3 HIGHLIGHTS OF 2024

Income-Generating Projects

One of the biggest challenges for Dioceses is financial sustainability: Running churches, paying salaries and growing a Diocese is a struggle. MANNA's Mustard Seed Grant (given out annually) seeks to help alleviate this issue and it is given to a Diocese with an income-generating project proposal that the trustees think is most likely to succeed. The Diocese of Divina Esperanca in Angola set up a pharmacy last year which is now open and generating income (photo on front). The Diocese of Centro e Sul has been also setting up a pharmacy with a separate grant from MANNA. The Diocese of Rio Pungue has been given a Mustard Seed Fund grant to establish a vegetable and fruit farm which they are in the process of setting up.

'Juntos Pela Saúde Community Health project in Mozambique

MANNA has been supporting an innovative community health project in Lichinga, northern Mozambique. It educates women, girls, whole communities and secondary school students in key health topics such as malaria, diarrhoea, sexual health, pregnancy, nutrition, WASH, cholera, etc. It's successful and innovative methods means it is replicable and could grow fast with a steady stream of funding.

Child Nutrition project, Southern Angola

A group of 'Mamas' in southern Angola from the Mothers Union in the local Anglican church, have set up a Child Nutrition project in Cunene province, southern Angola. Recognising that malnutrition is a serious issue within their communities, they have been training volunteers to recognise the signs of malnutrition in young children and teaching mother's how to address the issue. The Episcopal Diocese of New Hampshire, USA has been supporting this project for many years: MANNA are now partnering with them too to strengthen this project.

Education & health projects run by the churches:
such as supporting a local preschool or setting up latrine covers reducing risk of serious health concerns in rural communities

Support due to Cyclones & extreme weather conditions
Mozambique is very vulnerable to extreme weather conditions causing widespread damage to homes, churches and diocesan buildings

Dioceses supporting internally displaced people from the violence in northern Mozambique

Support for the new provincial office - IAMA

How does MANNA support the churches in Mozambique & Angola?

Churches to combat widespread food insecurity across southern Angola due to drought

Peace clubs & community dialogue projects in northern Mozambique

Churches to run community development projects...
such as this savings project in Mozambique that reduces extreme poverty for women & vulnerable people

Support for salaries & clergy homes:
this is a key ongoing need for dioceses to find funds to pay salaries

Church buildings
All the 12 Dioceses have between 20-60 church buildings they need to look after. A lot are still traditionally built so they are aiming to build weather resilient churches

Running church groups
such as youth groups, women's & men groups, choirs etc that enables faith to deepen & grow

Ordinations and theological training...
as the Dioceses grow so does the need for more priests & more training

**Independent examiner's report
to the Trustees of the Mozambique and Angola Anglican Association (MANNA)**

I report to the trustees on my examination of the accounts of the above charity for the year ended 31 December 2024, which are set out on the following pages.

Respective responsibilities of trustees and examiner

As the charity's trustees, you are responsible for the preparation of the accounts in accordance with the requirements of the Charities Act 2011 ("the Act").

The charity's trustees consider that an audit is not required for this year under section 144(2) of the Charities Act 2011 (the 2011 Act) and that an independent examination is needed.

It is my responsibility to:

- examine the accounts under section 145 of the 2011 Act;
- follow the procedures laid down in the general directions given by the Charity Commission under section 145(5)(b) of the 2011 Act; and
- state whether particular matters have come to my attention.

Basis of independent examiner's report

My examination was carried out in accordance with the general directions given by the Charity Commission. An examination includes a review of the accounting records kept by the charity and a comparison of the accounts presented with those records. It also includes consideration of any unusual items or disclosures in the accounts and seeking explanations from you as trustees concerning any such matters. The procedures undertaken do not provide all the evidence that would be required in an audit, and consequently no opinion is given as to whether the accounts present a 'true and fair view' and the report is limited to those matters set out in the statement below.

Independent examiner's statement

In connection with my examination, no matter has come to my attention:

- which gives me reasonable cause to believe that in any material respect the requirements:
 - to keep accounting records in accordance with section 130 of the 2011 Act; and
 - to prepare accounts which accord with the accounting records and comply with the accounting requirements of the 2011 Acthave not been met; or
- to which, in my opinion, attention should be drawn in order to enable a proper understanding of the financial statements to be reached.

MANNA would like to express it's thanks to Rev. Joe Moffatt and Mrs Melba dos Santos for their invaluable contributions as trustees over the years. We would also like to welcome Rev. Preb. Joseph Fernandes as a new trustee.

MANNA is a registered with the UK Charity Commission.
It is a trust whose governing document is a constitution.

New trustees are appointed by existing trustees.

