St Anthony's Trust

Trustees' Report

The trustees present the annual report together with the financial statements of the charity for the year ended 31 March 2021. The trustees who served during the year and up to the date of this report are set out on page 1.

Objectives and activities

Objects and aims

The objects of the charity are the advancement of education and healthcare with particular regard to the principles and methods of Rudolf Steiner, with emphasis on the establishment and operation of agricultural and horticultural training centres based on bio-dynamic agricultural techniques and as well the relief of the aged impotent and poor or any other charitable purposes as the trustees may resolve.

Objectives, strategies and activities

The principal strategy of the charity is to act as an investor in facilities to be provided to organisations pursuing activities within the charity's objects. The trustees are currently reviewing the status of the trust with the intention to bring governance in line with current practices and moving towards a Charitable Company limited by guarantee. To this end the Charity have been updating necessary documentation and land holdings to ensure readiness for this structural change. As part of this work the Trust is in the process of selling a small unused water tower to neighbours of Old Plaw Hatch Farm.

To this end the charity owns Old Plaw Hatch Farm and Tablehurst Farm and lets them to the individual farms to operate as bio-dynamic agricultural farms and training centres.

The charity also owns the Rachel Carson Centre, a building and land which is a former centre for biodynamic training which is let to the Emerson College Trust Ltd for educational activities.

It also makes grants in appropriate circumstances for training purposes and for better public access to activities relating to care for the land and environment.

Public benefit

In setting the charity's objectives and planning its activities the trustees have given consideration to the Charity Commission guidance on public benefit. Student groups of all ages visit the farms which also provide cultural and educational activities for the local community.

The trustees confirm that they have complied with the requirements of section 17 of the Charities Act 2011 to have due regard to the public benefit guidance published by the Charity Commission for England and Wales.

Grant making policies

Grants are awarded by the trustees to institutions or projects meeting the charitable objectives of the trust. Grant applications are authorised individually, according to merit.

St Anthony's Trust

Trustees' Report

Achievements and performance

Fundraising campaigns to provide additional and replacement of essential housing for farmers at Tablehurst Farm and Plaw Hatch Farm have resulted, in the case of Tablehurst farm, in a completed straw bale property (completed in September 2019) and at Plaw Hatch a house due to be completed in June 2021 for a farmer and family to replace one that burned down in 2018.

The Trust has worked with and supported both farms to develop BD educational farming and gardening through apprenticeship, internships, courses, events and other educational/training schemes. Although Covid-19 and lockdown restrictions severely curtailed these activities in this financial year, THF has managed to have four BDA apprentices in the year, a number of interns in the summer and an apprentice butcher for half the year. School visits and volunteering were not possible in this financial year for either farm; OPHF did have two full time apprentices, both of whom are in the BD Agricultural College Work-Based Learning Scheme.

The trust has in this year been involved with and supported a feasibility study for the conversion of Pixton House, Forest Row, East Sussex into an accommodation and care centre for the elderly. Planning consent is now being sought for this project. The Trust has raised donations to enable this feasibility study to take place resulting in a donation of £10,000 last year, to the feasibility project, in March 2020. We have also been pursuing, with Emerson Trustees (ECTL), the return to them of the Rachel Carson Building (RCC). This will enable the Pixton House project to develop further whilst also enabling the RCC to be utilised, more specifically, for the development of biodynamic and organic cultivation and training.

Tablehurst Farm has also engaged in research on growing vegetables and animal feeds more productively which has been shared with the wider BD farming community.

The Trust's activities are now visible on a dedicated website.

Financial review

The value of the bank loans as a mortgage has decreased this year to £57,163, these were paid off in August 2021. This borrowing represents significant infrastructure investment on Tablehurst and Plaw Hatch farms.

Policy on reserves

As has long been the Trust's practice, reserves will be maintained to cover the basic running costs. New projects will only be undertaken or initiatives supported when funds held by the Trust permit. Free reserves at the year-end date amounted to £32,737.

Investment policy and objectives

The trustees have unlimited investment powers. Currently the charity owns two freehold farm properties as programme related investments, as well as other small investments in Steiner related organisations. General funds not designated are held for current purposes.

The main income, apart from rent charged to the farms, for the Trust, is from donations for publicly specified projects and from occasional legacies. The Trust was notified in the period of two legacies in favour of the Trust: one legacy is designated for Tablehurst Farm, the other is not designated.

St Anthony's Trust

Trustees' Report

Going concern - How Covid-19 has affected the Trust

The effect of Covid-19 on the Trust has been to delay activity rather than to cause major upheaval. Board meetings carried on through the use of online technology and trustee work continued in the usual way. We were grateful when we could meet face to face once again and found the meetings more productive.

Our financial situation remained stable; the farms continued to pay rent at the agreed rate. Through adapting by offering delivery and changing shop procedures such as limiting numbers in the shop at any one time, mask wearing, customers waiting outside the shop while a shop worker gathered their order, etc the farm businesses were able to keep going and pay the rents on a regular basis.

