Additional governance issues (Optional information)

You may choose to include additional information, where relevant, about:

- policies and procedures adopted for the induction and training of trustees;
- the charity's organisational structure and any wider network with which the charity works;
- relationship with any related parties;
- trustees' consideration of major risks and the system and procedures to manage them.

Major Risks. The Trustees have conducted an assessment of the risks that could harm the charity and a Risk Register, which is reviewed annually, has been prepared. The assessment identified two major risks, both of which relate to the trustee having particular responsibilities being unable to discharge their specific duties.

To manage the risks other trustees have been nominated to deputise and assume the specific offices until the incumbent can resume office or another person is elected to the office. Office holders regularly inform "deputies" of their activities and any major problems.

The Risk Register was reviewed, revised and accepted by the Trustees during 2020.

Section C

Objectives and activities

Summary of the objects of the charity set out in its governing document

Within the parishes of Egham, Englefield Green and Old Windsor the Charity aims to promote good health and relieve, in cases of need, persons who are sick, disabled, handicapped or infirm, by way of providing equipment or other forms of assistance and to assist other organisations, in need of funds to provide similar facilities to the same end.

Summary of the main activities undertaken for the public benefit in relation to these objects (include within this section the statutory declaration that trustees have had regard to the guidance issued by the Charity Commission on public benefit)

The Trustees continue to maintain contact with local individuals and organisations who can recommend individuals and organisations from within the area of benevolence that would benefit from the charity's help.

These informants include: Staff of medical practices; citizens' advice bureaux; health visitors; schools and other charities.

The Trustees have reviewed, again, the questions on public benefit as set out by the Charity Commission and confirm that the Public Benefit test is met as evidenced by the content of this report.

Additional details of objectives and activities (Optional information)

You **may choose** to include further statements, where relevant, about:

- policy on grantmaking;
- policy programme related investment;
- contribution made by volunteers.

The Charity's trustees oversee the investment strategy, monitor the financial situation and set annual targets for grant payments based on revenue available.

The Charity's trustees review all grant applications and where they meet the charitable objects, and funds are available, make suitable grants.

Section D

Achievements and performance

Summary of the main achievements of the charity during the year

The Trustees held three meetings in 2020 at which various applications for assistance were considered and mostly approved. In the year grants amounting to £33,393 were made, £31,061 to organisations and £2,932 to families or individuals. Further details of grants are contained in the Financial Statements for year ended 31 December 2020.

Section E

Financial review

Brief statement of the charity's policy on reserves

The Trustees seek to expend the majority of the income received in any one year. Also, they wish to be able to make, at short notice, a grant of up to £10,000. To support such a policy the trustees attempt to maintain a working balance between £10,000 and £20,000.

Details of any funds materially in deficit

Further financial review details (Optional information)

You **may choose** to include additional information, where relevant about:

- the charity's principal sources of funds (including any fundraising);
- how expenditure has supported the key objectives of the charity;
- investment policy and objectives including any ethical investment policy adopted.

The value of the charity's investments were £715,075 at 31 December 2020.

In 2020 the income from the investments was £26,115, which was lower than forecast at the start of the year due to the impact of Covid 19.