The objective of the MANNA is the furtherance of the work of the Anglican Communion in Mozambique & Angola and the broadening of the awareness of that work both within the wider Anglican Communion and to any potential partners. In leading the charity in 2024 the trustees have had regard to the Charity Commission's guidance on public benefit.

The trustees have set a reserves policy to maintain a minimum unrestricted reserve of £5,000 to ensure the charity can meet its ongoing obligations and respond to unforeseen needs.

5 KEY MOMENTS in 2023

WEBINARS highlighting 3 key projects

This year MANNA hosted 3 webinars to draw attention to some of the amazing work the Dioceses facilitate. Firstly the **Trauma Support Project** that the Diocese of Nampula, northern Mozambique has initiated in partnership with the Muslim community, setting up peace clubs and training community leaders in trauma healing skills. Secondly, the **community health projects** in Diocese of Niassa, Mozambique (see below) and thirdly a conversation between Bishop Filomena, the **first female** Bishop of IAMA and Bishop Lusa, London.

'JUNTOS PARA SAUDE' Community Health project in Mozambique

MANNA has been supporting and helping to grow funding for an innovative community health project in Lichinga, northern Mozambique. It educates women, girls, communities and secondary school students in key health topics such as malaria, diarrhoea, sexual health, pregnancy, nutrition, WASH, cholera, etc.

FIRST FEMALE Bishop of IAMA

Chair of MANNA, John Tasker was delighted to be present for a momentous occasion of the inauguration of the first female Bishop of IAMA - Bishop Filomena Teta to the Diocese of Bom Pastor, Angola.

WHEELCHAIRS for 10 Angolans

Working in partnership with Nora Sturges Health Centre, Lobito and the Diocese of Centro e Sul Angola, MANNA raised funds to purchase 10 wheelchairs for Angolans who had polio as children.

SUSTAINABILITY for Dioceses

Each year, MANNA gives a grant to one Diocese from the Mustard Seed Fund to support an income-generating project. This year the Diocese of Divina Esperanca in Angola has been setting up a pharmacy to create income to sustainably run the Diocese.

Education & health projects run by the churches:
such as supporting a local preschool or setting up latrine covers reducing risk of serious health concerns in rural communities

Support due to Cyclones & extreme weather conditions
Mozambique is very vulnerable to extreme weather conditions causing widespread damage to homes, churches and diocesan buildings

Dioceses supporting internally displaced people from the violence in northern Mozambique

Support for the new provincial office - IAMA

How does MANNA support the churches in Mozambique & Angola?

Churches to combat widespread food insecurity across southern Angola due to drought

Peace clubs & community dialogue projects in northern Mozambique

Churches to run community development projects...
such as this savings project in Mozambique that reduces extreme poverty for women & vulnerable people

Support for salaries & clergy homes:
this is a key ongoing need for dioceses to find funds to pay salaries

**Independent examiner's report
to the Trustees of the Mozambique and Angola Anglican Association (MANNA)**

I report to the trustees on my examination of the accounts of the above charity for the year ended 31 December 2023, which are set out on the following pages.

Respective responsibilities of trustees and examiner

As the charity's trustees, you are responsible for the preparation of the accounts in accordance with the requirements of the Charities Act 2011 ("the Act").

The charity's trustees consider that an audit is not required for this year under section 144(2) of the Charities Act 2011 (the 2011 Act) and that an independent examination is needed.

It is my responsibility to:

- examine the accounts under section 145 of the 2011 Act;
- follow the procedures laid down in the general directions given by the Charity Commission under section 145(5)(b) of the 2011 Act; and
- state whether particular matters have come to my attention.

Basis of independent examiner's report

My examination was carried out in accordance with the general directions given by the Charity Commission. An examination includes a review of the accounting records kept by the charity and a comparison of the accounts presented with those records. It also includes consideration of any unusual items or disclosures in the accounts and seeking explanations from you as trustees concerning any such matters. The procedures undertaken do not provide all the evidence that would be required in an audit, and consequently no opinion is given as to whether the accounts present a 'true and fair view' and the report is limited to those matters set out in the statement below.

Independent examiner's statement

In connection with my examination, no matter has come to my attention:

- which gives me reasonable cause to believe that in any material respect the requirements:
 - to keep accounting records in accordance with section 130 of the 2011 Act; and
 - to prepare accounts which accord with the accounting records and comply with the accounting requirements of the 2011 Acthave not been met; or
- to which, in my opinion, attention should be drawn in order to enable a proper understanding of the financial statements to be reached.

CLIMATE EMERGENCY in Mozambique and Angola

Both countries continue to suffer greatly from extreme weather conditions. All the Dioceses have been responding in a wide variety of ways that MANNA has been supporting. MANNA recognises that these severe weather emergencies are becoming the 'new normal' and we need to find ways together to develop the church's resilience.

