Achievements and Performance

	SORP reference	

<p>Summary of the main achievements of the charity, identifying the difference the charity's work has made to the circumstances of its beneficiaries and any wider benefits to society as a whole.</p>	<p>Para 1.20</p>	<p>In April 2021 the Hall was still closed due to the world wide pandemic, and this time was put to good use by having improvements made to the building, in particular, improving access and use for those with disabilities. A ramp was built replacing the steps giving access to the front of the building, a pathway was built from the front of the building around the side to gain access to the doors at the rear, which are used as the main entrance from the car park. This path was to enable wheelchair users to gain easy access to the rear doors. A new disability toilet was built, with the site of the entrance doors at the rear moved, enabling more room for the toilet. Interior doors were widened to make access easier for wheelchair users. This has enabled a wider range of the community to access the services at the hall. Professional services were engaged to clean the carpets and upholstery. In the late summer months, support groups started returning to the centre, and church groups started up again. Many areas of the Gosport community benefit from the activities of the groups running in the Hall, as listed in this report above - members of the community many of who would not otherwise have the support and companionship provided.</p>

Further reserves are set aside for maintenance, computer / sound equipment replacement or repair, and general operating costs. Any excess to the reserves is currently being set aside for to pay for phase two of planned building improvements where planning permission has already been obtained.