The main delays caused by Covid-19 were a backlog at the probate office which delayed receipt of two legacies we had been notified of, and that the P3A project was delayed as ECTL was badly affected by the virus. The planned sale of the Rachel Carson Centre was put on hold.

There was no effect on fund raising and there was no major fund raising event in the period.

Structure, governance and management

Nature of governing document

St Anthony's Trust is governed by its trust deed 1st August 1972 and supplementary trust deed 25th January 1975 and is a charity registered with the Charity Commission.

Recruitment and appointment of trustees

Power of appointment and removal of trustees is vested in the trustees.

Induction and training of trustees

New trustees undergo an orientation session to brief them on their legal obligations under charity law, the content of the trust deed, the decision making processes, the future plans and recent financial performance of the charity.

Organisational structure

The trustees meet regularly to manage the affairs of the charity.

Major risks and management of those risks

Risk management

The trustees have a risk management strategy which comprises an ongoing review of the risks the charity may face; the establishment of systems and procedures to mitigate the identified risks; and the implementation of procedures designed to minimise any potential impact on the charity should those risks materialise.

St Anthony's Trust

Statement of Trustees' Responsibilities

The trustees are responsible for preparing the trustees' report and the financial statements in accordance with the United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice) and applicable law and regulations.

The law applicable to charities requires the trustees to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the charity and of the incoming resources and application of resources of the charity for that period. In preparing these financial statements, the trustees are required to:

- select suitable accounting policies and then apply them consistently;
- observe the methods and principles in the Charities SORP;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charity will continue in business.

The trustees are responsible for keeping proper accounting records that disclose with reasonable accuracy at any time the financial position of the charity and enable them to ensure that the financial statements comply with the Charities Act 2011, the applicable Charities (Accounts and Reports) Regulations, and the provisions of the constitution. The trustees are also responsible for safeguarding the assets of the charity and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Approved by the trustees of the charity on 18/1/12 and signed on its behalf by:

.....

St Anthony's Trust

Independent Examiner's Report to the trustees of St Anthony's Trust

I report to the charity trustees on my examination of the accounts of the charity for the year ended 31 March 2021 which are set out on pages 7 to 19.

Respective responsibilities of trustees and examiner

As the charity's trustees of St Anthony's Trust you are responsible for the preparation of the accounts in accordance with the requirements of the Charities Act 2011 ('the Act').

I report in respect of my examination of the St Anthony's Trust's accounts carried out under section 145 of the 2011 Act and in carrying out my examination I have followed all the applicable Directions given by the Charity Commission under section 145(5)(b) of the Act.

Independent examiner's statement

I have completed my examination. I confirm that no material matters have come to my attention in connection with the examination giving me cause to believe that in any material respect:

1. accounting records were not kept in respect of St Anthony's Trust as required by section 130 of the Act; or
2. the accounts do not accord with those records; or
3. the accounts do not comply with the accounting requirements concerning the form and content of accounts set out in the Charities (Accounts and Reports) Regulations 2008 other than any requirement that the accounts give a 'true and fair view' which is not a matter considered as part of an independent examination.

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.

Trustee

St Anthony's Trust

Notes to the Financial Statements for the Year Ended 31 March 2021

1 Accounting policies

Statement of compliance

The financial statements have been prepared in accordance with Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1 January 2015) - (Charities SORP (FRS 102)), the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) and the Charities Act 2011.

Basis of preparation

St Anthony's Trust meets the definition of a public benefit entity under FRS 102. Assets and liabilities are initially recognised at historical cost or transaction value unless otherwise stated in the relevant accounting policy notes.

Exemption from preparing a cash flow statement

The charity opted to adopt Bulletin 1 published on 2 February 2016 and have therefore not included a cash flow statement in these financial statements.

Going concern

The trustees consider that there are no material uncertainties about the charity's ability to continue as a going concern.

Judgements

Determination of whether there are indicators of impairment of the Charity's tangible assets. Factors taken into consideration in reaching such a decision include the economic viability and expected future financial performance of the asset.

Key sources of estimation uncertainty

Tangible fixed assets are depreciated over their useful lives taking into account residual values, where appropriate. The actual lives of the assets and residual values are assessed annually and may vary depending on a number of factors. In re-assessing asset lives, factors such as technological innovation, product life cycles and maintenance programmes are taken into account. Residual value assessments consider issues such as future market conditions, the remaining life of the asset and projected disposal values. The carrying amount is £- (2020 -£-).

Income and endowments

Voluntary income including donations, gifts, legacies and grants that provide core funding or are of a general nature is recognised when the charity has entitlement to the income, it is probable that the income will be received and the amount can be measured with sufficient reliability.

Donations and legacies

Donations and legacies are recognised on a receivable basis when receipt is probable and the amount can be reliably measured.

