## **Trustees' Report**

The trustees present the annual report together with the financial statements of the Charity for the year ended 31 December 2021.

### **Objectives and activities**

#### ***Objects and aims***

In setting objectives and planning for activities, the Trustees have given due consideration to general guidance published by the Charity Commission relating to public benefit. In particular, the Trustees consider how planned activities will contribute to the aim and objectives they have set.

The Charity was established with the aim of providing temporary refuge for homeless animals. Animals of a domestic nature are offered for adoption to suitable members of the public. The Charity also cares for wild animals when necessary, and these animals are released into a suitable environment as soon as possible. If necessary, the Charity arranges the humane death of seriously injured or sick animals by qualified personnel. No animal or bird in need is ever turned away where they can be assured of clean, well maintained accommodation, will be well fed, will be provided with veterinary care and where they will be well looked after by dedicated staff.

It is the Charity's aim to promote kindness and prevent cruelty to animals.

Animals are placed in the care of the Charity by the public, police, local authorities and by the Society's own inspectors. Focus is placed on supporting the Society's Inspectorate in the Nottingham area.

#### ***Public benefit***

The trustees confirm that they have complied with the requirements of section 17 of the Charities Act 2011 to have due regard to the public benefit guidance published by the Charity Commission for England and Wales.

### **Achievements and performance**

The Branch is still active in all aspects of animal welfare despite the pandemic, dealing with 161 animals during 2021 (2020: 237 animals). At busy times during the year it is necessary to use private boarding facilities prior to finding available RSPCA accommodation. The Branch is grateful to Premier Pets who primarily provide this private boarding at a competitive rate and who are responsive to the Branch's on-going needs, as well as the Radcliffe Animal Shelter for their collaborative approach to enabling animals brought in to Branch care to be rehomed. This is financed by the Branch as boarding bills and veterinary treatments are a Branch responsibility, and together these overheads form a large part of the annual animal welfare expenditure. Branch continues to support Radcliffe Animal Shelter with a significant annual contribution.

Of the 161 animals that were dealt with by the Branch, 134 were neutered with the aid of the Branch during 2021 (2020: 89 neuters). Over many years we have run an assisted neutering service and, even though numbers are still lower than pre-pandemic years (2019: 273 neuters), we still believe it is important that we continue to carry on this valuable campaign into 2022 and beyond.

The Charity continues to work closely with Radcliffe Animal Shelter, contributing over £40,000 in 2021, with the aim to continue providing support in financial donations.

The Charity continues to investigate the potential to work with other non-RSPCA organisations for the promotion of animal welfare in Nottingham.

# **Royal Society for the Prevention of Cruelty to Animals Nottingham and Notts Branch**

## **Trustees' Report**

At year end, the Charity held £1,074,747 in non-cash investments (fixed asset investments). Our investment portfolio produced a gain of £297,418, however this is primarily due to a) reinvestment of the £100,000 withdrawn from the portfolio in August 2020 to provide the Branch with a financial buffer during the pandemic uncertainty, and b) a further £100,000 investment of legacy funds received following resolution of a protracted property sale in early 2021. Furthermore, it was decided by trustee vote to reinvest any portfolio gains, which is a change from the previous drawdown policy.

The Trustees have maintained their robust investment strategy and continue to manage the Charity's funds and investments with the support of HFL Financial Advisers Ltd, our investment and cash deposit strategy advisers, and Brewin Dolphin who act as our investment fund managers.

Our investment strategy takes into account our long-term needs, attitude to risk and our ethical requirements. Because the Charity still trades at a loss, and in order to ensure both long term survival and future development, we need to maintain sufficient funds to cover this deficit and take steps to protect our reserves (referred to as "funds" in the accounts) from the effects of inflation. Our investment risk profile is best described as "cautious with some risk". We take a moderate approach to risk and invest in well known, reputable and ethical institutions. Approximately 16% of our fixed asset investments are held in bonds issued by the UK government, major banks and financial institutions.

Our ethical stance means that we avoid investing in institutions whose activities may involve the use of animals for testing products, or cause harm to animals.

The Charity aims to invest 75% of our funds in long term funds, and keep 25% in cash. We have a strategy for our cash investments whereby we maximise the interest return we can make by investing in different term bonds and accounts of up to two years. The cash balances are held across different banking institutions to minimise the risk which a further banking crisis may pose to the Branch.

