## EVOR CHINN CHARITABLE TRUST No. 2

Financial Statements for the year ended 5 April 2024

### 1. Principal Accounting Policies

#### (a) Accounting Convention

The Financial Statements are prepared under the historical cost convention and in preparing the Financial Statements the charity follows the best practice as laid down in the statement of Recommended Practice "Accounting and Reporting by Charities" (Charities SORP (FRS 102)) and comply with the Charities (Accounts and Reports) Regulations 2008 issued under the Charities Act 2011.

#### (b) Donations, legacies and similar income

Donations, legacies and similar income are shown in the accounts when receivable and the value of the incoming resources can be measured with sufficient reliability.

#### (c) Investment income

Investment income is accounted for in the period in which the charity is entitled to receipt.

#### (d) Resources expended

Liabilities are recognised as resources expended as soon as there is a legal or constructive obligation committing the charity to the expenditure. All expenditure is accounted for on an accrual basis.

#### (e) Charitable activities

Cost of charitable activities include grants made and an apportionment of overhead and support costs where applicable. Grants payable are payments made to third parties in the furtherance of the charitable objectives of the Trust. Single or multi-year grants are accounted for when either the recipient has a reasonable expectation that they will receive a grant and the Trustees have agreed to pay the grant without condition, or the recipient has been a reasonable expectation that they will receive a grant and any condition attaching to the grant is outside the control of the Trust.

#### (f) Governance costs

Governance costs comprise costs relating to the general running of the charity as opposed to those associated with generating funds or charitable activity.

#### (g) Fixed asset investments

Investments are stated at closing market value at the balance sheet date. Any gains or losses on revaluation and disposal are shown in the Statement of Financial Activities.

#### (h) Realised gains and losses

Gains and losses are taken to the Statement of Financial Activities as they arise. Realised gains and losses on investments are calculated as the difference between sales proceeds and purchased cost. Unrealised gains and losses are calculated as the difference between the market value at the year end and the opening market value (or purchase date if later). Realised and unrealised gains and losses are not separated in the Statement of Financial Assets.

#### (i) Taxation

The charity is exempt from tax on its charitable activities.

#### (j) Foreign currencies

Assets and liabilities in foreign currencies are translated into sterling at the rates of exchange ruling at the balance sheet date. Transactions in foreign currency are translated at the rate of exchange ruling at the date of transaction. Exchange differences are taken into account in arriving at the operating result.

### **1. Principal Accounting Policies**

#### **(a) Accounting Convention**

The Financial Statements are prepared under the historical cost convention and in preparing the Financial Statements the charity follows the best practice as laid down in the statement of Recommended Practice "Accounting and Reporting by Charities" (Charities SORP (FRS 102)) and comply with the Charities (Accounts and Reports) Regulations 2008 issued under the Charities Act 2011.

#### **(b) Donations, legacies and similar income**

Donations, legacies and similar income are shown in the accounts when receivable and the value of the incoming resources can be measured with sufficient reliability.

#### **(c) Investment income**

Investment income is accounted for in the period in which the charity is entitled to receipt.

#### **(e) Charitable activities**

Cost of charitable activities include grants made and an apportionment of overhead and support costs where applicable.

Grants payable are payments made to third parties in the furtherance of the charitable objectives of the Trust. Single or multi-year grants are accounted for when either the recipient has a reasonable expectation that they will receive a grant and the Trustees have agreed to pay the grant without condition, or the recipient has been a reasonable expectation that they will receive a grant and any condition attaching to the grant is outside the control of the Trust.

#### **(f) Governance costs**

Governance costs comprise costs relating to the general running of the charity as opposed to those associated with generating funds or charitable activity.

Realised and unrealised gains and losses are not separated in the Statement of Financial Assets.

#### **(i) Taxation**