ARCHBISHOP JUSTIN visits Cabo Delgado, Mozambique

Archbishop of Canterbury Justin Welby visited Maputo to celebrate the inauguration of the new Province IAMA and went on to visit the northern Diocese of Nampula, spending time with displaced people who had fled the violence and hearing their stories. From this, a pioneering trauma support project is emerging.

12 BISHOPS come to Lambeth conference

A momentous occasion that all the new Bishops and Dioceses were inaugurated in time for 12 Bishops to come to the UK for the Lambeth conference in the summer.

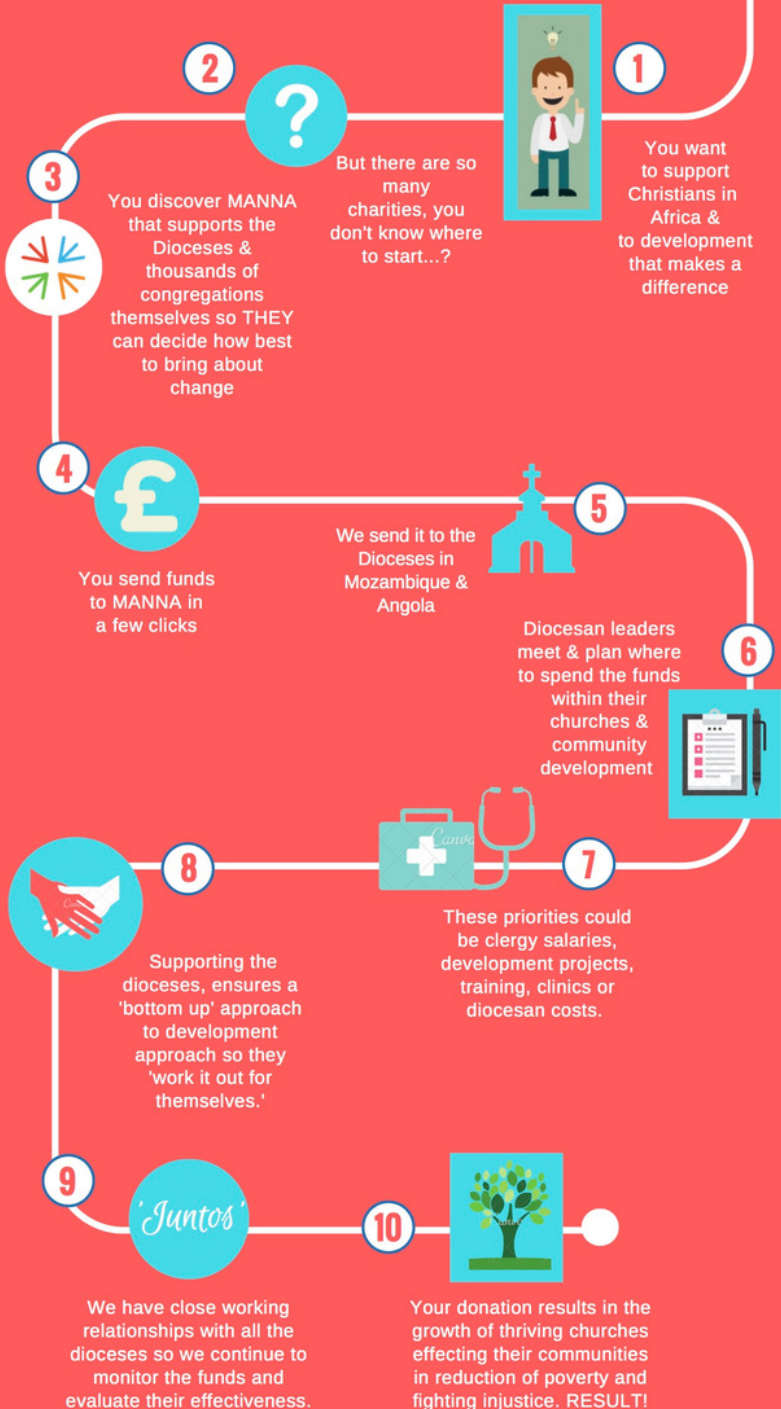

SUSTAINABILITY from the Mustard Seed Fund

MANNA gave two grants towards a bakery in the Diocese of Cristo Rei and a pharmacy in the Diocese of Divina Esperanca - both in Angola as income generating projects so they can work towards self-sufficiency.