We are pleased to report that the Charity has continued to receive periodic reimbursement dividends from Kaupthing Singer & Friedlander Limited and that, to date, we have recovered nearly all of our investment from the failed Icelandic bank, a matter which we covered in previous annual reports.

### **Financial review**

The Statement of Financial Activities for the year is set out on page 8 of the financial statements. A summary of the financial results and the work of the Charity is set out below.

Income from donations and gifts received during the year amounted to £211,650 in comparison to £166,888 received during 2020. The Charity's financial statements for the year include legacy income of £171,814 receivable during 2021 compared to £133,080 receivable during 2020. Membership income was £803 in 2021 compared to £481 received in the year 2020.

Retail income was £56,151 compared to £34,520 in 2020. Direct charitable expenditure in relation to the reception, boarding and care of animals continues to absorb the greatest share of the Charity's expenditure. These costs equated to £312,720 this year, compared to £369,696 in 2020.

It is recognised nationally that fundraising trends have changed over the past few years and the Charity has worked to adapt its approach to income generation. Whilst both the retail charity shops at Hyson Green and Eastwood have a strong and established set of volunteers, there is still a need to recruit more to help with the day to day running of the charities.

Throughout the year, the Charity runs a number of promotional campaigns to boost the uptake of neutering vouchers.

# **Royal Society for the Prevention of Cruelty to Animals Nottingham and Notts Branch**

## **Trustees' Report**

### **Pay policy for senior staff**

The Branch manager is the only senior staff employed by the Charity. Her compensation package is reviewed on an annual basis by the Trustees.

### **Pensions**

The workplace pension was introduced in 2016 as a government requirement.

### ***Policy on reserves***

The Trustees have reviewed the reserves of the Charity. This review encompassed the nature of the income and expenditure streams, the need to match variable income with fixed commitments and the nature of the reserves. The Charity's general reserve remains strong and well-funded.

Throughout 2021, the Charity's reserves policy continued its two-fold objective: (a) To set aside sufficient contingency funds to cover unforeseen crises or extended periods of financial setback. (This cover is based on 12 months operating costs with £350,000 ring-fenced for this purpose); (b) To enable the long-term survival and future development of the Charity so that it may achieve the Society's objectives in an enduring and effective manner.

This policy will be reviewed during 2021 against the background of economic changes which accompanied the Covid-19 pandemic, and significant reductions in legacy income in recent years. The board continues to believe that the Charity faces a future which is likely to be characterised by fewer and lower value legacies than in the past. Our approach will therefore continue to be cautious and based on a realistic outlook for the future, but it should also be pointed out that the Charity's current total reserves remain strong.

The Trustees recognise that they should expend an appropriate proportion of available funds on the Society's charitable objectives within a reasonable period of time. However, any process which involves a significant depletion of reserves must be handled carefully and gradually. The investment funds we hold produce much needed income which helps to fund our animal care operations and limit the size of our operational deficit.

### **Plans for future periods**

#### ***Aims and key objectives for future periods***

Main Goals:

- Continued investment in one or more animal welfare projects

The charity will continue to work with the Inspectorate and other RSPCA Branches to invest in animal welfare projects. Whether this be buying equipment for the Inspectorate or continued funding support for other Branches.

Following on from achieving our commitment of investing more into the Radcliffe Animal Shelter, we will continue to support them financially. The renovation we helped fund in prior years have benefitted the local area in terms of animal welfare, public education and veterinary training. We look forward to continuing to provide help to similar projects in 2022.

- Establishing a stable source of income

The charity will continue to hold fundraising events throughout the year, and we will consider how these can be run with other charities.

# **Royal Society for the Prevention of Cruelty to Animals Nottingham and Notts Branch**

## **Trustees' Report**

Both our charity shops at Eastwood and Hyson Green continued to generate income despite the national lockdowns and store closures. Our dedicated staff have endlessly found creative ways to continue to raise funds for the Branch through this challenging and uncertain time. This steady income stream is considered to be particularly important in the backdrop of decreasing fundraising opportunities in the wider market.

