The objects of the charity are to bring together Christians in communion with the See of Canterbury for mutual assistance in the work of the Christian church and to support and further charitable undertakings, particularly those which popularise the Catholic faith. To achieve these objects, the Society aims to carry out the following activities:

- let out functional accommodation to other charitable organisations with similar objects and to Watts & Co Ltd., a long-established firm supplying ecclesiastical furnishings and vestments, who have been in Faith House since the 1960's;
- sponsor and produce new publications relating to the Anglican Church and the Christian faith, promote interest in historic Faith Press publications and host occasional conferences, lectures and symposiums on aspects of the Christian faith including Anglo-Catholicism;
- conserve an archive (material and online), including Faith Craft drawings and Faith Press publications and make these available to scholars;
- administer the Hoare Trust, which grant-aids the conservation and provision of ecclesiastical needlework, especially in needy parishes;
- administer the Liddon Fund, holding the annual Liddon Lecture, awarding grants to young scholars for advanced theological study, and for retreats.
- make meeting space available in Faith House for other church and charitable organisations;
- make donations from its general fund in accordance with a donations policy.

The trustees have paid due regard to guidance issued by the Charity Commission in deciding what activities they should undertake for the public benefit.

Vacancies occurring in the trustee body between Annual General Meetings may be filled by the trustees in accordance with the Articles. There are currently 14 trustees. No trustee has any beneficial interest in the company. In the event of winding up, all trustees guarantee to contribute a sum not exceeding £10 each.

5. Achievements and performance

Last year, we reported on the many difficulties created by the Covid-19 pandemic. The pandemic continued throughout 2021, although the development and distribution of effective vaccines and treatments mitigated the effects to a considerable extent. In February 2022, a new threat to peace and prosperity emerged in the unprovoked invasion of Ukraine by Russia. This may have far-reaching effects which cannot, as yet, be quantified but, in the short to medium term, it will affect aspects of the economy, such as inflation.

The Court of Fellows met four times in 2021-2022: in June 2021 online via Zoom, and in September and December 2021 and February 2022 in the Douglas Room, Faith House. There was excellent participation at all meetings. At the Annual General Meeting, held in September because of previous Covid restrictions, the Revd David Lawrence-March was elected to join the Court of Fellows. Fr David has already become an active and valuable trustee.

The trustees have continued their policy of keeping Faith House in good order and fit for purpose. During the year, they took steps to upgrade some of the lighting and emergency lighting. They also installed an entryphone system in order to provide increased security for everybody working in the building, or visiting. The trustees are aware of the effects of climate change and the need to reduce dependency on fossil fuels. In consultation with their architect, they are looking at ways in which they might address these issues, although, for an historic building like Faith House, solutions are not easy to come by, especially over the crucial matter of heating. Dampness is another potential problem in this low-lying part of Westminster and, in 2021 and 2022, some work was carried out to address it, including the installation of a sump in the lower basement.

Grants and donations were made from both the general fund and the Liddon Fund. From the general fund, a donation of £300 was made to Westminster Abbey, where members had received a very warm welcome at the Eucharist on the day of the AGM. A donation of £3000 was made to the parish of St George, Headstone towards the cost of framing and displaying a valuable set of drawings made by Martin Travers for his 'Pictures of the English Liturgy'. The church at Headstone contains a substantial and well-cared-for collection of artefacts designed by both Travers and Faith Craft. A grant of £2500 was awarded from the Liddon Fund to a student at Robinson College, Cambridge towards the cost of a Master's degree in Christian Theology. Grants of £2500 were also awarded to a PhD student at Clare College, Cambridge and an MA student at the University of Exeter.

The Liddon Lecture took place on Zoom in November 2021 and was both well attended and much appreciated. The lecturer was Dr Robyn Wrigley-Carr, Associate Professor in Theology and Spirituality at Alphacrucis College and Adjunct Associate Professor of the Public and Contextual Theology Research Centre at Charles Sturt University, Australia. Dr Wrigley-Carr's subject was 'Evelyn Underhill: a Spiritual Ecumenist'.

