Swaziland Charitable Trust

Report of the Trustees **for the Year Ended 31 March 2023**

The trustees present their report with the financial statements of the charity for the year ended 31 March 2023. The trustees have adopted the provisions of Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2019).

OBJECTIVES AND ACTIVITIES

Objectives and aims

The principal activity of the Trust is to generate income and receive donations for the promotion of charitable activities for the benefit of the inhabitants of Eswatini. Special emphasis is given to Educational and Agricultural projects and assisting disadvantaged children. Assistance is primarily given in the form of grants to organisations and institutions which further the well being of the inhabitants of Eswatini. The trustees believe that these activities fulfil the Charities Commission's general guidance on public benefit.

ACHIEVEMENT AND PERFORMANCE

A broad range of organisations in Eswatini were supported and sponsorship of orphans continued.

FINANCIAL REVIEW

Investments and reserves

The Statement of Financial Activities splits the income between voluntary donations and investment income. The results of the property owning subsidiary are clearly identified and the notes to the accounts indicate that the summary profit and loss account presented for the subsidiary has been adjusted to eliminate cross charging between the two entities. A separate Statement of Financial Activities for the charity itself is not presented because the charity has taken advantage of the exemptions afforded by the SORP.

Net incoming resources available for charitable purposes amounted to £60,776 (2022: £40,673). Charitable donations made in the year amounted to £90,381 (2022: £76,931).

The fixed asset investments were revalued at 31 March 2023, resulting in a total unrealised net loss during the year of £22,080 (2022: £24,738) all in respect of securities. The investment properties were revalued during the year ending 31 March 2023, resulting in a total net unrealised gain during the year of £189,042 (2022: £nil).

The translation of the assets and liabilities and results of the Eswatini branch and subsidiary company has resulted in a translation loss of £56,282 (2022: £25,285 gain). The net movement in funds, of £76,299 gain (2022: £28,377 deficit), for the year has been transferred to the trust fund. A reserves policy was adopted in 2006, whereby net current assets should not fall below one year's grants budget. Net current assets are currently in excess of this level, standing at £121,716 (2022: £205,759). The trustees are of the opinion that the financial position of the charity is satisfactory.

FUTURE PLANS

The trustees plan to continue providing grants in a similar way, to continue the orphan support scheme and fund raising within the United Kingdom. Priority will be given to the raising of extra funds to ensure the uninterrupted education of sponsored orphans even when they start High School and educational costs exceed the means of most individual sponsors and to supporting their tertiary education.

Swaziland Charitable Trust

Report of the Trustees **for the Year Ended 31 March 2023**

STRUCTURE, GOVERNANCE AND MANAGEMENT

Governing document

The Trust is constituted under a trust deed dated 20 December 1968, with subsequent deeds of variation dated 3 November 1997 and 5 May 1998, and is registered as a charity (number 257666). The Trust's capital fund is invested in securities and real estate, the return on which is applied for such charitable purposes for the benefit of the inhabitants of Eswatini as the trustees shall think fit. The Trust seeks to continue its charitable activities primarily through careful stewardship of existing resources and though donations may be actively sought from time to time the Trust is not reliant upon any such donations.

The trustees are appointed by the Board of Trustees and have no fixed term of office. The Board of Trustees normally meets biannually to agree broad strategy and areas of activity, investment, reserves and grant making policy and risk management. A Finance Committee, made up of trustees and invited experts, meets periodically to oversee investments.

The Eswatini Board, whose members have specialist local expertise in Eswatini, meets two to four times each year to consider applications, decide on grants and to monitor the performance of grants made. Eswatini Board members are nominated by the Eswatini Board Chairman in consultation with the Trustees. Day to day monitoring of assistance given in Eswatini is delegated to a local manager and the execution of Trustees' decisions in the United Kingdom delegated to the Secretary by the Trustees.

Selection and appointment of Trustees

The training and induction for new Trustees will depend upon their existing experience, but all Trustees are provided with copies of policies, procedures, minutes, accounts, plans and other documents that they will need to undertake their role as Trustees. Induction tends to be done informally and is tailored specifically to the role.

The Trustees serving during the year under review are as shown below.

**Independent Examiner's Report to the Trustees of
Swaziland Charitable Trust**

Independent examiner's report to the trustees of Swaziland Charitable Trust

I report to the charity trustees on my examination of the accounts of Swaziland Charitable Trust (the Trust) for the year ended 31 March 2023.

Responsibilities and basis of report

As the charity trustees of the Trust you are responsible for the preparation of the accounts in accordance with the requirements of the Charities Act 2011 ('the Act').

I report in respect of my examination of the Trust's accounts carried out under section 145 of the Act and in carrying out my examination I have followed all applicable Directions given by the Charity Commission under section 145(5)(b) of the Act.