Notes to the Accounts

The financial statements have been prepared in accordance with the Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard for Smaller Entities (Charities SORP FRSSE) (effective 1 January 2015) and applicable accounting standards. They are prepared on an accruals basis under the historical cost convention except that investment assets are shown at market value. The financial statements include all transactions, assets and liabilities for which MANNA is responsible.

Since the multiplication from 4 Dioceses to 12 in 2021, MANNA is now dividing general funds between 12 Dioceses and have begun the process of sending grants direct to all Dioceses on completion of satisfactory due diligence of financial controls within the new Dioceses.

- Tax rebates on earmarked Gift Aid donations are allocated to the same destination as the donation at the date the original donation is received, unless the donor requests otherwise. Gift aid claimed in 2022 was £4,425 (2021: £6,542)
- Investments are shown at market value.
- All amounts are shown in sterling.
- Funds are marked as restricted, designated or unrestricted:
 - Restricted funds can only be used for the purposes for which the donation was given;
 - Designated funds are funds that the Trustees have designated for certain purposes, eg The Mustard Seed fund ;
 - Unrestricted funds can be used at the Trustees' collective discretion

INVESTMENTS AND POLICY ON RESERVES

In 2018 the Trustees agreed to invest unrestricted legacies received during 2018 with CCLA – in their investment fund and property fund. The objectives identified for the investments were to:

- prevent inflation from eroding the real value of the capital
- maximise the investment income received without exposing the capital to significant investment risk
- adhere to the Church of England ethical guidelines (or similar).

The Trustees also agreed that 62.5% of all investments held would be placed in a designated fund and the income used to support projects that promote the Dioceses future self-sufficiency (known as the “Mustard Seed” fund). The income from remaining investments is to be used to offset the running expenses of the charity.

Movements in the valuations of the assets held were:

TRANSACTIONS WITH TRUSTEES

No Trustee received remuneration as part of their role of Trustee. Trustee's expenses were reimbursed on a receipted basis.

Donations made to the charity by Trustees during the year totalled £1,900 (2021: £2,840).

PUBLIC BENEFIT

The Trustees believe that the charity passes the Public Benefit Tests set by the Charity Commission. There are identifiable benefits for the advancement of religion, the relief of poverty and the furtherance of education across all Dioceses supported by the charity. These benefits are available to all who live in Mozambique and Angola, whether Anglican or not.

Some of the positive outcomes of this charitable support are described in detail on the website and in the regular magazine. Other positive outcomes are described by the close communication with Bishops, Diocesan staff through emails, ZOOMs, reports, whatsapp and webinars alongside in country visits.

RISK MANAGEMENT

The Trustees are committed to managing, and if practicable to reducing, the major risks that they have already identified. They also seek to identify new risks as they arise and subject them to the same process of management and reduction.

The Trustees are aware that MANNA is dependent on the co-operation of local church officers and auditors in Mozambique and Angola to ensure the proper accountability of funds spent locally. Receipt of audited accounts, showing how funds have been spent, is required by the trustees each year.

CONTINGENT LIABILITIES

There were no Contingent Liabilities over the year to 31/12/22 (2021: nil).

4 KEY MOMENTS in 2021

CONCERN in Cabo Delgado, Mozambique

In partnership with 4 other international funders, we worked with the Diocese of Nampula to fund a large plan supporting IDP's which focusses on relief, recovery and resettlement. This works broadly across health, food security, agricultural training and education.

JOY in the creation of the new Province - IAMA

The dreams are becoming a reality and 2021 saw a new Portuguese-speaking province emerge with 8 new missionary Dioceses. This means there are now a total of 12 Dioceses in Mozambique & Angola that MANNA is partnering with: 8 in Mozambique and 4 in Angola.

DAILY LIFE in Nora Sturges Anglican Clinic, Lobito

MANNA continues to support this clinic in Angola: daily life at this rural clinic has been tough this year. Our support has enabled necessary refurbishment and the ongoing setting up of an income-generating pharmacy alongside supporting patients.