5. Achievements and performance - continued

Despite the remaining Covid restrictions, a major project was begun in 2021, led by the Revd Stephen Tucker, under the heading 'The Way Forward'. This undertook both to examine the Society of the Faith's own work and mission in order to plan for the future, and also to consult and learn from other Anglican Catholic organisations. The project is ongoing but an early decision was to create two advisory committees, namely, the Activities and Publications Committee (replacing the former Publications Committee) and the Finance and Building Committee.

Faith House was very quiet during the Covid lockdowns but is beginning to be busier and livelier. The Douglas Room has started to be used again by the 'Faith House family' and other church/charity groups. However, it is still too early to say whether hybrid working and other Covid-related arrangements are to become the norm and whether, therefore, the charitable bodies which currently lease accommodation from us will seek smaller offices when their leases expire. Nevertheless, we feel that Faith House will remain a very attractive historic building for occupation by church and charitable bodies, in an advantageous location, for the foreseeable future.

6. Risk management

The trustees aim to maintain Faith House structurally in good order, to keep risk to a minimum, both financially and within the structure and occupation of Faith House, to encourage good relationships with the tenants, occupants and users of the building and to promote safely the charitable activities arising from the charity's objects. Faith House is normally well used both to raise income and as functional property. In order to limit financial risk, funds are invested in the well-respected Central Board of Finance (CBF) funds managed by CCLA. The building is insured by the Ecclesiastical Insurance Office, a well-established provider of insurance for churches and charities. Financial controls are firmly maintained and no single individual has financial or managerial control.

6. Risk management - continued

The trustees, recognising the importance of actively managing risk within Faith House, maintain and keep updated a health and safety file containing risk assessments and policies. Contracts are maintained for the servicing of fire alarms, fire extinguishers, emergency lighting and the heating boiler and thermostats. The Secretary is a trained fire marshal and all tenants are actively encouraged to keep their own procedures for emergency evacuation up to date. Fire drills are held at intervals. A risk register, together with a schedule for regular reviewing of all assessments and policies, ensures that potential risks are constantly kept in control.

Following inspections carried out by the Society's architect, Mr Michael Poteliakhoff, a continuous programme of repairs and maintenance has taken place. Small maintenance items are carried out routinely.

The Society depends for most of its income on the leases and tenancies in Faith House. These are kept under review and professional advice is regularly obtained. The current tenants, consisting mainly of church/interfaith charities and Watts and Company Ltd, reflect the Society's own charitable objects and mission very closely. The trustees consider it to be important for Faith House to be used and occupied in a way that both promotes the objects of the charity and serves the Church and community generally.

7. Reserves policy and total reserves

The trustees recognise the importance of maintaining a reserves policy in line with guidance from the Charity Commission. At present, the cost of running and maintaining the building and meeting business rates (with charitable rating relief) is around £50,000 per annum, not including improvement work or major repairs, and further funds are required to cover the costs of administration, including fees paid the the Secretary/Treasurer, and to cover periods when parts of the building may be untenanted. Although a proportion of the running costs is recoverable from tenants on a pro rata basis, the trustees consider it prudent to retain at least a year's costs in reserve in order to meet routine commitments and the additional responsibility of maintaining and upgrading an historic listed building which has been associated with the Church of England for 122 years. The trustees hope at some stage to replace the current boiler with a more energy-efficient one. The charity, without permanent endowment, relies on receiving income from invested funds as well as from rents. Bearing all these matters in mind, the trustees consider that around £75,000 should be kept easily accessible on deposit with the CBF for the time being, both to cover immediate needs and other commitments for a year, provide for emergencies and repairs and to produce an income, although the current base rate is only 0.25%. The current policy is to place all other unrestricted funds in the CBF Investment Fund. The position is kept under constant review and was last reviewed in Februarv 2022. Funds held in the two restricted funds are not available for general use.

