants are recognised based on the accrual model and are measured at the fair value of the asset received or receivable. Grants are classified as relating either to revenue or to assets. Grants relating to revenue are recognised in income over the period in which the related costs are recognised. Grants relating to assets are recognised over the expected useful life of the asset. Where part of a grant relating to an asset is deferred, it is recognised as deferred income.

**Taxation**

The charity is considered to pass the tests set out in Paragraph 1 Schedule 6 of the Finance Act 2010 and therefore it meets the definition of a charitable company for UK corporation tax purposes. Accordingly, the charity is potentially exempt from taxation in respect of income or capital gains received within categories covered by Chapter 3 Part 11 of the Corporation Tax Act 2010 or Section 256 of the Taxation of Chargeable Gains Act 1992, to the extent that such income or gains are applied exclusively to charitable purposes.

**Cash and cash equivalents**

Cash and cash equivalents comprise cash on hand and call deposits, and other short-term highly liquid investments that are readily convertible to a known amount of cash and are subject to an insignificant risk of change in value.

**Notes to the Financial Statements for the Year Ended 31 December 2022 (continued)**

**Borrowings**

Interest-bearing borrowings are initially recorded at fair value, net of transaction costs. Interest-bearing borrowings are subsequently carried at amortised cost, with the difference between the proceeds, net of transaction costs, and the amount due on redemption being recognised as a charge to the Statement of Financial Activities over the period of the relevant borrowing.

Interest expense is recognised on the basis of the effective interest method and is included in interest payable and similar charges.

Borrowings are classified as current liabilities unless the charity has an unconditional right to defer settlement of the liability for at least twelve months after the reporting date.

**Fund structure**

Unrestricted income funds are general funds that are available for use at the trustees discretion in furtherance of the objectives of the charity.

Restricted income funds are those donated for use in a particular area or for specific purposes, the use of which is restricted to that area or purpose.

**Financial instruments**

***Classification***

Financial assets and financial liabilities are recognised when the charity becomes a party to the contractual provisions of the instrument.

Financial liabilities and equity instruments are classified according to the substance of the contractual arrangements entered into. An equity instrument is any contract that evidences a residual interest in the assets of the charity after deducting all of its liabilities.

***Recognition and measurement***

All financial assets and liabilities are initially measured at transaction price (including transaction costs), except for those financial assets classified as at fair value through profit or loss, which are initially measured at fair value (which is normally the transaction price excluding transaction costs), unless the arrangement constitutes a financing transaction. If an arrangement constitutes a financing transaction, the financial asset or financial liability is measured at the present value of the future payments discounted at a market rate of interest for a similar debt instrument.

Financial assets and liabilities are only offset in the statement of financial position when, and only when there exists a legally enforceable right to set off the recognised amounts and the charity intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Financial assets are derecognised when and only when a) the contractual rights to the cash flows from the financial asset expire or are settled, b) the charity transfers to another party substantially all of the risks and rewards of ownership of the financial asset, or c) the charity,

**Notes to the Financial Statements for the Year Ended 31 December 2022 (continued)**

despite having retained some, but not all, significant risks and rewards of ownership, has transferred control of the asset to another party.

Financial liabilities are derecognised only when the obligation specified in the contract is discharged, cancelled or expires.

***Debt instruments***

Debt instruments which meet the following conditions are subsequently measured at amortised cost using the effective interest method:

- (a) The contractual return to the holder is (i) a fixed amount; (ii) a positive fixed rate or a positive variable rate; or (iii) a combination of a positive or a negative fixed rate and a positive variable rate.
- (b) The contract may provide for repayments of the principal or the return to the holder (but not both) to be linked to a single relevant observable index of general price inflation of the currency in which the debt instrument is denominated, provided such links are not leveraged.
- (c) The contract may provide for a determinable variation of the return to the holder during the life of the instrument, provided that (i) the new rate satisfies condition (a) and the variation is not contingent on future events other than (1) a change of a contractual variable rate; (2) to protect the holder against credit deterioration of the issuer; (3) changes in levies applied by a central bank or arising from changes in relevant taxation or law; or (ii) the new rate is a market rate of interest and satisfies condition (a).
- (d) There is no contractual provision that could, by its terms, result in the holder losing the principal amount or any interest attributable to the current period or prior periods.
- (e) Contractual provisions that permit the issuer to prepay a debt instrument or permit the holder to put it back to the issuer before maturity are not contingent on future events, other than to protect the holder against the credit deterioration of the issuer or a change in control of the issuer, or to protect the holder or issuer against changes in levies applied by a central bank or arising from changes in relevant taxation or law.
- (f) Contractual provisions may permit the extension of the term of the debt instrument, provided that the return to the holder and any other contractual provisions applicable during the extended term satisfy the conditions of paragraphs (a) to (c).

Debt instruments that are classified as payable or receivable within one year on initial recognition and which meet the above conditions are measured at the undiscounted amount of the cash or other consideration expected to be paid or received, net of impairment.

With the exception of some hedging instruments, other debt instruments not meeting these conditions are measured at fair value through profit or loss.

Commitments to make and receive loans which meet the conditions mentioned above are measured at cost (which may be nil) less impairment.

Notes to the Financial Statements for the Year Ended 31 December 2022 (continued)

***Investments***

Investments in non-convertible preference shares and non-puttable ordinary or preference shares (where shares are publicly traded or their fair value is reliably measurable) are measured at fair value through profit or loss. Where fair value cannot be measured reliably, investments are measured at cost less impairment.

Investments in subsidiaries and associates are measured at cost less impairment. For investments in subsidiaries acquired for consideration including the issue of shares qualifying for merger relief, cost is measured by reference to the nominal value of the shares issued plus fair value of other consideration. Any premium is ignored.

***Derivative financial instruments***

The charity uses derivative financial instruments to reduce exposure to foreign exchange risk and interest rate movements. The charity does not hold or issue derivative financial instruments for speculative purposes.

Derivatives are initially recognised at fair value at the date a derivative contract is entered into and are subsequently remeasured to their fair value at each reporting date. The resulting gain or loss is recognised in statement of financial activities immediately unless the derivative is designated and effective as a hedging instrument, in which event the timing of the recognition in statement of financial activities depends on the nature of the hedge relationship.

***Fair value measurement***

The best evidence of fair value is a quoted price for an identical asset in an active market. When quoted prices are unavailable, the price of a recent transaction for an identical asset provides evidence of fair value as long as there has not been a significant change in economic circumstances or a significant lapse of time since the transaction took place. If the market is not active and recent transactions of an identical asset on their own are not a good estimate of fair value, the fair value is estimated by using a valuation technique.