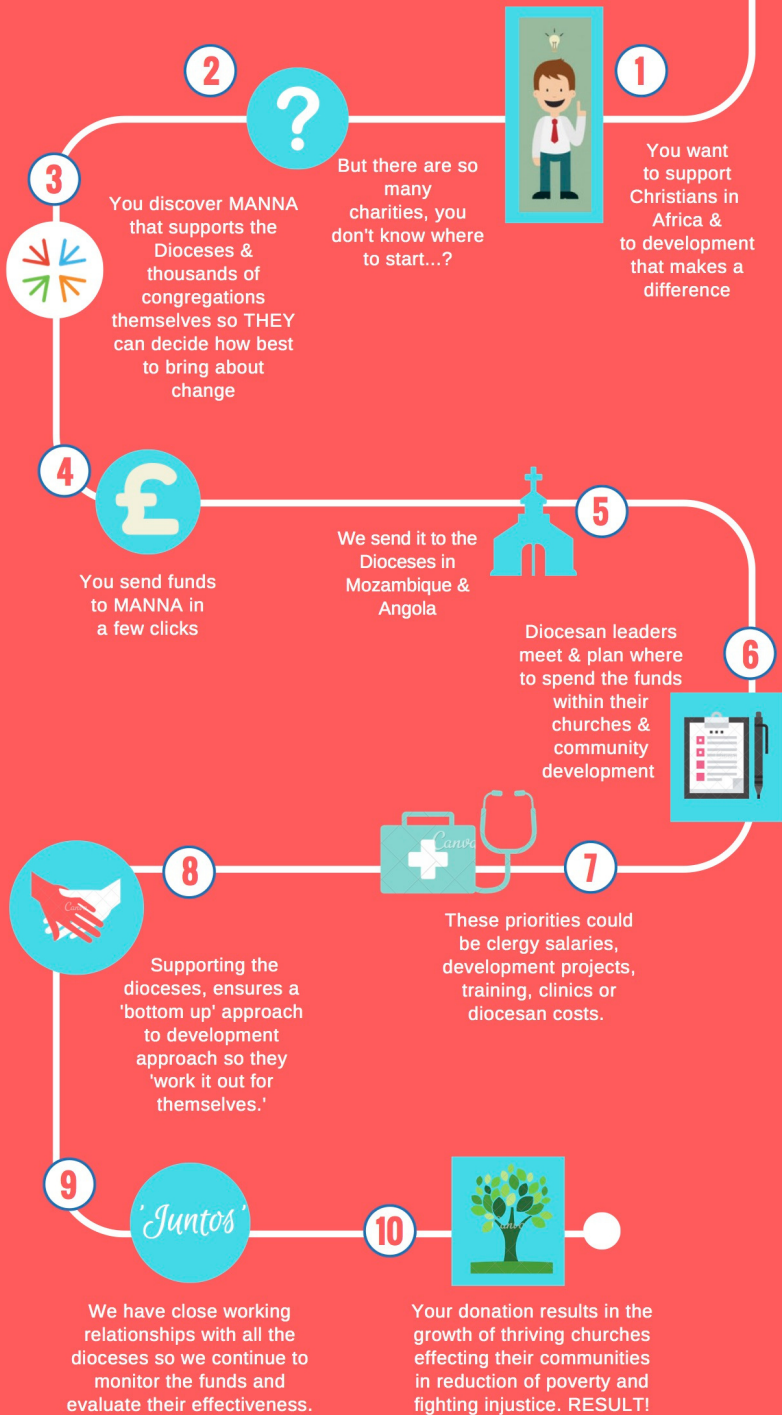

SUSTAINABILITY from the Mustard Seed Fund

MANNA received 6 excellent applications from the Dioceses to fund an income generating project for the Diocese so it can work towards self-sufficiency.

**Independent examiner's report
to the Trustees of the Mozambique and Angola Anglican Association (MANNA)**

I report to the trustees on my examination of the accounts of the above charity for the year ended 31 December 2021, which are set out on the following pages.

Respective responsibilities of trustees and examiner

As the charity's trustees, you are responsible for the preparation of the accounts in accordance with the requirements of the Charities Act 2011 ("the Act").

The charity's trustees consider that an audit is not required for this year under section 144(2) of the Charities Act 2011 (the 2011 Act) and that an independent examination is needed.

It is my responsibility to:

- examine the accounts under section 145 of the 2011 Act;
- follow the procedures laid down in the general directions given by the Charity Commission under section 145(5)(b) of the 2011 Act; and
- state whether particular matters have come to my attention.

Basis of independent examiner's report

My examination was carried out in accordance with the general directions given by the Charity Commission. An examination includes a review of the accounting records kept by the charity and a comparison of the accounts presented with those records. It also includes consideration of any unusual items or disclosures in the accounts and seeking explanations from you as trustees concerning any such matters. The procedures undertaken do not provide all the evidence that would be required in an audit, and consequently no opinion is given as to whether the accounts present a 'true and fair view' and the report is limited to those matters set out in the statement below.

Independent examiner's statement

In connection with my examination, no matter has come to my attention:

- which gives me reasonable cause to believe that in any material respect the requirements:
 - to keep accounting records in accordance with section 130 of the 2011 Act; and
 - to prepare accounts which accord with the accounting records and comply with the accounting requirements of the 2011 Acthave not been met; or
- to which, in my opinion, attention should be drawn in order to enable a proper understanding of the financial statements to be reached.