Whilst we will continue investing in the Eastwood shop to ensure it remains a strong income generator, the trustees voted in December '21 to permanently close the Hyson Green shop front following continued and sustained risk of harm to our shop staff and volunteers. The pandemic has unfortunately contributed to a faster social decline in the Hyson Green area and our staff safety is paramount. Branch offices continue to operate behind closed doors whilst more suitable office and shop accommodation is found. The Charity will continue to work with the Inspectorate and other RSPCA Branches to invest in animal welfare projects.

### **Going concern**

After making appropriate enquiries, the Trustees have a reasonable expectation that the Charity has adequate resources to continue in operational existence for the foreseeable future. For this reason, they continue to adopt the going concern basis in preparing the financial statements. Further details regarding the adoption of the going concern basis can be found in the Accounting Policies.

The Trustees have considered the ongoing pandemic and are satisfied that the Charity has enough resources to cope with this. The Charity holds a significant amount of investments, therefore, should the need arise, the Charity has the option to sell the investments held which would support the Charity's ongoing operation.

### **Structure, governance and management**

#### ***Nature of governing document***

The principal object of the Charity is to use the freehold property for the reception, boarding, and adoption of, unwanted, lost, starving, injured or diseased animals, for the promotion of kindness, and prevention or suppression of cruelty to animals.

The Charity is governed under the RSPCA Rules for Branches 1 January 2003.

The Charity is constituted under the Royal Society for the Prevention of Cruelty to Animals Acts of 1932, 1940 and 1958.

#### ***Recruitment and appointment of trustees***

The Charity is administered by the Trustees. Trustees retire at each annual general meeting and can offer themselves up for re-election.

#### ***Induction and training of trustees***

Trustees are interviewed by officers of the Branch and are given an induction pack detailing the RSPCA Branch rules and objectives. Further training is available on request from the Branch Partnership Manager.

# **Royal Society for the Prevention of Cruelty to Animals Nottingham and Notts Branch**

## **Trustees' Report**

### ***Organisational structure***

The Rules of the Society confer upon the Council power to supervise and control the management and affairs of Branches. The Branch is controlled by elected Executive Officers and Committee Members. The Executive Officers are elected by the Branch Committee. During the year, the Trustees constantly review their composition and effectiveness in order to provide the best services to the charity. Trustees of the full board meet at least once every two months.

Day to day administration of the Branch is delegated to Jo Maddock, Branch Manager. Employees are consulted on issues of concern to them by means of regular staff meetings and are kept informed on specific matters directly by the management. The Charity believes that staff training is vital to animal welfare work, and staff have embarked on courses in practical skills of a comprehensive nature.

The Charity is grateful for the unstinting efforts of volunteers. It is impossible to estimate the enormous amount of time devoted, and value provided, by volunteers without whom the Charity would be unable to run its organisation so effectively and help so many animals in need.

We are equally grateful for the hard work, devotion to duty and long hours given by the Branch manager and staff in running the Charity so well and with so much commitment in the cause of animal welfare.

### ***Major risks and management of those risks***

#### ***Risk management***

The Trustees have assessed the major risks to which the Charity is exposed, in particular those related to the operations and finances of the Charity, and are satisfied that systems and procedures are in place to mitigate our exposure to major risks.

The Charity has adopted a low to medium risk return policy on its investment portfolio and this is reviewed every 6 months with our advisors.

The investments are managed by Brewin Dolphin on the basis of the regulations detailed in the RSPCA Act 1958 and the Trustees have given the investment managers discretion to manage the portfolio within the approved risk profile. The Trustees also benefit from the services of independent financial advisers, HFL Financial Advisers Ltd, who oversee and provide advice on the Charity's investment portfolio and cash deposits.

During the continued effects of the coronavirus pandemic, the charity is assessing these risks on a bi-weekly basis. We continue to follow government guidelines and have put our own procedures in place to mitigate our exposure to any financial or staff health risks. Whilst we accept that it is difficult to minimise financial risks during the periods in which the charity shops have been forced to close, we maintain that the health and safety of our staff is paramount and are ensuring the Charity is seizing the opportunities open to us (for example, the furlough scheme).

### **Financial instruments**

#### ***Objectives and policies***

The Charity's activities expose it to a number of financial risks including credit risk, cash flow risk and liquidity risk. The use of financial derivatives is governed by the Charity's policies approved by the board of trustees, which provide written principles on the use of financial derivatives to manage these risks. The Charity does not use derivative financial instruments for speculative purposes.

