## Introduction

Welcome to the Annual Report of the Bibleway Church Charity for the financial year 2024–2025. The trustees present this report to outline the charity's activities, performance, and governance during the year under review.

The longer-term effects of the global pandemic have continued to impact individuals and communities, including members of our congregation. These impacts have been economic, physical, and emotional, and in some cases have contributed to ongoing personal hardship. The trustees have remained mindful of these challenges when planning and delivering the charity's activities.

During the year, the trustees have had to adapt plans and operational strategies to respond effectively to changing circumstances and to ensure the continued delivery of the charity's objectives. This has included developing new skills in the use of digital technology and social media to support communication, worship, and outreach activities. The charity has also invested in upgrading its technological equipment to enable more efficient and effective delivery of its services.

Throughout the year, the trustees have exercised careful oversight to ensure that the charity remains financially viable, compliant with regulatory requirements, and focused on its charitable purposes for the public benefit.

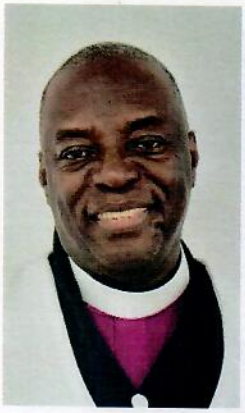
## The Right Reverend, Bishop L.A. Williams - Chairman's Summary Remarks



On behalf of the Trustee Board, the Chairman records sincere thanks to all those who have faithfully contributed to the work of the charity over the past year, both within the United Kingdom and through overseas mission activities.

The preparation of this annual report allows the Trustees to review the charity's activities and achievements during the year and to consider its strategic direction and objectives for the coming years.

The Trustees remain committed to advancing the charity's purposes and ensuring its continued growth, sustainability, and positive impact.

**The Trustees**

**The Right Reverend, Bishop L.A. Williams**

**Missionary Kay Duncan**

The Right Reverend, Bishop L.A. Williams - Chairman

The ministry of Apostle Williams has extended across numerous regions both nationally and internationally. He has actively supported educational development programmes through fundraising initiatives and the provision of educational materials and financial assistance.

These efforts span several countries and regions, including the Philippines; Nigeria, Sierra Leone, and Ghana in West Africa; South Africa and Zimbabwe in Southern Africa; Tanzania in East Africa; South India in Asia; British Guyana in South America; and Barbados, St. Lucia, Trinidad, and Jamaica in the West Indies.

Missionary Kay Duncan -National Administrator

Missionary Duncan was born in Stoke-on-Trent, England, where she spent her formative years before relocating to Sheffield to pursue a Bachelor of Education (Honours) degree at the University of Sheffield.

She married Reverend Alfred Duncan on October 27, 1990, and their union is blessed with two adult sons, James and Michael.

Since 1988, Missionary Duncan has been a committed member and leader of the Bibleway Church in Cambridge, serving faithfully in various capacities. She has also held the esteemed position of National Sunday School Superintendent, contributing significantly to Christian education and spiritual development.

**Reverend David Ogunlana**

**Minister Leon Williams**

Reverend David Ogunlana - Charity Treasurer

Reverend Ogunlana is an active preacher and experienced leader with strong administrative and financial management expertise. He holds a BSc (Hons) in Agriculture, a Master's degree in Applied Project Management, and several professional qualifications.

He joined the Bibleway Church in Cambridge in 1995, where he encountered God's transforming love and responded to the call to ministry under the mentorship of the Right Reverend Bishop L. A. Williams. He is married to Missionary Diana Ogunlana, and they have two children, Daniel and Dele.

Minister Leon Williams – Trustee

Growing up in the church from birth as the first of three siblings, Leon spent much of his childhood traveling with his parents in response to their calling into ministry. These early experiences deeply shaped his faith and commitment to service.

Although the demands of his professional career do not always allow him to pursue ministry as fully as he would desire, Leon continues to serve faithfully while excelling in the secular spheres of musical development and business.

As a trustee, he is deeply committed to the organization's mission and holds its best interests at heart. He is passionate about seeing the Global Church grow and flourish in impact and influence.

## Structure, Governance and Management

The Trustee Board governs the charity's activities through informed decision-making, taking professional advice from accountants and solicitors, and strategic counsel from the Executive Board of senior Elders and Missionaries. The Trustees also engage with the wider membership through regular members' meetings, ensuring transparency and accountability in governance.

The Trustees regularly monitor and evaluate the charity's activities to ensure that they continue to advance its charitable objectives and operate in accordance with its governing document.

## Objectives and Activities

The following are further particulars of the Bibleway Charitable Trust: –

1. Its object is: "The advancement of religion of The Bibleway Church of Our Lord Jesus Christ World -Wide (United Kingdom)": clause 3 of the Trust Deed.

2. The Bibleway Church of Our Lord Jesus Christ World -Wide (United Kingdom) is defined in clause 2 of the Trust Deed as: – "Members of the Bibleway Church of Our Lord Jesus Christ World -Wide within the United Kingdom of Great Britain and Northern Ireland and the world".

3. The reference to "members of the Bibleway Church within the United Kingdom and worldwide." is a reference to the churches within the United Kingdom and the rest of the world that is associated with the Bibleway Church of Our Lord Jesus Christ World- Wide.

Bibleway Charity Centre (Charity Number: 263117) exists to advance religious education and to support the local community through mentoring, teaching, and pastoral care addressing social and spiritual needs. In pursuing its objectives, the charity provides support to vulnerable members of the community, particularly individuals affected by depression, substance misuse, and social isolation, including elderly people who are housebound. The charity also offers guidance and developmental support to young people who are disadvantaged, with the aim of promoting confidence, resilience, and positive life choices.

## Public Benefit

The Trustees have given due consideration to the Charity Commission's guidance on public benefit when reviewing the charity's aims and activities. The Trustees believe that the charity's work provides clear public benefit by promoting spiritual wellbeing, social inclusion, emotional support, and community cohesion.

The charity's activities are open to the wider community and contribute to the moral, educational, and social development of individuals and families, thereby supporting the wellbeing of the local community.

## Activities Undertaken to Achieve the Objectives

To fulfil its charitable purposes, the charity organises a range of church services and associated activities, including regular Sunday services, midweek meetings, and special services held throughout the year. These activities remain central to the charity's work and will continue to form a significant part of its future objectives.

Sunday services incorporate structured teaching and confidence-building programmes delivered through the Sunday School Department. These constructive and creative activities support both children and adults in developing an understanding of biblical teachings and promote positive values, helping participants to become responsible and engaged citizens within their schools and the wider local community.

## Plans for Future Periods

The Trustees intend to continue and further develop the charity's core activities, with a focus on strengthening community support, expanding mentoring and teaching programmes, and increasing engagement with vulnerable individuals and young people.

The charity will continue to build on its online presence and digital outreach to improve accessibility and engagement, while continuing to make effective use of its facilities to support worship, education, and community-focused initiatives.

## Risk Management

The Trustees recognise their responsibility for identifying and managing risks that may affect the charity's ability to achieve its objectives. The Trustees regularly review the principal risks facing the charity and have established procedures to mitigate these risks where possible.

Key risks include financial sustainability, safeguarding, and operational continuity. These risks are managed through regular financial monitoring, adherence to safeguarding policies and procedures, reliance on professional advice where appropriate, and ongoing oversight by the Trustee Board.

Much of the programmes on Sundays are devoted to worshiping, praying, and teaching Godly principles from the Bible.

The Sunday programme also provides opportunities for greater interaction between people of different cultural background, including help for those who are sometimes excluded from society, those who are disaffected and isolated to have a sense of inclusion into the "church community".

During the week, the charity will continue to organise a varied package of departmental initiatives, including Men's ministry support, Women's ministry support, and Youth activities. These activities encourage a great deal of involvement from the Bibleway membership, which in turn aid our members to develop their potential and to raise their aspirations to function as valuable participants in community from a Christian lifestyle.

In addition, the charity seeks out and engages our community, in providing many opportunities to develop the skills of its members and the local communities in various cities. This is done by way of, e.g. sports, like badminton, football, and musical talent search within the local community.