Notes to the Accounts

The financial statements have been prepared in accordance with the Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard for Smaller Entities (Charities SORP FRSSE) (effective 1 January 2015) and applicable accounting standards. They are prepared on an accruals basis under the historical cost convention except that investment assets are shown at market value. The financial statements include all transactions, assets and liabilities for which MANNA is responsible.

In 2021 the number of Dioceses was increased from 3 Dioceses in Mozambique to 8 and the Diocese of Angola multiplied into 4. The inauguration of the new Portuguese speaking Province of IAMA was inaugurated in September 2021, however as the infrastructures of the new Dioceses were only completed late in the year, grants were sent to the 4 original Dioceses of Angola, Niassa, Lebombo and Nampula for the whole of 2021. Only one payment was made in December to one of new Dioceses, the Diocese Missionario da Divina Esperanca in Angola (note 3). The 2021 analysis of income and costs remains therefore as in prior years split between Angola and 3 areas of Mozambique.

- Tax rebates on earmarked Gift Aid donations are allocated to the same destination as the donation at the date the original donation is received, unless the donor requests otherwise. Gift aid claimed in 2021 was £6,542 (2020: £4,957)
- Investments are shown at market value.
- All amounts are shown in sterling.
- Funds are marked as restricted, designated or unrestricted:
 - Restricted funds can only be used for the purposes for which the donation was given;
 - Designated funds are funds that the Trustees have designated for certain purposes, eg The Mustard Seed fund (see note 2 below);
 - Unrestricted funds can be used at the Trustees' collective discretion

2. INVESTMENTS AND POLICY ON RESERVES

In 2018 the Trustees agreed to invest unrestricted legacies received during 2018 with CCLA – in their investment fund and property fund. The objectives identified for the investments were to:

- prevent inflation from eroding the real value of the capital
- maximise the investment income received without exposing the capital to significant investment risk
- adhere to the Church of England ethical guidelines (or similar).

The Trustees also agreed that 62.5% of all investments held would be placed in a designated fund and the income used to support projects that promote the Dioceses future self-sufficiency (known as the "Mustard Seed" fund). The income from remaining investments is to be used to offset the running expenses of the charity. It was agreed this policy would be reviewed after 3 to 5 years. In accordance with this policy a review occurred in 2021 and it was agreed to send £11,500 to each of the new Diocese from the fund. One payment was made in 2021 (see note 3), the remaining payments and draw down on investments is to be made in 2022 and will be reflected in the 2022 accounts. The award to support a project from one of the Diocese using the 2021 investment income will be made early in 2022.

Movements in the valuations of the assets held were:

	M&G Charifund	CBF income	CBF Property	Total
	£	£	£	£
Market value at 1st January 2021	25,348	425,082	111,542	561,972

Historical cost at 31st December 2021	30,337	348,724	125,000	504,061

Investment income on the above investments totalled £19,307 (31/12/20: £18,885). Of this £12,067 was income designated to support projects that promote self- sufficiency (the “Mustard Seed” fund). The other investment income is interest on bank accounts which totalled £6 (2020: £23).

7. TRANSACTIONS WITH TRUSTEES

No Trustee received remuneration as part of their role of Trustee.

Trustees' expenses were reimbursed on a receipted basis. John Tasker was reimbursed for expenses incurred on charity activities.

Donations made to the charity by Trustees during the year totalled £2,840 (2020: £7,534).

8. PUBLIC BENEFIT

The Trustees believe that the charity passes the Public Benefit Tests set by the Charity Commission. There are identifiable benefits for the advancement of religion, the relief of poverty and the furtherance of education across all Dioceses supported by the charity. These benefits are available to all who live in Mozambique and Angola, whether Anglican or not.

Some of the positive outcomes of this charitable support are described in detail on the website and in the regular magazine. Other positive outcomes are described by the Bishops when they visit the UK on a regular three-yearly cycle to attend the AGM.

9. RISK MANAGEMENT

The Trustees are committed to managing, and if practicable to reducing, the major risks that they have already identified. They also seek to identify new risks as they arise and subject them to the same process of management and reduction.

The Trustees are aware that MANNA is dependent on the co-operation of local church officers and auditors in Mozambique and Angola to ensure the proper accountability of funds spent locally. Receipt of audited accounts, showing how funds have been spent, is required by the trustees each year.

10. CONTINGENT LIABILITIES

There were no Contingent Liabilities over the year to 31/12/21 (2020: nil).

**BUILDING UP THE ANGLICAN
CHURCHES IN MOZAMBIQUE & ANGOLA**

about us

We are **MANNA**.

We are intent on investing in the **building up of the local Anglican churches** in Mozambique & Angola.