# **Royal Society for the Prevention of Cruelty to Animals Nottingham and Notts Branch**

## **Trustees' Report**

### ***Cash flow risk***

The Charity's activities expose it primarily to the financial risks of changes in foreign currency exchange rates and interest rates. The Charity uses foreign exchange forward contracts and interest rate swap contracts to hedge these exposures.

Interest bearing assets and liabilities are held at fixed rate to ensure certainty of cash flows.

### ***Credit risk***

The Charity's principal financial assets are bank balances and cash, trade and other receivables, and investments.

The Charity's credit risk is primarily attributable to its trade receivables. The amounts presented in the balance sheet are net of allowances for doubtful receivables. An allowance for impairment is made where there is an identified loss event which, based on previous experience, is evidence of a reduction in the recoverability of the cash flows.

The credit risk on liquid funds and derivative financial instruments is limited because the counterparties are banks with high credit-ratings assigned by international credit-rating agencies.

The Charity has no significant concentration of credit risk, with exposure spread over a large number of counterparties and customers.

### ***Liquidity risk***

In order to maintain liquidity to ensure that sufficient funds are available for ongoing operations and future developments, the Charity uses a mixture of long-term and short-term debt finance.

Further details regarding liquidity risk can be found in the Statement of accounting policies in the financial statements.

# Royal Society for the Prevention of Cruelty to Animals Nottingham and Notts Branch

## Trustees' Report

### Statement of Trustees' Responsibilities

The trustees are responsible for preparing the trustees' report and the financial statements in accordance with the United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice) and applicable law and regulations.

The law applicable to charities requires the trustees to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the Charity and of the incoming resources and application of resources of the Charity for that period. In preparing these financial statements, the trustees are required to:

- select suitable accounting policies and then apply them consistently;
- observe the methods and principles in the Charities SORP;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Charity will continue in business.

The trustees are responsible for keeping proper accounting records that disclose with reasonable accuracy at any time the financial position of the Charity and enable them to ensure that the financial statements comply with the Charities Act 2011, the applicable Charities (Accounts and Reports) Regulations, and the provisions of the constitution. The trustees are also responsible for safeguarding the assets of the Charity and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The annual report was approved by the trustees of the Charity on 23 May 2022 and signed on its behalf by:

  
L E Cook (Jun 6, 2022 11:44 GMT+1)  
.....  
Mrs L Cook Treasurer  
Trustee

  
Kerry Grinrod (Jun 6, 2022 22:39 GMT+1)  
.....  
Miss K Grinrod Chair  
Trustee

### **Independent Examiner's Report to the trustees of Royal Society for the Prevention of Cruelty to Animals Nottingham and Notts Branch**

I report to the trustees on my examination of the accounts of Royal Society for the Prevention of Cruelty to Animals Nottingham and Notts Branch for the year ended 31 December 2021.

#### **Responsibilities and basis of report**

As the Charity trustees of Royal Society for the Prevention of Cruelty to Animals Nottingham and Notts Branch you are responsible for the preparation of the accounts in accordance with the requirements of the Charities Act 2011 ('the Act').

I report in respect of my examination of the Royal Society for the Prevention of Cruelty to Animals Nottingham and Notts Branch's accounts carried out under section 145 of the 2011 Act and in carrying out my examination I have followed all the applicable Directions given by the Charity Commission under section 145(5)(b) of the Act.

#### **Independent examiner's statement**

Since Royal Society for the Prevention of Cruelty to Animals Nottingham and Notts Branch's gross income exceeded £250,000 your examiner must be a member of a body listed in section 145 of the 2011 Act. I confirm that I am qualified to undertake the examination because I am a member of The Institute of Chartered Accountants of England and Wales, which is one of the listed bodies.

I have completed my examination. I confirm that no material matters have come to my attention in connection with the examination giving me cause to believe that in any material respect:

1. accounting records were not kept in respect of Royal Society for the Prevention of Cruelty to Animals Nottingham and Notts Branch as required by section 130 of the Act; or
2. the accounts do not accord with those records; or
3. the accounts do not comply with the accounting requirements concerning the form and content of accounts set out in the Charities (Accounts and Reports) Regulations 2008 other than any requirement that the accounts give a 'true and fair view' which is not a matter considered as part of an independent examination.

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.