**Financial Information**

The Trustees have continued to adopt a prudent approach to the management of the charity's finances, with the objective of maintaining financial stability in what remains a challenging and volatile economic and social environment.

The charity's principal source of income is derived from free-will donations, tithes, and offerings received from members of the Bibleway Church and visitors attending the charity's various programmed activities, both within the church and the local community. During the year, the charity was also grateful to receive ongoing financial support through direct donations paid into the charity's bank accounts via internet banking and mobile payment platforms. The Trustees wish to express their sincere appreciation to all supporters for their continued generosity throughout the year and beyond.

Looking ahead, the Trustees are exploring opportunities to strengthen the charity's financial position through increased use of Gift Aid, sponsorship, and other income-generating initiatives. These measures are intended to improve the charity's economic and operational resilience while building upon the loyal and consistent support of its donors.

The Bibleway Charity Centre continues to occupy and operate from offices located at 8 Signet Court, Swann Lane, Cambridge, CB5 8LA, which support the delivery of the charity's activities and services.

## Introduction

Welcome to the Annual Report of the Bibleway Church Charity for the year 2023- 2024. We as trustees have come through a year of work and blessings. The longer-term effects of the global pandemic have continued to be a time of challenge for many people, and it has affected some of our members economically, physically, and even spiritually. For some, it has resulted in personal hardships in lots of ways.

It has meant that we had to constantly adapt our plans and strategy to meet new challenges and secure the ongoing work of the charity. We have continued to acquire new skills in using technology and social media, and we have had to upgrade our technology equipment to facilitate our work.

## Names of the Trustees

| | |
|---|---|
| The Right Reverend, Bishop L.A. Williams | Missionary K. Duncan |
| Reverend D. Ogunlana | Minister L.S. Williams |

## Structure, Governance and Management

The Trustee board of the charity takes counsel from accountants and solicitors and from the executive board of senior Elders and Missionaries and from its members via regular members meetings to govern the Charity's activities. The Trustees regularly monitor and evaluate the work of the charity in relation to meeting its objectives.

## Objectives and Activities

The following are further particulars of the Bibleway Charitable Trust: –

1. Its object is: "The advancement of religion of The Bibleway Church of Our Lord Jesus Christ World -Wide (United Kingdom)": clause 3 of the Trust Deed.

2. The Bibleway Church of Our Lord Jesus Christ World -Wide (United Kingdom) is defined in clause 2 of the Trust Deed as: – "Members of the Bibleway Church of Our Lord Jesus Christ World -Wide within the United Kingdom of Great Britain and Northern Ireland and the world".

3. The reference to "members of the Bibleway Church within the United Kingdom and worldwide." is a reference to the churches within the United Kingdom and the rest of the world that is associated with the Bibleway Church of Our Lord Jesus Christ World- Wide.

Bibleway charity center (charity number 263117) engages in mentoring and teaching the community on social and spiritual matters. The charity supports the vulnerable members of the community, especially those who are suffering from depression, drug abuse and the elderly

who are locked in. In addition, the charity offers support to young people who have been disadvantaged. The charity organizes a wide variety of Church services on Sundays, during the week and on special occasions to fulfill its objectives.
This will continue to be a great part of our future goals.
Sunday Services would continue to include teaching and confidence-building activities within the Sunday School Department.
These constructive and creative programmes help the children and the adults to understand the teachings of the Bible and to aid the members to become good citizens in their schools and within the local community.

Much of the programmes on Sundays are devoted to worshiping, praying, and teaching Godly principles from the Bible.
The Sunday programme also provides opportunities for greater interaction between people of different cultural background, including help for those who are sometimes excluded from society, those who are disaffected and isolated to have a sense of inclusion into the "church community".
During the week, the charity will continue to organise a varied package of departmental initiatives, including Men's ministry support, Women's ministry support, and Youth activities. These activities encourage a great deal of involvement from the Bibleway membership, which in turn aid our members to develop their potential and to raise their aspirations to function as valuable participants in community from a Christian lifestyle.

In addition, the charity seeks out and engages our community, in providing many opportunities to develop the skills of its members and the local communities in various cities. This is done by way of, e.g. sports, like badminton, football, and musical talent search within the local community.

**Financial Information**

As trustees, we have always had a prudent approach to managing the charity finance. We have generally aimed to keep the charity finance as strong as possible given the very volatile economic and social environment. The charity's principal funding stream is from the free-will donations and tithes and offering from the Bibleway membership and visitors, received at the various programmed activities held at the churches and in the local community.
Thankfully, during the year, many of our supporters continued to give donations via direct payments into the charity accounts, using internet banking and their mobile phone apps. We are grateful for their ongoing generosity during the year and beyond. Looking forward, we are looking into ways to strengthen our financial position through gift aid and sponsorship, and become more economically and operationally resilient, and build on the unwavering support from our donors.

The Bibleway Centre continues to be the occupants and tenants of the offices at 8 Signet Court, Swann Lane. Cambridge CB5 8LA

## Buildings and Assets

It is the Trustees plan to utilize any buildings available at various locations to advance its community and develop educational programmes. We moved to **8 Signet Court, Swann Lane. Cambridge CB5 8LA as of January 1, 2020, and we continue to use this facility.**

## Some of the Main Events During The Year

The men held many meetings to support the men of the church and their family and friends. They also organised a retreat in Nottingham in March, which was a great encouragement to a member who lives in that area.

### Women's Ministry Services

During the year, the women's department held many services to support the women in the church. These services were also available on zoom for those who wanted to attend.

### 9th April Easter Sunday Services held in the churches

Special Easter services were held in all our churches at home and abroad. This included fellowship meals for members of the churches and the wider community.

## Other Events During the Year

6th May – Kings Coronation Service, special prayers said for the new King.

## 22nd -23rd September – Global Bibleway Church Conference

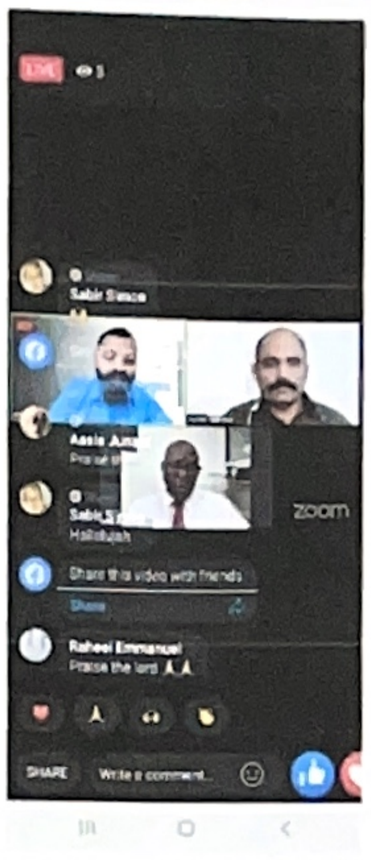
A teaching conference was held in Cambridge, attended by many members of the church.

This was very informative regarding the role of the trustees and our legal obligations as a registered charity.

In addition, there were presentations on the availability of the Bible study modules available to members.

31st January – Funeral of Elder Thompson (a long-standing member & Pastor of the East Dulwich Church)

## Ongoing use of technology to stream our events and services



We, as an organisation, were very fortunate to have members and leaders who had the technical knowledge and know-how to set up alternative provision online to our members.

In addition, support is offered to members by phone/video conference lines. This has generally resulted in us being able to largely maintain our provision, and indeed, some new members have joined in, and have had the benefit of what services we have provided.

We were able to hold planning meetings at all levels to set in motion events and plans for the forthcoming year.

## Chairman's Summary Remarks

The Chairman, on behalf of the Trustee Board, would like to express sincere thanks to those who have faithfully carried out the work of the Lord over the past year both at home and on the overseas mission field.

In putting together this report, it gives us an opportunity to reflect on the past years and to look forward to our plans for the coming years.

We are fortunate to continue to use space at 8 Signet Court to further develop our charitable work and church services and we have still gained new membership to the church, and greater interaction online.

In the coming year we aim to continue the development of the monthly Family programmes and communion services once again.