By doing this, we enable these churches to support their communities & **grow community development projects.**

These churches face the enormous struggles of extreme poverty & injustice whilst trying to care for the vulnerable & bring about **good long-term change** through being the Good News.

2020's highlights

We supported COVID Relief work in the Dioceses.

This varied between emergency food & supplies in some places to health & education work in remote areas in others. Some dioceses asked for help to return to or enable worship in the churches.

We partnered with 3 other organisations to fundraise to rebuild a school with the Diocese of Nampula.

When this school was destroyed by Cyclone Kenneth, the Diocese drew up plans to enable its rebuild as a weather resilient school with latrines & a borehole. In collaboration with 3 other partners of the Diocese, we fundraised for this project.

We brought together 13 organisations and individuals from 6 different countries to hear from the Dioceses.

Our online AGM meant a wide variety of people and organisations could hear from the Dioceses and their plans for new Dioceses and a portugese-speaking Province - IAMA.

We made our second grant from the Mustard Seed Fund for future self-sufficiency within partner dioceses.

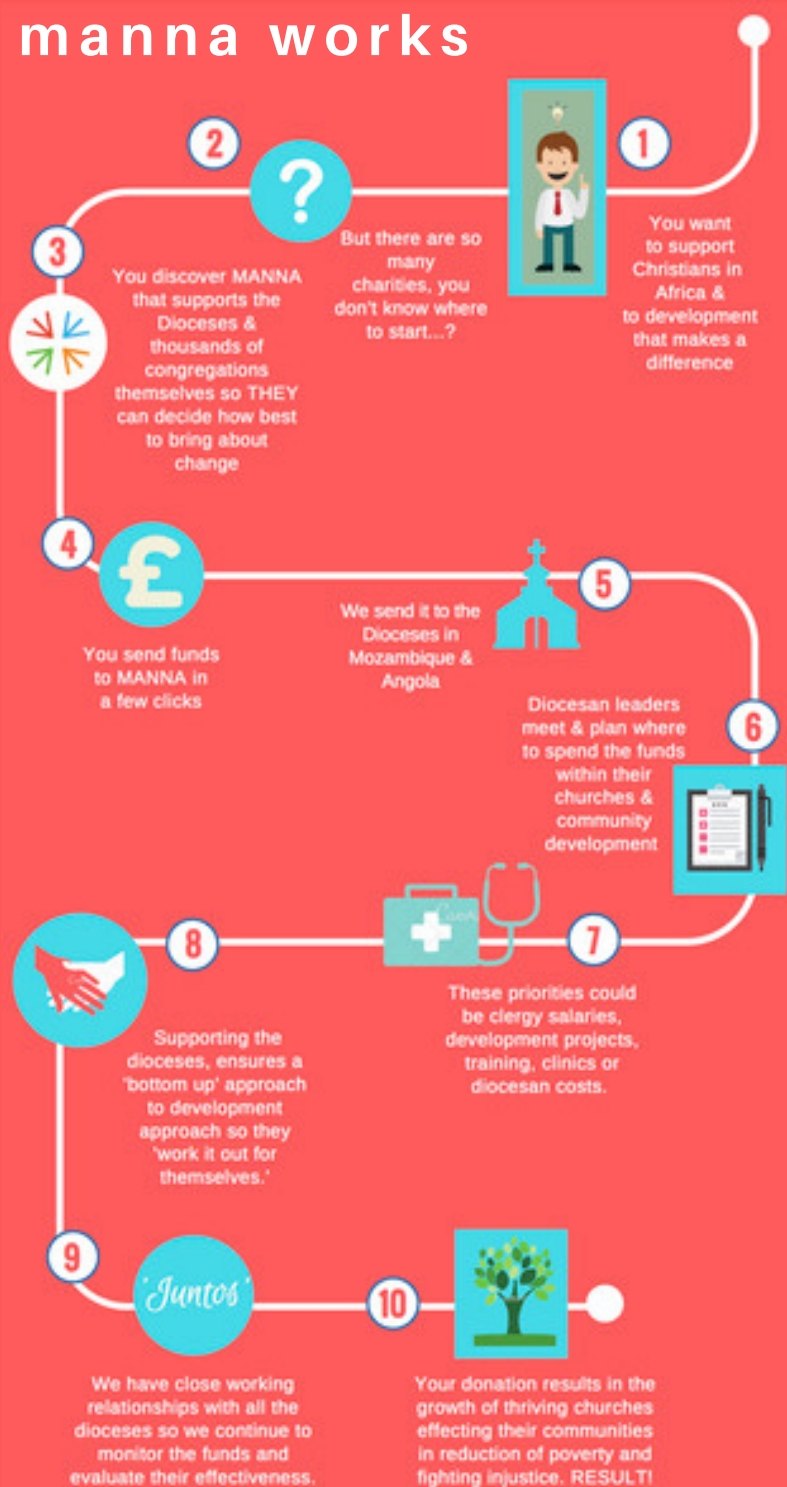

This grant was awarded to the Diocese of Lebombo to build a chicken farm at Matola Gare. It is hoped this project will generate income for the core costs of the Diocese and also will train ordinands on chicken farming to help income generation in their future parishes.