# **Royal Society for the Prevention of Cruelty to Animals Nottingham and Notts Branch**

## **Notes to the Financial Statements for the Year Ended 31 December 2021**

### **1 Accounting policies**

#### **Statement of compliance**

The financial statements have been prepared in accordance with the second edition of the Charities Statement of Recommended Practice issued in October 2019, the Financial Reporting Standard applicable in the United Kingdom and Republic of Ireland (FRS 102) and the Charities Act 2011.

The financial statements have been prepared to give a 'true and fair' view and have departed from the Charities (Accounts and Reports) Regulations 2008 only to the extent required to provide a 'true and fair view'. This departure has involved following the Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland issued in October 2019 rather than the Accounting and Reporting by Charities: Statement of Recommended Practice effective from 1 April 2005 which has since been withdrawn.

#### **Basis of preparation**

Royal Society for the Prevention of Cruelty to Animals Nottingham and Notts Branch meets the definition of a public benefit entity under FRS 102. The accounts (financial statements) have been prepared under the historical cost convention with items recognised at cost or transaction value unless otherwise stated in the relevant note(s) to these accounts.

#### **Exemption from preparing a cash flow statement**

The Charity opted to early adopt Bulletin 1 published on 2 February 2016 and have therefore not included a cash flow statement in these financial statements.

#### **Going concern**

The trustees consider that there are no material uncertainties about the Charity's ability to continue as a going concern.

#### **Income and endowments**

Voluntary income including donations, gifts, legacies and grants that provide core funding or are of a general nature is recognised when the Charity has entitlement to the income, it is probable that the income will be received and the amount can be measured with sufficient reliability.

#### ***Donations and legacies***

Donations and legacies are recognised on a receivable basis when receipt is probable and the amount can be reliably measured.

#### ***Grants receivable***

Grants are recognised when the Charity has an entitlement to the funds and any conditions linked to the grants have been met. Where performance conditions are attached to the grant and are yet to be met, the income is recognised as a liability and included on the balance sheet as deferred income to be released.

#### ***Gifts in kind***

Gifts in kind donated for distribution are included at valuation and recognised as income when they are distributed to the projects. Gifts donated for resale are included as income when they are sold. Donated facilities are included at the value to the Charity where this can be quantified and a third party is bearing the cost. No amounts are included in the financial statements for services donated by volunteers.

## **Royal Society for the Prevention of Cruelty to Animals Nottingham and Notts Branch**

### **Notes to the Financial Statements for the Year Ended 31 December 2021**

#### ***Gift aid***

Income tax recoverable in relation to donations received under Gift Aid or deeds of covenant is recognised at the time of the donation.

#### ***Investment income***

Dividends are recognised once the dividend has been declared and notification has been received of the dividend due.

#### **Expenditure**

All expenditure is recognised once there is a legal or constructive obligation to that expenditure, it is probable settlement is required and the amount can be measured reliably. All costs are allocated to the applicable expenditure heading that aggregate similar costs to that category. Where costs cannot be directly attributed to particular headings they have been allocated on a basis consistent with the use of resources, with central staff costs allocated on the basis of time spent, and depreciation charges allocated on the portion of the asset's use. Other support costs are allocated based on the spread of staff costs.

#### ***Raising funds***

These are costs incurred in attracting voluntary income, the management of investments and those incurred in trading activities that raise funds.

#### ***Charitable activities***

Direct charitable expenditure consists of boarding, treatment, spaying and general animal welfare costs, associated establishment costs, and wage costs relating to the caring of the animals. Fundraising costs are those incurred in seeking voluntary contributions. Support costs are those incurred directly in support of expenditure on the objects of the Charity and include relevant salaries and wages. Governance costs are those incurred in connection with administration of the Charity and compliance with constitutional and statutory requirements.

#### **Support costs**

Support costs include central functions and have been allocated to activity cost categories on a basis consistent with the use of resources, for example, allocating property costs by floor areas, or per capita, staff costs by the time spent and other costs by their usage.

#### **Governance costs**

These include the costs attributable to the Charity's compliance with constitutional and statutory requirements, including audit, strategic management and trustees's meetings and reimbursed expenses.