We are helping the wider community on a regular basis in providing a **hot and healthy meal** to anyone who attends.

This service helps to facilitate those who are alone and feel isolated to be part of a thriving multi-cultural community of caring people.

In addition, we are aiming to develop work with a local food bank to help those in need.

## L.S. Williams

Minister

Growing up in the church since birth as the first of three siblings, he had spent much of his childhood traveling with his father and mother due to his parents' call to work in the ministry. Leon's job does not always allow him to pursue his ministry as much as it does in the secular fields of his musical development and business.

As a trustee, he has the organization's best interests at heart, and he is eager to see the Global Church grow.

**March/April 22 Philippines Church Visit**.
During the year we were able to visit our churches in The Philippines, and I was assisted by Brother Michael Duncan on his first overseas mission experience. We were able to distribute parcels of food and clothing to the church members and to those in need.
We had many new members added to the church, and we also were able to make new contacts with other churches who are friends of the ministry, but who may wish to join the Global Bibleway Church in the future.

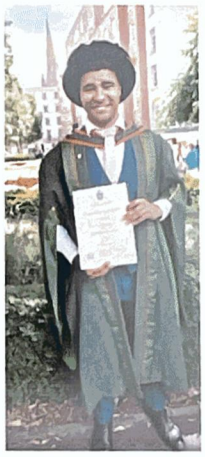
**7th April & 27th May All Night Prayer Meetings.**

The Youth Department led some All-night prayer meetings in Cambridge church and on Zoom, which was a great encouragement to our members. We also held fellowship breakfasts in the morning.

**4th June Exhorter Shean sings at the Queens's Jubilee**
We were so proud to see that one of our members was part of the choir held for the Queen's Jubilee in London. He is a famous gospel singer, and he has been brought up in the church, singing and performing from a very young age.

**5th June Bishop Williams Birthday Social & Fellowship Event**
We were pleased to celebrate Bishop William's birthday with a fellowship meal and social event. We had great social interaction with our members and those in our wider community. It was a time to say thank you to our Bishop for all the hard work done throughout the year.

**14th July Brother James graduation**
We were pleased to celebrate the success of Brother James gaining his PHD at Leeds University. He now is a Chemistry Fellow at Warwick University.



**8th September Queen Elizabeth dies**

**22nd December Food bank donations**
The church gave donations of food to a local food bank to help the less fortunate at Christmas time.

**Choir Open the Mill Road Winter Fair**

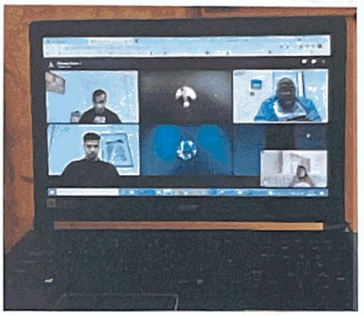
**1st January 2023 Communion Service & Fellowship Meal**
We held our Communion service and fellowship meal at our church at Wood Green in London. It was a great way to start the new year!

**Other Events**
10th January -26th January Bishop Williams visits churches in Jamaica.
30th January- 21st February Bishop Williams visits churches in the Philippines.

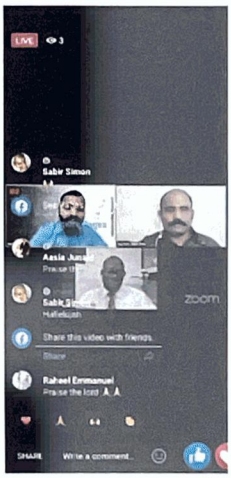
13th - 18th March Week of international prayer & fasting held throughout all Bibleway churches worldwide.
19th March Mother's Day services held in all the churches.



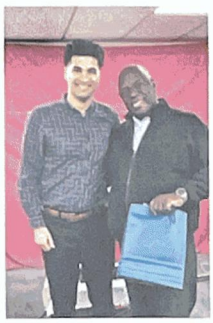
21st- 29th March Bishop Williams visits churches in Guyana.

**<u>Ongoing use of technology to stream our events and services</u>**

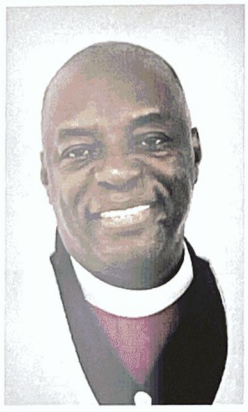
We, as an organisation, were very fortunate to have members and leaders who had the technical knowledge and know-how to set up alternative provision online to our members.
A programme of live streamed services was held throughout the pandemic and beyond, using a variety of platforms (e.g. Zoom)
In addition, support is offered to members by phone/video conference lines.
This has generally resulted in us being able to largely maintain our provision, and indeed, some new members have joined in, and have had the benefit of what services we have provided.



**We were able to hold planning meetings at all levels to set in motion events and plans for the forthcoming year.**



This year, our Gospel Choir sang at the 2022 **Mill Road Winter Fair** opening ceremony, opened by the Mayor of Cambridge and the organizing committee. It was a great success and thoroughly enjoyed by everyone present.



**Chairman's Summary Remarks**

The Chairman, on behalf of the Trustee Board, would like to express sincere thanks to those who have faithfully carried out the work of the Lord over the past year both at home and on the overseas mission field.

In putting together this report, it gives us an opportunity to reflect on the past years and to look forward to our plans for the coming years.

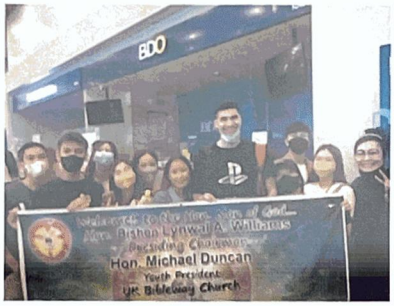
We are fortunate to continue to use space at 8 Signet Court to further develop our charitable work and church services and we have still gained new membership to the church, and greater interaction online.

In the coming year we aim to continue the development of the monthly **Family programmes and communion services once again.**

We are helping the wider community on a regular basis in providing a **hot and healthy meal** to anyone who attends. This service helps to facilitate those who are alone and feel isolated to be part of a thriving multi-cultural community of caring people.

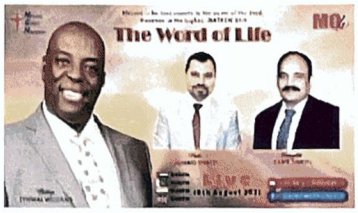
In addition, we are aiming to develop work with a local food bank to help those in need.

It was very pleasing to be able to resume our regular services at our various locations in the UK and overseas.



In conclusion, it is rewarding to consider how many people have been impacted through the work and support of the BIBLEWAY WORLDWIDE UK CHARITY in receiving practical support on issues, such as employment, training, housing and legal and health issues.

We have seen major growth on the Overseas Mission Programme; stretching from Zimbabwe, South Africa and the Philippines. We have continued to use the available technology to offer support and to send them financial support and assistance as funds allowed.



We believe the years ahead will be productive, especially given the needs of the local and global community in these times of great austerity on a global scale.

## Introduction

Welcome to the Annual Report of the Bibleway Church Charity for the year 2021- 2022. We as trustees have come through a year of continuing great challenges and uncertainty. The global pandemic has continued to be a time of crisis for most people, and it has affected our members economically, physically, and even spiritually. For many, it has resulted in personal hardships in lots of ways.

However, we continued to see the ongoing situation as a catalyst for change. It gave us opportunity to review and re-evaluate what we do, and how we do it. It forces us to focus on the "basics" and decide on what we prioritise as essential. It has meant that we had to constantly adapt our plans and strategy to meet new challenges and secure the ongoing work of the charity. We have had to acquire new skills in using technology and social media, and we have had to upgrade our technology equipment to facilitate our work.

## Names of the Trustees

| | |
|---|---|
| The Right Reverend, Bishop L.A. Williams | Missionary K. Duncan |
| Reverend D. Ogunlana | Minister L.S. Williams |

## Structure, Governance and Management

The Trustee board of the charity takes counsel from accountants and solicitors and from the executive board of senior Elders and Missionaries and from its members via regular members meetings to govern the Charity's activities. The Trustees regularly monitor and evaluate the work of the charity in relation to meeting its objectives.