We made a grant from a legacy to create the Marratane Girls Project.

This project will enable girls from the Marratane Refugee camp to get a secondary education & learn skills for their future.

**Independent examiner's report
to the Trustees of the Mozambique and Angola Anglican Association (MANNA)**

I report to the trustees on my examination of the accounts of the above charity for the year ended 31 December 2020, which are set out on the following pages.

Respective responsibilities of trustees and examiner

As the charity's trustees, you are responsible for the preparation of the accounts in accordance with the requirements of the Charities Act 2011 ("the Act").

The charity's trustees consider that an audit is not required for this year under section 144(2) of the Charities Act 2011 (the 2011 Act) and that an independent examination is needed.

It is my responsibility to:

- examine the accounts under section 145 of the 2011 Act;
- follow the procedures laid down in the general directions given by the Charity Commission under section 145(5)(b) of the 2011 Act; and
- state whether particular matters have come to my attention.

Basis of independent examiner's report

My examination was carried out in accordance with the general directions given by the Charity Commission. An examination includes a review of the accounting records kept by the charity and a comparison of the accounts presented with those records. It also includes consideration of any unusual items or disclosures in the accounts and seeking explanations from you as trustees concerning any such matters. The procedures undertaken do not provide all the evidence that would be required in an audit, and consequently no opinion is given as to whether the accounts present a 'true and fair view' and the report is limited to those matters set out in the statement below.

Independent examiner's statement

In connection with my examination, no matter has come to my attention:

- which gives me reasonable cause to believe that in any material respect the requirements:
 - to keep accounting records in accordance with section 130 of the 2011 Act; and
 - to prepare accounts which accord with the accounting records and comply with the accounting requirements of the 2011 Acthave not been met; or
- to which, in my opinion, attention should be drawn in order to enable a proper understanding of the financial statements to be reached.

2. INVESTMENTS AND POLICY ON RESERVES

In 2018 the Trustees agreed to invest unrestricted legacies received during 2018 with CCLA - in their investment fund and property fund. The objectives identified for the investments were to:

- prevent inflation from eroding the real value of the capital
- maximise the investment income received without exposing the capital to significant investment risk
- adhere to the Church of England ethical guidelines (or similar).

The Trustees also agreed that 62.5% of investments held would be placed in a designated fund and the income used to support projects that promote the dioceses future self-sufficiency (known as the "Mustard Seed" fund). The income from remaining investments is to be used to offset the running expenses of the charity. It was agreed this policy would be reviewed after 3 to 5 years.

Movements in the valuations of the assets held were:

Investments	M&G Charifund	CBF income	CBF Property	Total
	£	£	£	£
Market value at 1st January 2020	30,669	397,625	117,372	545,666
Additions/disposals	-	-	-	-
Revaluation at year end	(5,321)	27,457	(5,830)	16,306

7. TRANSACTIONS WITH TRUSTEES

No Trustee received remuneration as part of their role of Trustee. Trustees' expenses were reimbursed on a receipted basis. John Tasker was reimbursed for expenses incurred on charity activities.

Donations made to the charity by Trustees during the year totalled £7,534 (2019: £3,066).

8. PUBLIC BENEFIT

The Trustees believe that the charity passes the Public Benefit Tests set by the Charity Commission. There are identifiable benefits for the advancement of religion, the relief of poverty and the furtherance of education across all four Diocese supported by the charity. These benefits are available to all who live in Mozambique and Angola, whether Anglican or not.

Some of the positive outcomes of this charitable support are described in detail on the website and in the regular magazine. Other positive outcomes are described by the Bishops when they visit the UK on a regular three-yearly cycle to attend the AGM.

9. RISK MANAGEMENT

The Trustees are committed to managing, and if practicable to reducing, the major risks that they have already identified. They also seek to identify new risks as they arise and subject them to the same process of management and reduction.

The Trustees are aware that MANNA is dependent on the co-operation of local church officers and auditors in Mozambique and Angola to ensure the proper accountability of funds spent locally. Receipt of audited accounts, showing how funds have been spent, is required by the trustees each year.

10. CONTINGENT LIABILITIES

There were no Contingent Liabilities over the year to 31/12/20 (2019: nil).