St Anthony's Trust

Notes to the Financial Statements for the Year Ended 31 March 2021

Expenditure

All expenditure is recognised once there is a legal or constructive obligation to that expenditure, it is probable settlement is required and the amount can be measured reliably. All costs are allocated to the applicable expenditure heading that aggregate similar costs to that category. Where costs cannot be directly attributed to particular headings they have been allocated on a basis consistent with the use of resources, with central staff costs allocated on the basis of time spent, and depreciation charges allocated on the portion of the asset's use. Other support costs are allocated based on the spread of staff costs.

Charitable activities

Charitable expenditure comprises those costs incurred by the charity in the delivery of its activities and services for its beneficiaries. It includes both costs that can be allocated directly to such activities and those costs of an indirect nature necessary to support them.

Grant provisions

Provisions for grants are made when the intention to make a grant has been communicated to the recipient but there is uncertainty about either the timing of the grant or the amount of grant payable.

Governance costs

These include the costs attributable to the charity's compliance with constitutional and statutory requirements, including audit, strategic management and trustees's meetings and reimbursed expenses.

Taxation

The charity is considered to pass the tests set out in Paragraph 1 Schedule 6 of the Finance Act 2010 and therefore it meets the definition of a charitable company for UK corporation tax purposes. Accordingly, the charity is potentially exempt from taxation in respect of income or capital gains received within categories covered by Chapter 3 Part 11 of the Corporation Tax Act 2010 or Section 256 of the Taxation of Chargeable Gains Act 1992, to the extent that such income or gains are applied exclusively to charitable purposes.

Tangible fixed assets

Individual fixed assets costing £100 or more are initially recorded at cost.

Depreciation and amortisation

Depreciation is provided on tangible fixed assets so as to write off the cost or valuation, less any estimated residual value, over their expected useful economic life as follows:

Asset class	Depreciation method and rate
Plant and equipment	25% straight line basis

Programme related investments

Programme related investments are made in furtherance of the charity's objects and any investment return is secondary to the charitable purpose supported by the investment. Such investments are included at their cost. Any loss or impairment arising from such investments is charged as part of charitable activities within the Statement of Financial Activities.

St Anthony's Trust

Notes to the Financial Statements for the Year Ended 31 March 2021

Fixed asset investments

Fixed asset investments, other than programme related investments, are included at market value at the balance sheet date. Realised gains and losses on investments are calculated as the difference between sales proceeds and their market value at the start of the year, or their subsequent cost, and are charged or credited to the Statement of Financial Activities in the period of disposal.

Unrealised gains and losses represent the movement in market values during the year and are credited or charged to the Statement of Financial Activities based on the market value at the year end.

Cash and cash equivalents

Cash and cash equivalents comprise cash on hand and call deposits, and other short-term highly liquid investments that are readily convertible to a known amount of cash and are subject to an insignificant risk of change in value.

Borrowings

Interest-bearing borrowings are initially recorded at fair value, net of transaction costs. Interest-bearing borrowings are subsequently carried at amortised cost, with the difference between the proceeds, net of transaction costs, and the amount due on redemption being recognised as a charge to the Statement of Financial Activities over the period of the relevant borrowing.

Interest expense is recognised on the basis of the effective interest method and is included in interest payable and similar charges.

Borrowings are classified as current liabilities unless the charity has an unconditional right to defer settlement of the liability for at least twelve months after the reporting date.

Foreign exchange

Transactions in foreign currencies are recorded at the rate of exchange at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies at the balance sheet date are reported at the rates of exchange prevailing at that date.

Other exchange differences are recognised in the statement of financial activities in the period in which they arise except for:

1) exchange differences arising on gains or losses on non-monetary items which are recognised in other comprehensive income; and expenditure.

Fund structure

Unrestricted income funds are general funds that are available for use at the trustees's discretion in furtherance of the objectives of the charity.

Designated funds are unrestricted funds set aside for specific purposes at the discretion of the trustees.

Restricted income funds are those donated for use in a particular area or for specific purposes, the use of which is restricted to that area or purpose.

St Anthony's Trust

Notes to the Financial Statements for the Year Ended 31 March 2021

The specific purposes for which the funds are to be applied are as follows:

Plaw Hatch Ruben Apprenticeship Fund is to develop the skills and knowledge of the apprentice in biodynamic farming whilst working on the land and attending agricultural college.

Pixton 3rd Age Project is looking into the possibility of converting Pixton House into a different kind of sheltered residential accommodation in conjunction with the Anthroposophical Society in Sussex and Emerson College.

Jasmine Johnson Infrastructure fund was a donation towards Tablehurst Farm masterplan developing the existing farm.

The Tablehurst Farmhouse and Housing Appeal is to raise funds for the building of additional living accommodation for the workers at Tablehurst Farm, including that of a Strawbale house for Peter Brown.

The Old Plaw Hatch Housing Appeal is to raise funds for the rebuilding of living accommodation damaged in the fire during the 2018 financial year.