## Objectives and Activities

The following are further particulars of the Bibleway Charitable Trust: –

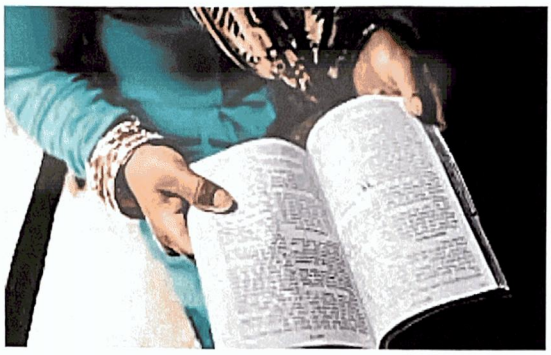
1) Its object is: "The advancement of religion of The Bibleway Church of Our Lord Jesus Christ World -Wide (United Kingdom)": clause 3 of the Trust Deed.

2) The Bibleway Church of Our Lord Jesus Christ World -Wide (United Kingdom) is defined in clause 2 of the Trust Deed as: – "Members of the Bibleway Church of Our Lord Jesus Christ World -Wide within the United Kingdom of Great Britain and Northern Ireland and the world".

3) The reference to "members of the Bibleway Church within the United Kingdom and worldwide." is a reference to the churches within the United Kingdom and the rest of the world that is associated with the Bibleway Church of Our Lord Jesus Christ World- Wide.

Bibleway charity center (charity number 263117) engages in mentoring and teaching the community on social and spiritual matters. The charity supports the vulnerable members of the community, especially those who are suffering from depression, drug abuse and the elderly who are locked in. In addition, the charity offers support to young people who have been disadvantaged.

The charity organizes a wide variety of Church services on Sundays, during the week and on special occasions to fulfill its objectives.
This will continue to be a great part of our future goals.
Sunday Services would continue to include teaching and confidence building activities within the Sunday School Department. These constructive and creative programmes help the children and the adults to understand the teachings of the Bible and to aid the members to become good citizens in their schools and within the local community.



Much of the programmes on Sundays are devoted to worshiping, praying, and teaching Godly principles from the Bible.
The Sunday programme also provides opportunities for greater interaction between people of different cultural background, including help for those who are sometimes excluded from society, those who are disaffected and isolated to have a sense of inclusion into the "church community".
During the week, the charity will continue to organize a varied package of departmental initiatives, including Men's ministry support, Women's ministry support, and Youth activities. These activities encourage a great deal of involvement from the Bibleway membership, which in turn aid our members to develop their potential and to raise their aspirations to function as valuable participants in community from a Christian lifestyle.

In addition, the charity seeks out and engages our community, in providing many opportunities to develop the skills of its members and the local communities in various cities. This is done by way of, e.g. sports, like badminton, football, and musical talent search within the local community.

**Financial Information**

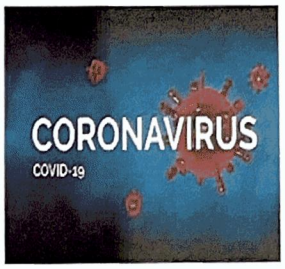
As trustees, we have always had a prudent approach to managing the charity finance. We have generally aimed to keep the charity finance as strong as possible given the very volatile economic and social environment. The charity's principal funding stream is from the free-will donations and tithes and offering from the Bibleway membership and visitors, received at the various programmed activities held at the churches and in the local community. Obviously, many of these activities were drastically curtailed during the initial lockdown periods. Thankfully, during the year, many of our supporters continued to give donations via direct payments into the charity accounts, using internet banking and their mobile phone apps. We are grateful for their ongoing generosity during the pandemic and beyond. Looking forward, we are looking into ways to strengthen our financial position through gift aid and sponsorship, and become more economically and operationally resilient, and build on the unwavering support from our donors.

The Bibleway Centre are now the occupants and tenants of the offices at 8 Signet Court, Swann Lane. Cambridge CB5 8LA as of January 1, 2020. Bibleway pays charitable rates and the Covid 19 lockdown from March 2020 affected the charity's income even throughout this year.

## Buildings and Assets

It is the Trustees plan to utilize any buildings available at various locations to advance its community and develop educational programmes. We moved to **8 Signet Court, Swann Lane. Cambridge CB5 8LA as of January 1, 2020, and we continue to use this facility.**

## What happened during the year 21-22 because of the global pandemic?



The government recognised that places of worship play an important role in providing spiritual leadership for many individuals, and in bringing communities and generations together. However, it was thought that their communal nature also makes them places that are particularly vulnerable to the spread of coronavirus. As with many other church organisations, the new laws and enforcement has had a profound effect on the running of The Bibleway Church charity.

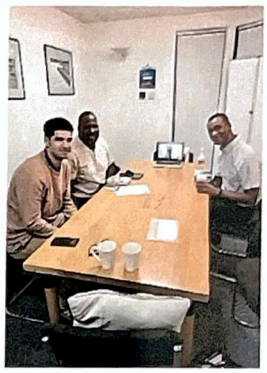
During this year, the government set to work with its **Places of Worship Taskforce** and faith leaders to review and amend this guidance, as they deemed necessary, in line with the changing situation and it has begun to enable the safe opening of places of worship for as broad a range of activities as possible when it was considered safe to do so.
The trustees became familiar with the ongoing information provided by the government, to ensure safe practices and procedures were in place. This guidance was aimed to provide advice on how places of worship could open, for limited permitted activities, in a manner that is safe and in line with national lockdown restrictions.

## Phase seven: the steps out of lockdown

On 8 March 2021, England began a phased exit out of lockdown. This consists of a four-step plan, forming part of the Government's broader roadmap intended to "cautiously but irreversibly" ease lockdown restrictions. Instead of a return to the tier system, the Government confirmed that it planned to lift restrictions in all areas at the same time as the level of infection was "broadly similar" across England.

England moved to step two restrictions on the 12 April, which has seen the reopening of outdoor attractions and settings. Prior to this, as part of step one, children returned to schools and restrictions on gatherings were relaxed, with the rule of six reinstated (in outdoor settings only). Step three will be reached "no earlier than 17 May".

**A brief summary of what happened**



Once we were able to re-open the church for gatherings, we continued to follow any new guidance that was suggested by the government. We also continued to run on-line video and phone links for members who were not comfortable or able to meet in the church building.

As one can imagine, all the events that the public had to endure had a great effect on the functioning of our usual provision to our members, both at home in the UK and abroad in our overseas missions.

We, as an organisation, were very fortunate to have members and leaders who had the technical knowledge and know-how to set up alternative provision online to our members.

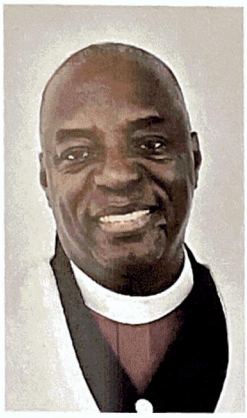
A programme of live streamed services was held throughout the pandemic using a variety of platforms.

In addition, support was offered to members by phone/video conference lines.

This has generally resulted in us being able to maintain our provision to a great extent, and indeed, some new members have joined in, and have had the benefit of what services we have provided.

**We were able to hold planning meetings at all levels to set in motion events and plans for the forthcoming year.**

Again, we are thankful that our Gospel Choir sang at the 2019 **Mill Road Winter Fair** opening ceremony, opened by the Mayor of Cambridge and the organizing committee, but this year due to the pandemic, this event was cancelled once again.



## Chairman's Summary Remarks

The Chairman, on behalf of the Trustee Board, would like to express sincere thanks to those who have faithfully carried out the work of the Lord over the past year both at home and on the overseas mission field.

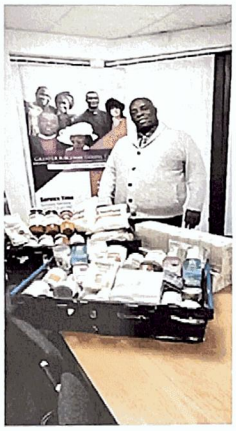
In putting together this report, it gives us an opportunity to reflect on the past years and to look forward to our plans for the coming years.