Independent examiner's statement

I have completed my examination. I confirm that no material matters have come to my attention in connection with the examination giving me cause to believe that in any material respect:

1. accounting records were not kept in respect of the Trust as required by section 130 of the Act; or
2. the accounts do not accord with those records; or
3. the accounts do not comply with the applicable requirements concerning the form and content of accounts set out in the Charities (Accounts and Reports) Regulations 2008 other than any requirement that the accounts give a true and fair view which is not a matter considered as part of an independent examination.

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.

The notes form part of these financial statements

Notes to the Financial Statements
for the Year Ended 31 March 2023

1. ACCOUNTING POLICIES

Basis of preparing the financial statements

The financial statements of the charity, which is a public benefit entity under FRS 102, have been prepared in accordance with the Charities SORP (FRS 102) 'Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2015)', Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' and the Charities Act 2011.

The financial statements have been prepared on a going concern basis under the historical cost convention with the exception of investments which are included at market value, as modified by the revaluation of certain assets. The financial statements are prepared in sterling which is the functional currency of the charity and are rounded to the nearest £.

Going concern

The financial statements have been prepared on a going concern basis as the trustees believe that no material uncertainties exist. The trustees have considered the level of funds held and the expected level of income and expenditure for 12 months from authorising these financial statements. The budgeted income and expenditure is sufficient with the level of reserves for the charity to be able to continue as a going concern.

Income

All income is recognised in the Statement of Financial Activities once the charity has entitlement to the funds, it is probable that the income will be received and the amount can be measured reliably.

For donations to be recognised the charity will have been notified of the amounts and the settlement date in writing. If there are conditions attached to the donation and this requires a level of performance before entitlement can be obtained then income is deferred until those conditions are fully met or the fulfilment of those conditions is within the control of the charity and it is probable that they will be fulfilled.

Investment income is earned through holding assets for investment purposes such as shares and property. It includes dividends, interest and rent. Where it is not practicable to identify investment management costs incurred within a scheme with reasonable accuracy the investment income is reported net of those costs. It is included when the amount can be measured reliably. Interest income is recognised using the effective interest method and dividend and rent income is recognised as the charity's right to receive payment is established.

Other income includes any income not falling into other income categories.

Expenditure

Liabilities are recognised as expenditure as soon as there is a legal or constructive obligation committing the charity to that expenditure, it is probable that a transfer of economic benefits will be required in settlement and the amount of the obligation can be measured reliably. Expenditure is accounted for on an accruals basis and has been classified under headings that aggregate all cost related to the category. Where costs cannot be directly attributed to particular headings they have been allocated to activities on a basis consistent with the use of resources.

Tangible fixed assets

Depreciation is provided at the following annual rates in the foreign currency in order to write off each asset over its useful life.

Leasehold Improvements Subsidiary	- Over remaining term of the lease
Office furniture and equipment Branch	- 25% on reducing balance
Office equipment UK	- 25% on reducing balance
Motor vehicles Subsidiary	- 25% on reducing balance
Office furniture and equipment Subsidiary	- 25% on reducing balance

Notes to the Financial Statements - continued
for the Year Ended 31 March 2023

1. ACCOUNTING POLICIES - continued

Investment property

Investment properties for which fair value can be measured reliably without undue cost or effort are measured at fair value at each reporting date with changes in fair value recognised in 'net gains / (losses) on investments' in the Statement of Financial Activities. Where investment properties are reclassified as functional fixed assets due to change of use they are transferred at the prevailing market rate.

Stocks

Stocks are valued at the lower of cost and net realisable value, after making due allowance for obsolete and slow moving items.

Taxation

The charity is exempt from tax on its charitable activities.

Fund accounting

General funds are unrestricted funds which are available for use at the discretion of the trustees in furtherance of the general objectives of the charity, and which have not been designated for other purposes.

Recognised gains and losses

All recognised gains and losses on investments are included in the SOFA.

Commission charged

Commission charged by the investment manager on the acquisitions of investments is included in the cost of the investment. The commission charged on the disposal of investments is treated as a charge against the realised gain or loss in the SOFA.

Foreign currencies

Monetary assets and liabilities denominated in foreign currencies, and transactions in foreign currencies, are translated at the rates of exchange prevailing at the accounting date. All differences are taken to the SOFA.

Tangible fixed assets owned by the subsidiaries are being depreciated in their own currency and translated at the rates of exchange prevailing at the accounting date. All differences are taken to the SOFA.

The Emalangeni (E) to Sterling (GBP) year end rate used was 1E = 0.04501 GBP (2022: 1E = 0.05252 GBP).

Financial instruments

The charity has only financial assets and financial liabilities of a kind that qualifies as basic financial instruments. Basic financial instruments are initially recognised at transaction value and subsequently measured at their settlement value with the exception of investment properties and listed investments which are measured at fair value.

Judgements and key sources of estimation uncertainty

The key source of estimation uncertainty at the reporting date that has a significant risk of causing a material adjustment to the carrying amount of assets and liabilities is investment property valuations (note 7).