#### **Government grants**

Government grants are recognised based on the accrual model and are measured at the fair value of the asset received or receivable. Grants are classified as relating either to revenue or to assets. Grants relating to revenue are recognised in income over the period in which the related costs are recognised. Grants relating to assets are recognised over the expected useful life of the asset. Where part of a grant relating to an asset is deferred, it is recognised as deferred income.

# **Royal Society for the Prevention of Cruelty to Animals Nottingham and Notts Branch**

## **Notes to the Financial Statements for the Year Ended 31 December 2021**

### **Taxation**

The Charity is considered to pass the tests set out in Paragraph 1 Schedule 6 of the Finance Act 2010 and therefore it meets the definition of a charitable company for UK corporation tax purposes. Accordingly, the Charity is potentially exempt from taxation in respect of income or capital gains received within categories covered by Chapter 3 Part 11 of the Corporation Tax Act 2010 or Section 256 of the Taxation of Chargeable Gains Act 1992, to the extent that such income or gains are applied exclusively to charitable purposes.

### **Tangible fixed assets**

Individual fixed assets costing £1,000.00 or more are initially recorded at cost.

### **Depreciation and amortisation**

Depreciation is provided on tangible fixed assets so as to write off the cost or valuation, less any estimated residual value, over their expected useful economic life as follows:

<b>Asset class</b>	<b>Depreciation method and rate</b>
Freehold property	2% per annum of cost
Motor vehicles	33% per annum of cost
Fixtures and fittings	33% per annum of cost

### **Fixed asset investments**

Fixed asset investments, other than programme related investments, are included at market value at the balance sheet date. Realised gains and losses on investments are calculated as the difference between sales proceeds and their market value at the start of the year, or their subsequent cost, and are charged or credited to the Statement of Financial Activities in the period of disposal.

Unrealised gains and losses represent the movement in market values during the year and are credited or charged to the Statement of Financial Activities based on the market value at the year end.

### **Stock**

Stock is valued at the lower of cost and estimated selling price less costs to complete and sell, after due regard for obsolete and slow moving stocks. Cost is determined using the first-in, first-out (FIFO).

### **Trade debtors**

Trade debtors are amounts due from customers for merchandise sold or services performed in the ordinary course of business.

Trade debtors are recognised initially at the transaction price. They are subsequently measured at amortised cost using the effective interest method, less provision for impairment. A provision for the impairment of trade debtors is established when there is objective evidence that the Charity will not be able to collect all amounts due according to the original terms of the receivables.

### **Cash and cash equivalents**

Cash and cash equivalents comprise cash on hand and call deposits, and other short-term highly liquid investments that are readily convertible to a known amount of cash and are subject to an insignificant risk of change in value.

## **Royal Society for the Prevention of Cruelty to Animals Nottingham and Notts Branch**

### **Notes to the Financial Statements for the Year Ended 31 December 2021**

#### **Trade creditors**

Trade creditors are obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers. Accounts payable are classified as current liabilities if the charity does not have an unconditional right, at the end of the reporting period, to defer settlement of the creditor for at least twelve months after the reporting date. If there is an unconditional right to defer settlement for at least twelve months after the reporting date, they are presented as non-current liabilities.

Trade creditors are recognised initially at the transaction price.

#### **Borrowings**

Interest-bearing borrowings are initially recorded at fair value, net of transaction costs. Interest-bearing borrowings are subsequently carried at amortised cost, with the difference between the proceeds, net of transaction costs, and the amount due on redemption being recognised as a charge to the Statement of Financial Activities over the period of the relevant borrowing.

Interest expense is recognised on the basis of the effective interest method and is included in interest payable and similar charges.

Borrowings are classified as current liabilities unless the Charity has an unconditional right to defer settlement of the liability for at least twelve months after the reporting date.

#### **Fund structure**

Unrestricted income funds are general funds that are available for use at the trustees's discretion in furtherance of the objectives of the Charity.

Designated funds are unrestricted funds set aside for specific purposes at the discretion of the trustees.

#### **Pensions and other post retirement obligations**

The Charity operates a defined contribution pension scheme which is a pension plan under which fixed contributions are paid into a pension fund and the Charity has no legal or constructive obligation to pay further contributions even if the fund does not hold sufficient assets to pay all employees the benefits relating to employee service in the current and prior periods.

Contributions to defined contribution plans are recognised in the Statement of Financial Activities when they are due. If contribution payments exceed the contribution due for service, the excess is recognised as a prepayment.