We are fortunate to continue to use space at 8 Signet Court to further develop our charitable work and church services. Even though we have had to endure many adaptations to our way of working because of the ongoing covid 19 pandemic, we have still gained new membership to the church, and greater interaction online.

In the coming year we aim to continue the development of the monthly **Family programmes and communion services once again.**

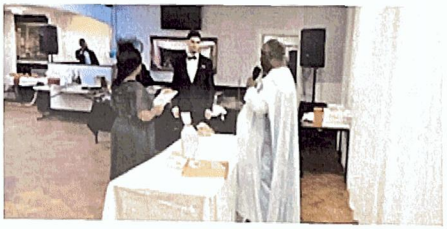
We are helping the wider community on a regular basis in providing a **hot and healthy meal** to anyone who attends. This service helps to facilitate those who are alone and feel isolated to be part of a thriving multi-cultural community of caring people.

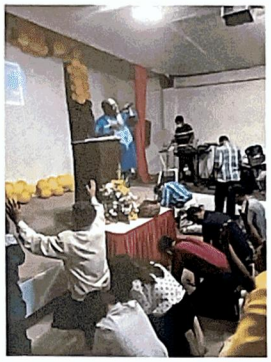
In addition, we are aiming to develop work with a local food bank to help those in need.



It was very pleasing to be able to resume our regular services at our various locations in the UK and overseas.

We held an appreciation banquet to say thank you to all the ongoing, unwavering support from our members and friends of the ministry. This was the first opportunity in a good while for people to come together as a group. It was a successful and enjoyable event.



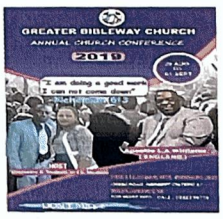


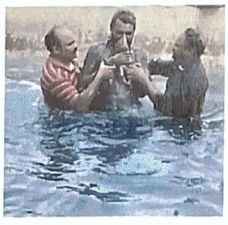
During the year we were able to visit our churches in The Philippines, and I was assisted by Brother Michael Duncan on his first overseas mission experience. We were able to distribute parcels of food and clothing to the church members and to those in need.

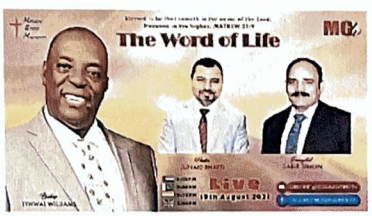
We had many new members added to the church, and we also were able to make new contacts with other churches who are friends of the ministry, but who may wish to join the Global Bibleway Church in the future.

In conclusion, it is rewarding to consider how many people have been impacted through the work and support of the BIBLEWAY WORLDWIDE UK CHARITY in receiving practical support on issues, such as employment, training, housing and legal and health issues.

We have seen major growth on the Overseas Mission Programme; stretching from Zimbabwe, South Africa and the Philippines. We have continued to use the available technology to offer support and to send them financial support and assistance as funds allowed. Of course, it has not been possible this year to visit all of these churches in person.







We believe the years ahead will be productive, especially given the needs of the local and global community in these times of great austerity on a global scale.

# MISSION TRIP TO THE PHILIPPINES

By Michael Duncan

From the 21st of March to the 1st April 2022, I was able to join Apostle L. A. Williams in the Philippines to assist in the work of the Lord. This was a very exciting opportunity as I had never been able to attend a mission trip outside of the UK. It was also the first time that I had travelled alone by plane. I flew 7 hours to Dubai which contains the longest lobby of gates I have ever seen! After a 3 ½ hour rest I boarded an 8 hours flight to Manilla.

**Arrival at Manilla**
An enthusiastic welcome party awaited me upon arrival at Manilla airport, with many of the Bibleway Philippines youth coming to greet me. In the transport van we each introduced ourselves and began singing songs of praise to God while brother Marjun Anda played the guitar. After this wonderful journey, we had a fellowship meal together, where the saints showed me the infamous "rice soup". I was settled into the hotel to meet with Apostle and to get some rest after such a long trip. The next morning Apostle and I had a delicious beef silog, egg and rice breakfast (which became my favourite dish). Beef silog is fried beef sirloin, however the secret to the taste is that it is marinated in Sprite (lemonade), ginger and other spices. That evening Apostle gave a wonderful teaching on prayer to the Church, who were thrilled to have another visitor from the UK.

On the 23rd of March Apostle, Lady Jojie, Brother Raffi and I travelled to General Santos in the island of Mindanao to hold revival services and a conference where a network between church ministers was established. Bishop Alonso Gazzo greeted us when we stepped off the plane.

*Apostle Williams chairing the conference between local ministers in Mindinao*

**Mission to Mindinao - Day 1**
*On the first day of the revival service, Apostle preached on the Apostolic doctrine (Acts 2: 42 – And they continued steadfastly in the apostles' doctrine and fellowship, and in breaking of bread, and in prayer). Approaching the end of the sermon the Holy Spirit moved me pray for the young man sitting behind me as he was being convicted by the word of God.*

convicted by the word of God. When I put my arms around him, he fell to the ground in worship to God, which began a move of the Spirit across the congregation where lady Jojie, Bishop Gazzo and the host Pastor laid hands on those needing prayer.

**Day 2 of Revival**
The second day in General Santos began with Apostle teaching from his book "Return to Innocence through Healing and Deliverance" – from Jeremiah 1:4. Those who were listening were thoroughly blessed as Apostle revealed the true beginnings of their life – "before I (God) formed you in your mother's womb I knew you".

I had the opportunity to minister to the young people outside in the courtyard, teaching on the book of Daniel. Each young person desired prayer, where many wept as the Holy Spirit moved them.

*Brother Michael Duncan ministering to the young people at the conference in Mindinao*

Apostle gathered the Pastors and Church leaders together to talk about affiliating with the Global Bibleway Church. There was a moving moment after Apostle had laid out all that the Bibleway Church can provide to potential affiliates, he then asked: "What can you provide the Bibleway Church with?", a sister from a Church containing leaders of a local Filipino tribe stood up and said, "we cannot provide you with anything, all we can do is pray for you".

The focus of Apostle's sermon in the night service was all about the name of JESUS CHRIST (1 Corinthians 2:2 - For I determined not to know anything among you, save Jesus Christ, and him crucified). As the sermon was concluding, several men and women ran to the alter and bowed before the Lord in repentance and surrender. To the glory of God, one man and two women also experienced deliverance from demonic oppression.

**Return to Dasmarinas**
We returned to Bibleway Philippines, Dasmarinas and we held our Sunday services where we had a wonderful time in prayer, praise, and worship. Many members returned to the church fellowship and were encouraged to re-commit themselves to the Lord. The family atmosphere within the Church was beautiful to witness and truly reflected Christs' sentiments: "By this shall all men know that ye are my disciples, if ye have love one to another." St. John 13: 35.

**Support and Donations**
In preparation for this charitable trip there was a generous outpouring of support from my friends, family and colleagues notably the Global Bibleway Church in Cambridge and from my employer, Tristel Solutions Ltd. In total over £800 was raised which was donated to the Bibleway Philippines NGO. Our fundraising efforts were put towards the purchasing of rice, clothes, backpacks and school bags. We were able to distribute 40+ care packs to the church members and local community.

I want to say a big THANK YOU to all who supported this trip as it gave the Bibleway Philippines NGO a real boost in their continued efforts and the work of God was facilitated. This was also an extremely fulfilling and unforgettable experience for me personally.

# COMMUNITY

The Global Bibleway church, Cambridge was invited to perform at the Mill Road Winter Fair. The fair is a celebration of community along one of the most diverse and vibrant roads in Cambridge. It brings together local businesses, organisations, shops, stallholders, musicians, artists and dancers in the one day of festival joy. it was a privilege to be back performing this year after the pandemic postponed this event, our last performance was in 2019. It was well received by the community to have the Global Bibleway Church Choir singing everyone's favourite Christmas songs. Thank you Mill Road Winter Fair committee for inviting Global Bibleway Church to your event each year.