8. Data protection

The trustees comply with the provisions of the Data Protection Act 2018, which incorporates the General Data Protection Regulation (known as the GDPR), which came into force in May 2018. They maintain a data protection policy and policy statement, with a separate privacy notice for the Liddon Fund which is issued to applicants. All of the Society's activities are on a not-for-profit basis.

9. Climate change

The trustees are aware of their general responsibility to aim to make Faith House energy-efficient and well insulated. The building, which is over 120 years' old and listed as being of historic and architectural importance, presents many challenges. There are large windows, some high ceilings and an ageing gas-fired central heating system. Although some steps have been taken already to insulate loft spaces and reduce draughts, much requires to be done. During 2022, expert advice is to be sought on how best to heat the building and on further insulation, including the possibility of installing secondary glazing.

10. Trustees' responsibilities in relation to the financial statements

Company law requires the trustees to prepare financial statements that give a true and fair view of the state of affairs of the charity at the end of the financial year and of its surplus or deficit for the financial year. In doing so, the trustees are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charity will continue in business.

The trustees are responsible for maintaining proper accounting records which disclose with reasonable accuracy at any time the financial position of the charity and enables them to ensure that the financial statements comply with the Companies Act 2006. The trustees are also responsible for safeguarding the assets of the charity and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

11. Independent Examiners

At the Annual General Meeting held on 28 September 2021, Mr. John Howard of Azets (City of London branch) was appointed as the Independent Examiner until the next Annual General Meeting. The trustees record their thanks to Mr. Howard and Azets for undertaking last year's examination during the Covid restrictions. (Proposer: Dr. Andrew Hobley; Seconder: Mrs. Margery Roberts.)

All expenditure on the Faith House building is written off in the year as repairs and maintenance.

1.10 Governance Costs

Governance costs comprise all costs involving the public accountability of the charity and its compliance with regulations and good practice. This cost is now showing on the Statement of Financial Activities within Other Charitable activities.

1.11 Cash and cash equivalents

Cash and cash equivalents include cash in hand, deposits held at call with banks, other short-term liquid investments with original maturities of three months or less, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities.

a) Basic financial assets

Basic financial assets, which include debtors and cash and bank balances, are initially measured at transaction price including transaction costs and are subsequently carried at amortised cost using the effective interest method unless the arrangement constitutes a financial transaction, where the transaction is measured at the present value of the future receipts discounted at a market rate of interest. Financial assets classified as receivable within one year are not amortised.

b) Basic financial liabilities

Basic financial liabilities, including creditors and bank loans are initially recognised at transaction price unless the arrangement constitutes a financing transaction, where the debt instrument is measured at the present value of the future receipts discounted at a market rate of interest. Financial liabilities classified as payable within one year are not amortised.

Debt instruments are subsequently carried at amortised cost, using the effective interest rate method.

Trade creditors are obligations to pay for goods or services that have been acquired in the ordinary course of operations from suppliers. Amounts payable are classified as current liabilities if payment is due within one year or less. If not, they are presented as non-current liabilities. Trade creditors are recognised initially at transaction price and subsequently measured at amortised cost using the effective interest method.

c) Derecognition of financial liabilities

Financial liabilities are derecognised when the charity's contractual obligations expire or are discharged or cancelled.

2. Critical accounting estimates and judgements

In the application of the charity's accounting policies, the trustees are required to make judgements, estimates and assumptions about the carrying amount of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised where the revision affects only that period, or in the period of the revision and future periods where the revisions affects both current and future periods.

The unrestricted fund is held for the objectives of the charity.

Funds held in the two restricted funds are not available for general use. The funds use are as follows;
Hoare Trust, which grant-aids the conservation and provision of ecclesiastical needlework;
Liddon Fund, holding the annual Liddon Lecture and awarding grants to young scholars for advanced theological study, and for retreats.

The unrestricted fund as at 1 April 2015 has been reinstated to reflect the presentation of tangible fixed assets to comply with SORP and FRS 102. The value of the property known as 'Faith House' is now included as a tangible fixed asset of £35,000 (2021 £35,000). The requirement of obtaining an annual valuation has made it cost prohibitive to record the asset as an investment at fair value.