#### **Financial instruments**

##### ***Classification***

Financial assets and financial liabilities are recognised when the Charity becomes a party to the contractual provisions of the instrument.

Financial liabilities and equity instruments are classified according to the substance of the contractual arrangements entered into. An equity instrument is any contract that evidences a residual interest in the assets of the Charity after deducting all of its liabilities.

## **Royal Society for the Prevention of Cruelty to Animals Nottingham and Notts Branch**

### **Notes to the Financial Statements for the Year Ended 31 December 2021**

#### ***Recognition and measurement***

All financial assets and liabilities are initially measured at transaction price (including transaction costs), except for those financial assets classified as at fair value through profit or loss, which are initially measured at fair value (which is normally the transaction price excluding transaction costs), unless the arrangement constitutes a financing transaction. If an arrangement constitutes a financing transaction, the financial asset or financial liability is measured at the present value of the future payments discounted at a market rate of interest for a similar debt instrument.

Financial assets and liabilities are only offset in the statement of financial position when, and only when there exists a legally enforceable right to set off the recognised amounts and the Charity intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Financial assets are derecognised when and only when a) the contractual rights to the cash flows from the financial asset expire or are settled, b) the Charity transfers to another party substantially all of the risks and rewards of ownership of the financial asset, or c) the Charity, despite having retained some, but not all, significant risks and rewards of ownership, has transferred control of the asset to another party.

Financial liabilities are derecognised only when the obligation specified in the contract is discharged, cancelled or expires.

#### ***Investments***

Investments in non-convertible preference shares and non-puttable ordinary or preference shares (where shares are publicly traded or their fair value is reliably measurable) are measured at fair value through profit or loss. Where fair value cannot be measured reliably, investments are measured at cost less impairment.

Investments in subsidiaries and associates are measured at cost less impairment. For investments in subsidiaries acquired for consideration including the issue of shares qualifying for merger relief, cost is measured by reference to the nominal value of the shares issued plus fair value of other consideration. Any premium is ignored.

#### ***Fair value measurement***

The best evidence of fair value is a quoted price for an identical asset in an active market. When quoted prices are unavailable, the price of a recent transaction for an identical asset provides evidence of fair value as long as there has not been a significant change in economic circumstances or a significant lapse of time since the transaction took place. If the market is not active and recent transactions of an identical asset on their own are not a good estimate of fair value, the fair value is estimated by using a valuation technique.

#### Basis of allocation

##### Reference

##### Method of allocation

Reception, boarding and care of strays

Support costs are those functions that assist the work of the charity but do not directly undertake charitable activities, Support costs include back office costs, finance, personnel, payroll and governance costs which support the trusts charitable activities. These costs have been allocated between the cost of direct costs and support costs on an individual basis, where overheads have been incurred which relate to both direct and support costs and fixed method of apportionment has been used.

## Notes to the Financial Statements for the Year Ended 31 December 2021

### Governance costs

	Unrestricted funds General £	Total 2021 £
Independent examiner fees		
Examination of the financial statements	2,310	2,310
Other fees paid to examiners	15,984	15,984
Legal fees	1,364	1,364
	<u>19,658</u>	<u>19,658</u>
	Unrestricted funds General £	Total 2020 £
Independent examiner fees		
Examination of the financial statements	2,250	2,250
Other fees paid to examiners	15,370	15,370
Legal fees	760	760
	<u>18,380</u>	<u>18,380</u>

### 8 Government grants

The charity has received support grants from local authorities and has benefited from the Coronavirus Job Support Scheme (CJRS) from central government.

The amount of grants recognised in the financial statements was £54,835 (2020 - £62,895).

### 9 Net incoming/outgoing resources

Net incoming/(outgoing) resources for the year include:

	2021 £	2020 £
Depreciation of fixed assets	(8,995)	(7,462)
Revaluation of freehold property	-	124,000

### 10 Trustees remuneration and expenses

No trustees, nor any persons connected with them, have received any remuneration from the Charity during the year.

No trustees have received any reimbursed expenses or any other benefits from the charity during the year.