# FEEDING PROGRAM

We provide nutritious meals to both underprivileged children and the elderly. The goal of our Feeding Programs is to feed children who would otherwise go hungry so that they can be fuelled and ready to learn in school. We also provide meals to the elderly, to keep them healthy.

# SLIPPERS FOR A CHILD

Global Bibleway started the "Slippers for a child" program, to provide footwears for all who are in need, to be able to safely walk to and from school as well as playing sports with their friends.

As children grow and change regularly, not all can afford to buy footwear as often as children need them. Slippers for a child program is there to provide this and relive the pressure from parents and guardians.

# SCHOOL SUPPLIES PROGRAM

The School Supplies Program aims to help children whose families cannot afford to buy necessary school supplies. Every school year, these students carry the burden of knowing that their families are unable to provide the necessary classroom supplies.

Consider how much of a difference it can make for these children to have the necessary classroom supplies. If preparation is the key to success, something as simple as a pencil and paper can have a significant impact on a child's academic and personal success.

# ANNUAL REPORT 2020-2021

**Introduction**

Welcome to the Annual Report of the Bibleway Church Charity. We as trustees cannot recall a year of greater challenge or uncertainty. The global pandemic has been a time of crisis for most people, and it has affected our members economically, physically, and even spiritually. For many, it has resulted in personal hardships in lots of ways. However, when times are tough, it can act as a catalyst for change. It gives us opportunity to review and re-evaluate what we do, and how we do it. It forces us to focus on the "basics" and decide on what we prioritise as essential. It has meant that we had to constantly adapt our plans and strategy to meet new challenges and secure the ongoing work of the charity. We have had to acquire new skills in using technology and social media, and we have had to upgrade our technology equipment to facilitate our work.

**What happened during the year 20-21 because of the global pandemic?**

The government recognised that places of worship play an important role in providing spiritual leadership for many individuals, and in bringing communities and generations together. However, it was thought that their communal nature also makes them places that are particularly vulnerable to the spread of coronavirus. As with many other church organisations, the new laws and enforcement has had a profound effect on the running of The Bibleway Church charity. During this year, the government set to work with its Places of Worship Taskforce and faith leaders to review and amend this guidance, as they deemed necessary, in line with the changing situation and it has begun to enable the safe opening of places of worship for as broad a range of activities as possible when it was considered safe to do so. The trustees became familiar with the ongoing information provided by the government, to ensure safe practices and procedures were in place. This guidance was aimed to provide advice on how places of worship could open, for limited permitted activities, in a manner that is safe and in line with national lockdown restrictions.

**A Brief Summary of What Happened**

A summary of what happened as one can imagine, all the events that the public had to endure had a great effect on the functioning of our usual provision to our members, both at home in the UK and abroad in our overseas missions. We, as an organisation, were very fortunate to have members and leaders who had the technical knowledge and know how to set up alternative provision online to our members. A programme of live streamed services was held throughout the pandemic using a variety of platforms. In addition, support was offered to members by phone/video conference lines. This has generally resulted in us being able to maintain our provision to a great extent, and indeed, some new members have joined in, and have had the benefit of what services we have provided Phase one: first national lockdown England was in national lockdown between late March and June 2020. Initially, all non-essential high street businesses were closed, and people were ordered to stay home, permitted to leave for essential purposes only. Starting in May 2020, the laws were slowly relaxed. People were permitted to leave home for outdoor recreation from 13 May. On 1 June, the restriction on leaving home was replaced with a requirement to be home overnight, and people were permitted to meet outside with up to six people.

Phase 2: minimal lockdown restrictions Most lockdown restrictions were lifted on 4 July. Hospitality businesses were permitted to reopen. New health and safety guidance on operating businesses "COVID securely" was published. Gatherings up to thirty people were legally permitted, although the Government was still recommending people avoid gatherings larger than six.

"COVID securely" was published. Gatherings up to thirty people were legally permitted, although the Government was still recommending people avoid gatherings larger than six.

Phase 3: reimposing restrictions on 14 September, England's gathering restriction was tightened and people were once again prohibited from meeting more than six people socially. The new "rule of six" applied in both indoor and outdoor spaces. Eleven days later, pubs, bars and restaurants were told they had to shut between 10pm and 6am. During this period, a patchwork of local restrictions was imposed across England. On the 14 October, the Government rationalised local restrictions by introducing a "three tier system". At first most of the country was placed in tier one, under similar restrictions to the previous national rules. As time went on, more of the country was placed in the higher two tiers.

Phase 4: second national lockdown on 5 November, national restrictions were reintroduced in England. During the second national lockdown non-essential high street businesses were closed and people were prohibited from meeting those not in their support bubbles. People could leave home to meet one person from outside their support bubble (outdoors only).

Phase 5: reintroducing a tier system on 2 December, the tier system was reintroduced (with modifications). Restrictions on hospitality businesses were stricter and most locations were initially placed in tiers two and three. On 19 December, the Prime Minister announced that a new 'tier four' would be introduced following concerns about a rising number of coronavirus cases attributed to a new variant of the virus. The tier four rules were like those imposed during the second national lockdown. On 30 December, after the first tiering review under the new four tier system, around 75% of the country was placed under tier four restrictions.

Phase 6: third national lockdown Following concerns that the four-tier system was not containing the spread of the new variant of the virus, national restrictions were reintroduced for a third time on 6 January. The rules during the third lockdown were more like the rules in the first lockdown. People were once again told to "stay home". Unlike during the second lockdown, leaving home for outdoor recreation was again banned. However, people could still form support bubbles (if eligible) and more gatherings were exempted from the gatherings ban (for example, religious services and some small weddings were permitted).

Phase 7: the steps out of lockdown on 8 March 2021, England began a phased exit out of lockdown. This consists of a four-step plan, forming part of the Government's broader roadmap intended to "cautiously but irreversibly" ease lockdown restrictions. Instead of a return to the tier system, the Government confirmed that it planned to lift restrictions in all areas at the same time as the level of infection was "broadly similar" across England. England moved to step two restrictions on the 12 April, which has seen the reopening of outdoor attractions and settings. Prior to this, as part of step one, children returned to schools and restrictions on gatherings were relaxed, with the rule of six reinstated (in outdoor settings only). Step three will be reached "no earlier than 17 May".

# ANNUAL REPORT 2020-2021

**Structure, Governance and Management**

The Trustee board of the charity takes The Trustee board of the charity takes counsel from accountants and solicitors and from the executive board of senior Elders and Missionaries and from its members via regular members meetings to govern the Charity's activities. The Trustees regularly monitor and evaluate the work of the charity in relation to meeting its objectives. Objectives and Activities The following are further particulars of the Bibleway Charitable Trust: – 1) Its object is: "The advancement of religion of The Bibleway Church of Our Lord Jesus Christ World -Wide (United Kingdom)": clause 3 of the Trust Deed. 2) The Bibleway Church of Our Lord Jesus Christ World -Wide (United Kingdom) is defined in clause 2 of the Trust Deed as: – "Members of the Bibleway Church of Our Lord Jesus Christ World -Wide within the United Kingdom of Great Britain and Northern Ireland and the world". 3) The reference to "members of the Bibleway Church within the United Kingdom and worldwide." is a reference to the churches within the United Kingdom and the rest of the world that is associated with the Bibleway Church of Our Lord Jesus Christ World- Wide.

Bibleway charity centre (charity number 263117) engages in mentoring and teaching the community on social and spiritual matters. The charity supports the vulnerable members of the community, especially those who are suffering from depression, drug abuse and the elderly who are locked in. In addition, the charity offers support to young people who have been disadvantaged.