## Royal Society for the Prevention of Cruelty to Animals Nottingham and Notts Branch

### Notes to the Financial Statements for the Year Ended 31 December 2021

#### 11 Staff costs

The aggregate payroll costs were as follows:

	2021 £	2020 £
<b>Staff costs during the year were:</b>		
Wages and salaries	162,568	152,053
Social security costs	7,782	6,542
Pension costs	3,944	3,602
	<u>174,294</u>	<u>162,197</u>

The monthly average number of persons (including senior management / leadership team) employed by the Charity during the year expressed as full time equivalents was as follows:

	2021 No	2020 No
Charitable activities	6	5
Management and administration	4	5
	<u>10</u>	<u>10</u>

No employee received emoluments of more than £60,000 during the year

The number of hours of time donated by general volunteers during the year is approximately 1,091 hours (2020: 195 hours). This has an approximate value of £9,669 (2020: £1,700) to the charity.

#### 12 Independent examiner's remuneration

	2021 £	2020 £
Examination of the financial statements	<u>2,310</u>	<u>2,250</u>
<b>Other fees to examiners</b>		
All other services	<u>15,984</u>	<u>15,370</u>

#### 13 Exceptional item

The investment held in Kaupthing Singer & Friedlander was provided against in full during the year ended 31 December 2008, due to the bank going into administration on 8 October 2008. The Charity has received compensation of £1,366 during the year (2020: £1,782) which has been classified as an exceptional item in the statement of financial activities.

#### 14 Taxation

The Charity is a registered charity and is therefore exempt from taxation.

## Notes to the Financial Statements for the Year Ended 31 December 2021

### 15 Tangible fixed assets

	Land and buildings £	Furniture and equipment £	Motor vehicles £	Total £
<b>Cost</b>				
At 1 January 2021	300,000	28,686	11,258	339,944
At 31 December 2021	300,000	28,686	11,258	339,944
<b>Depreciation</b>				
At 1 January 2021	-	25,352	11,258	36,610
Charge for the year	6,000	2,995	-	8,995
At 31 December 2021	6,000	28,347	11,258	45,605
<b>Net book value</b>				
At 31 December 2021	294,000	339	-	294,339
At 31 December 2020	300,000	3,334	-	303,334

### Revaluation

The fair value of the company's Land and buildings was revalued on 24 May 2021 by David Bladen BSc (Hons) MRICS Registered Valuer, of Musson Liggins, an independent valuer.

The freehold property was valued on an open market basis, assuming vacant possession, and the trustees believe that the valuation is appropriate for inclusion in the accounts as at 31 December 2021.

Had this class of asset been measured on a historical cost basis, their carrying amount would have been £108,198 (2020 - £109,311).

<b>Total unrestricted funds</b>	1,453,941	335,381	(310,090)	195,602	1,674,834
<b>Restricted funds</b>	<u>-</u>	<u>13,672</u>	<u>(13,672)</u>	<u>-</u>	<u>-</u>
<b>Total funds</b>	<u>1,453,941</u>	<u>349,053</u>	<u>(323,762)</u>	<u>195,602</u>	<u>1,674,834</u>

Included in unrestricted funds is a revaluation reserve of £185,802 (2020: £190,689).

	Balance at 1 January 2020 £	Incoming resources £	Resources expended £	Other recognised gains/(losses) £	Balance at 31 December 2020 £
<b>Unrestricted funds</b>					
General	929,230	281,652	(372,740)	115,799	953,941
Designated	<u>500,000</u>	<u>-</u>	<u>-</u>	<u>-</u>	<u>500,000</u>
<b>Total unrestricted funds</b>	1,429,230	281,652	(372,740)	115,799	1,453,941
<b>Restricted funds</b>	<u>-</u>	<u>4,700</u>	<u>(4,700)</u>	<u>-</u>	<u>-</u>
<b>Total funds</b>	<u>1,429,230</u>	<u>286,352</u>	<u>(377,440)</u>	<u>115,799</u>	<u>1,453,941</u>

The specific purposes for which the funds are to be applied are as follows:

The designated fund represents amounts set aside by the Trustees for specific future projects, which continue to be under review.

The restricted funds represents donations received towards the cost of spaying, veterinary charges, emergency boarding, and sick and injured animals. Donations are also made to local animal shelters in the form of boarding fees for taking in and caring of animals on behalf of the Branch. There are no assets or liabilities representing these funds at the year end as transfers are made from unrestricted funds to cover the full cost as shown in the Statement of Financial Activities.