The charity organizes a wide variety of Church services on Sundays, during the week and on special occasions to fulfil its objectives. This will continue to be a great part of our future goals. Sunday Services would continue to include teaching and confidence building activities within the Sunday School Department. These constructive and creative programmes help the children and the adults to understand the teachings of the Bible and to aid the members to become good citizens in their schools and within the local community. Much of the programmes on Sundays are devoted to worshiping, praying, and teaching Godly principles from the Bible. The Sunday programme also provides opportunities for greater interaction between people of different cultural background, including help for those who are sometimes excluded from society, those who are disaffected and isolated to have a sense of inclusion into the "church community". During the week, the charity will continue to organise a varied package of departmental initiatives, including Men's ministry support, Women's ministry support, and Youth activities. These activities encourage a great deal of involvement from the Bibleway membership, which in turn aid our members to develop their potential and to raise their aspirations to function as valuable participants in community from a Christian lifestyle. In addition, the charity seeks out and engages our community, in providing many opportunities to develop the skills of its members and the local communities in various cities. This is done by way of, e.g., sports, like badminton, football, and musical talent search within the local community. We are thankful that our Gospel Choir sang at the 2019 Mill Road Winter Fair opening ceremony, opened by the Mayor of Cambridge and the organising committee, but this year due to the pandemic, this event was cancelled.

**Financial Information**

As trustees, we have always had a prudent approach to managing the charity finance. We have generally aimed to keep the charity finance as strong as possible given the very volatile economic and social environment. The charity's principal funding stream is from the freewill donations and tithes and offering from the Bibleway membership and visitors, received at the various programmed activities held at the churches and in the local community. Obviously, many of these activities were drastically curtailed during the lockdown. Thankfully, during the year, many of our supporters continued to give donations via direct payments into the charity accounts, using internet banking and their mobile phone apps. We are grateful for their ongoing generosity during the pandemic. Looking forward, we are looking into ways to strengthen our financial position through gift aid and sponsorship, and become more economically and operationally resilient, and build on the unwavering support from our donors. Global Bibleway are now the occupants and tenants of the offices at 8 Signet Court, Swann Lane. Cambridge CB5 8LA as of January 1, 2020. Bibleway pays charitable rates and the Covid 19 lockdown from March 2020 has and continues affected the charity's income.

**Buildings and Assets**

It is the Trustees plan to utilize any buildings available at various locations to advance its community and develop educational programmes. The church held it services at Parkside Community College, Parkside, Cambridge CB11EH till the end of Dec. 2019 and then moved to 8 Signet Court, Swann Lane. Cambridge CB5 8LA as of January 1, 2020.

**Chairman's Summary Remarks**

1) The Chairman, on behalf of the Trustee Board, would like to express sincere thanks to those who have faithfully carried out the work of the Lord over the past years both at home and on the overseas mission field. In putting together this report, it gives us an opportunity to reflect on the past years and to look forward to our plans for the coming years.

2) We were fortunate to take more space at 8 Signet Court to further develop our charitable work and church services. Even though we have had to endure many adaptations to our way of working because of the covid 19 pandemic, we have still gained new membership to the church, and greater interaction with the online community.

In the coming year we aim to continue the development of the monthly Family programmes. We are helping the wider community on a regular basis in providing a hot and healthy meal to anyone who attends. This service helps to facilitate those who are alone and feel isolated to be part of a thriving multi-cultural community of caring people.

3) In conclusion, it is rewarding to consider how many people have been impacted through the work and support of the BIBLEWAY WORLDWIDE UK CHARITY in receiving practical support on issues, such as employment, training, housing, and legal and health issues.

4) We have seen major growth on the Overseas Mission Programme; stretching from Zimbabwe, South Africa, and the Philippines. We have continued to use the available technology to offer support and to send them financial support and assistance as funds allowed. Of course, it has not been possible this year to visit these churches in person.

5) We believe the years ahead will be productive, especially given the needs of the local and global community in these times of great austerity on a global scale.

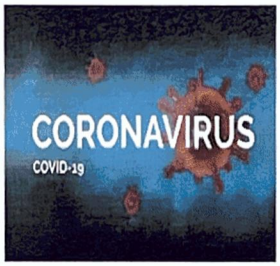
## Introduction

Welcome to the Annual Report of the Bibleway Church Charity. We as trustees cannot recall a year of greater challenge or uncertainty. The global pandemic has been a time of crisis for most people, and it has affected our members economically, physically, and even spiritually. For many, it has resulted in personal hardships in lots of ways.

However, when times are tough, it can actually act as a catalyst for change. It gives us opportunity to review and re-evaluate what we do, and how we do it. It forces us to focus on the "basics" and decide on what we prioritise as essential. It has meant that we had to constantly adapt our plans and strategy to meet new challenges and secure the ongoing work of the charity. We have had to acquire new skills in using technology and social media, and we have had to upgrade our technology equipment to facilitate our work.

## What happened during the year 20-21 because of the global pandemic?



The government recognised that places of worship play an important role in providing spiritual leadership for many individuals, and in bringing communities and generations together. However, it was thought that their communal nature also makes them places that are particularly vulnerable to the spread of coronavirus. As with many other church organisations, the new laws and enforcement has had a profound effect on the running of The Bibleway Church charity.

During this year, the government set to work with its **Places of Worship Taskforce** and faith leaders to review and amend this guidance, as they deemed necessary, in line with the changing situation and it has begun to enable the safe opening of places of worship for as broad a range of activities as possible when it was considered safe to do so.

The trustees became familiar with the ongoing information provided by the government, to ensure safe practices and procedures were in place.

This guidance was aimed to provide advice on how places of worship could open, for limited permitted activities, in a manner that is safe and in line with national lockdown restrictions.

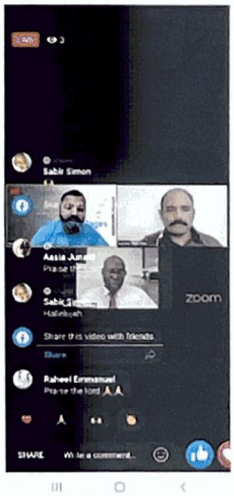
## A brief summary of what happened

As one can imagine, all of the events that the public had to endure had a great effect on the functioning of our usual provision to our members, both at home in the UK and abroad in our overseas missions.

We, as an organisation, were very fortunate to have members and leaders who had the technical knowledge and know-how to set up alternative provision online to our members. A programme of live streamed services was held throughout the pandemic using a variety of platforms.

In addition, support was offered to members by phone/video conference lines.

This has generally resulted in us being able to maintain our provision to a great extent, and indeed, some new members have joined in, and have had the benefit of what services we have provided



Phase one: first national lockdown

England was in national lockdown between late March and June 2020. Initially, all non-essential high street businesses were closed, and people were ordered to stay home, permitted to leave for essential purposes only. Starting in May 2020, the laws were slowly relaxed. People were permitted to leave home for outdoor recreation from 13 May. On 1 June, the restriction on leaving home was replaced with a requirement to be home overnight, and people were permitted to meet outside with up to six people.

Phase two: minimal lockdown restrictions

Most lockdown restrictions were lifted on 4 July. Hospitality businesses were permitted to reopen. New health and safety guidance on operating businesses "COVID securely" was published. Gatherings up to thirty people were legally permitted, although the Government was still recommending people avoid gatherings larger than six.

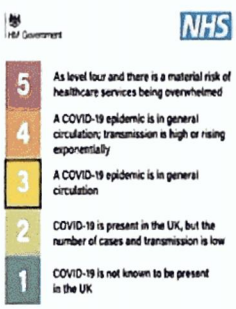
Phase three: reimposing restrictions

On 14 September, England's gathering restriction was tightened and people were once again prohibited from meeting more than six people socially. The **new "rule of six"** applied in both indoor and outdoor spaces. Eleven days later, pubs, bars and restaurants were told they had to shut between 10pm and 6am.

During this period, a patchwork of local restrictions was imposed across England. On the 14 October, the Government rationalised local restrictions by introducing a "three tier system". At first most of the country was placed in tier one, under similar restrictions to the previous national rules. As time went on, more of the country was placed in the higher two tiers.

Phase four: second national lockdown

On 5 November, national restrictions were reintroduced in England. During the second national lockdown non-essential high street businesses were closed and people were prohibited from meeting those not in their support bubbles. People could leave home to meet one person from outside their support bubble (outdoors only).



Phase five: reintroducing a tier system

On 2 December, the tier system was reintroduced (with modifications). Restrictions on hospitality businesses were stricter and most locations were initially placed in tiers two and three. On 19 December, the Prime Minister announced that a new 'tier four' would be introduced following concerns about a rising number of coronavirus cases attributed to a new variant of the virus. The tier four rules were similar to those imposed during the second national lockdown. On 30 December, after the first tiering review under the new four tier system, around 75% of the country was placed under tier four restrictions.

Phase six: third national lockdown

Following concerns that the four-tier system was not containing the spread of the new variant of the virus, national restrictions were reintroduced for a third time on 6 January. The rules during the third lockdown were more like the rules in the first lockdown. People were once again told to "stay home". Unlike during the second lockdown, leaving home for outdoor recreation was again banned. However, people could still form support bubbles (if eligible) and more gatherings were exempted from the gatherings ban (for example, **religious services and some small weddings were permitted).**

Phase seven: the steps out of lockdown

On 8 March 2021, England began a phased exit out of lockdown. This consists of a four-step plan, forming part of the Government's broader roadmap intended to "cautiously but irreversibly" ease lockdown restrictions. Instead of a return to the tier system, the Government confirmed that it planned to lift restrictions in all areas at the same time as the level of infection was "broadly similar" across England.

England moved to step two restrictions on the 12 April, which has seen the reopening of outdoor attractions and settings. Prior to this, as part of step one, children returned to schools and restrictions on gatherings were relaxed, with the rule of six reinstated (in outdoor

settings only). Step three will be reached "no earlier than 17 May".
**We look forward to now having planning meetings at all levels to set in motion events and plans for the forthcoming year.**

**Structure, Governance and Management**

The Trustee board of the charity takes counsel from accountants and solicitors and from the executive board of senior Elders and Missionaries and from its members via regular members meetings to govern the Charity's activities. The Trustees regularly monitor and evaluate the work of the charity in relation to meeting its objectives.

**Objectives and Activities**

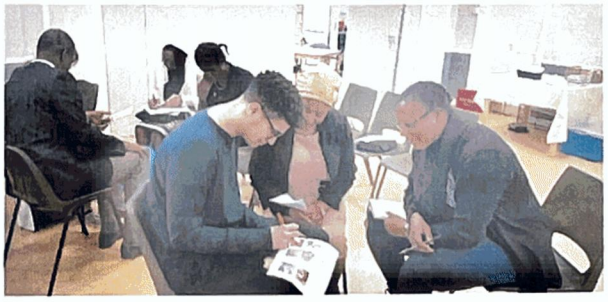
The following are further particulars of the Bibleway Charitable Trust: –

1) Its object is: "The advancement of religion of The Bibleway Church of Our Lord Jesus Christ World -Wide (United Kingdom)": clause 3 of the Trust Deed.

2) The Bibleway Church of Our Lord Jesus Christ World -Wide (United Kingdom) is defined in clause 2 of the Trust Deed as: – "Members of the Bibleway Church of Our Lord Jesus Christ World -Wide within the United Kingdom of Great Britain and Northern Ireland and the world".

3) The reference to "members of the Bibleway Church within the United Kingdom and worldwide." is a reference to the churches within the United Kingdom and the rest of the world that is associated with the Bibleway Church of Our Lord Jesus Christ World- Wide.

Bibleway charity center (charity number 263117) engages in mentoring and teaching the community on social and spiritual matters. The charity supports the vulnerable members of the community, especially those who are suffering from depression, drug abuse and the elderly who are locked in. In addition, the charity offers support to young people who have been disadvantaged.



The charity organizes a wide variety of Church services on Sundays, during the week and on special occasions to fulfill its objectives.
This will continue to be a great part of our future goals.
Sunday Services would continue to include teaching and confidence building activities within the Sunday School Department. These constructive and creative programmes help the children and the adults to understand the teachings of the Bible and to aid the members to become good citizens in their schools and within the local community.

Much of the programmes on Sundays are devoted to worshiping, praying, and teaching Godly principles from the Bible. The Sunday programme also provides opportunities for greater interaction between people of different cultural background, including help for those who are sometimes excluded from society, those who are disaffected and isolated to have a sense of inclusion into the "church community". During the week, the charity will continue to organize a varied package of departmental initiatives, including Men's ministry support, Women's ministry support, and Youth activities. These activities encourage a great deal of involvement from the Bibleway membership, which in turn aid our members to develop their potential and to raise their aspirations to function as valuable participants in community from a Christian lifestyle.

In addition, the charity seeks out and engages our community, in providing many opportunities to develop the skills of its members and the local communities in various cities. This is done by way of, e.g. sports, like badminton, football, and musical talent search within the local community.

Again, we are thankful that our Gospel Choir sang at the 2019 **Mill Road Winter Fair** opening ceremony, opened by the Mayor of Cambridge and the organizing committee, but this year due to the pandemic, this event was cancelled.

**Financial Information**

As trustees, we have always had a prudent approach to managing the charity finance. We have generally aimed to keep the charity finance as strong as possible given the very volatile economic and social environment. The charity's principal funding stream is from the free-will donations and tithes and offering from the Bibleway membership and visitors, received at the various programmed activities held at the churches and in the local community. Obviously, many of these activities were drastically curtailed during the lockdown. Thankfully, during the year, many of our supporters continued to give donations via direct payments into the charity accounts, using internet banking and their mobile phone apps. We are grateful for their ongoing generosity during the pandemic. Looking forward, we are looking into ways to strengthen our financial position through gift aid and sponsorship, and become more economically and operationally resilient, and build on the unwavering support from our donors.

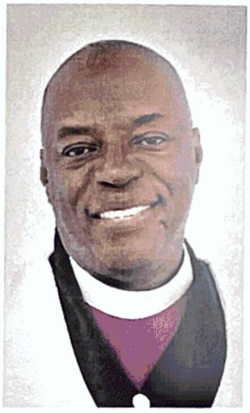
The Bibleway Centre are now the occupants and tenants of the offices at 8 Signet Court, Swann Lane. Cambridge CB5 8LA as of January 1, 2020. Bibleway pays charitable rates and the Covid 19 lockdown from March 2020 has and continues affected the charity's income.

**Buildings and Assets**

It is the Trustees plan to utilize any buildings available at various locations to advance its community and develop educational programmes. The church held it services at

Parkside Community College, Parkside, Cambridge CB11EH till the end of December 2019 and then moved to **8 Signet Court, Swann Lane. Cambridge CB5 8LA as of January 1, 2020.**

**Chairman's Summary Remarks**



1) The Chairman, on behalf of the Trustee Board, would like to express sincere thanks to those who have faithfully carried out the work of the Lord over the past years both at home and on the overseas mission field. In putting together this report, it gives us an opportunity to reflect on the past years and to look forward to our plans for the coming years.

2) We were fortunate to take more space at 8 Signet Court to further develop our charitable work and church services. Even though we have had to endure many adaptations to our way of working because of the covid 19 pandemic, we have still gained new membership to the church, and greater interaction with the online community.

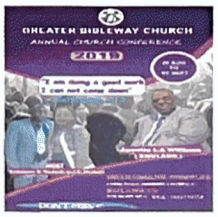
In the coming year we aim to continue the development of the monthly **Family programmes.**

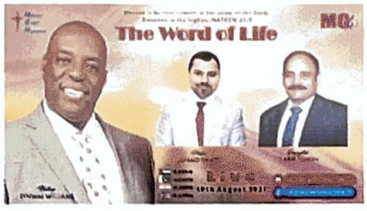
We are helping the wider community on a regular basis in providing a **hot**

**and healthy meal** to anyone who attends. This service helps to facilitate those who are alone and feel isolated to be part of a thriving multi-cultural community of caring people.

3) In conclusion, it is rewarding to consider how many people have been impacted through the work and support of the BIBLEWAY WORLDWIDE UK CHARITY in receiving practical support on issues, such as employment, training, housing and legal and health issues.

4) We have seen major growth on the Overseas Mission Programme; stretching from Zimbabwe, South Africa and the Philippines. We have continued to use the available technology to offer support and to send them financial support and assistance as funds allowed. Of course, it has not been possible this year to visit these churches in person.





5) We believe the years ahead will be productive, especially given the needs of the local and global community in these times of great austerity on a global scale.
