**POOR VICARS' CHARITY  
TRUSTEES' REPORT  
FOR THE YEAR ENDED 31 DECEMBER 2023**

The Trustees present the charity's accounts for the year ended 31 December 2023.

**Structure, Governance and Management**

The Charity is an unincorporated, grant making charity established by Act of Parliament. There are two designated trustees; The Archbishop of Canterbury and the Bishop of Ely. Following the resignation of Stephen Conway from the Office of Bishop of Ely, his position was filled by Dagmar Winter who is designated to undertake the duties of the office of the Bishop of Ely by an Instrument of Delegation.

The trustees meet annually to consider grant applications received; to review policies and procedures in line with recognised best practice for the Charity and to review reports of how previous grants have been expended.

The Trustees review all policy guidelines on an annual basis and make changes whenever necessary. The Trustees are aware of and have due regard for the guidance produced by the Charity Commission regarding Public Benefit.

**Objectives and Activities**

The principal objective of the charity is to provide financial support for 10 poor priests in the Diocese of Canterbury and 10 poor priests in the Diocese of Ely as advised and requested by the respective Diocesan Bishops. Through that to promote and assist with the work and purpose of the Church of England, for the advancement of the christian faith in the Diocese of Canterbury and the Diocese of Ely and beyond. The trustees believe that in being able to alleviate the stress and personal pressures brought about by reduced income levels, they are assisting the individual priests to focus on their vocation serving not only those who regularly attend church services and activities but the wider public in their parishes.

**Grant making policy and procedure**

The Trustees aim to distribute all the available income in any year evenly between the two beneficiaries.

**Achievements and Performance**

The trustees were able to maintain the provision for grants to each Bishop in the year. Since effecting the change in asset class of the charity's endowment the Trustees have been able to increase the real value of the asset base.

The trustees believe this will provide a strong platform to allow the charity to continue to be responsive to demands on its resources in years to come.

**POOR VICARS' CHARITY  
TRUSTEES' REPORT  
FOR THE YEAR ENDED 31 DECEMBER 2023**

**Financial review**

The year was characterised by continuing volatility reflecting global fears of inflation. Over the period financial markets were depressed for the first 3 quarters of the year, but rose strongly in the latter part of the final quarter. Concerns about liquidity lessened in the mid part of the year and as a result many companies have reversed previous cuts to dividends and investment managers have managed to increase income during the year. This meant that the total income received in the year increased. Not all of the increase was distributed in the year. The remaining sums will be reinvested to generate income in future years. Any surplus funds in any one year will be retained and offered by trustees as top up grants in exceptional circumstances or retained for future investment.

**Reserves Policy**

The Charity is bestowed with a permanent endowment which is invested to produce an annual flow of income. From this the Trustees are authorised to make equal grants to poor vicars in the Dioceses of both Canterbury and Ely. The Trustees aim to distribute the available net income in each year. It is recognised however that in some years it will not be necessary to distribute entire net income earned in the year. In such instances, any operating surplus will be retained in a separate unrestricted fund and reinvested to produce additional contribution to the annual investment income achievable; at the year end this stood at £70,878.

The Trustees will review the level of reserves on an annual basis.

**Investment Policy**

The financial objective of the Charity is to at least maintain the "real value" of its capital assets, whilst generating a stable and sustainable income return to fulfil the Charity's grant making obligations. The Charity supports beneficiaries within the Church of England. The Trustees are mindful of the statements and recommendations issued by the Church of England Ethical Advisory Group. Investments are placed into multi-asset common investment funds.

The Charity seeks to produce the best financial return within an acceptable level of risk. The Charity's investment objective is to grow capital at a rate higher than inflation (as defined in the retail price index) and maintain a stable, growing income stream.

The Charity invests to reduce the potential risk to its capital endowment of the effects of long term inflation. Capital and income volatility can be tolerated if it is in line with expectations. The Trust assets are diversified through investment in multi-asset, common investment funds.

The Charity distributes income annually. The Charity is able to buy or sell units in the common investment fund on a weekly basis with settlement after four business days. Time horizon – the Charity's capital is permanent endowment. It therefore adopts a long term investment time horizon.

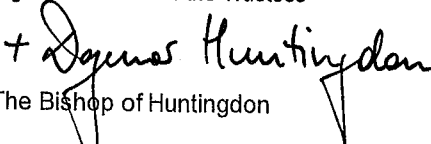

The Charity's asset value and income is monitored half yearly by the Charity Secretary. The Trustees review the investment performance of the common investment fund against its peers and the investment objective on an annual basis.

This investment policy statement was prepared to provide a framework for the management of the Poor Vicar's Charity's investment assets. It will be reviewed on an annual basis to ensure continuing appropriateness.

**Plans for the Future**

The Trustees aim to continue to offer direct support to beneficiaries. Domestic levels of inflation have begun to fall in the final quarter of the year, and into 2024. This, alongside a recommended rise in Stipends of 7% for the year from 1 April 2024, has helped to ease Trustees concerns about stipend "values" decreasing. While the stipend remains modest, a significant increase in April will help it maintain its spending power, particularly as inflation falls back towards Bank of England targets. The trustees will continue to monitor this situation closely. The trustees' goal is to be able to continue to provide grants to clergy to augment stipend payments where necessary to relieve stresses caused by financial issues. Through this it is hoped that priests will be able to better focus on their vocational commitment to the advancement of religious faith through the direct ministering to both congregation and the wider lay community within their cure of souls.

Signed on behalf of the Trustees

The financial statements have been prepared under the historical cost convention except for investments, which are included at market value, and in accordance with FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" and the Statement of Recommended Practice "Accounting and Reporting by Charities" FRS 102 (2019).

**1.2 Going concern basis**

The Trustees consider that the going concern basis is appropriate as they consider the reserves levels and expected investment income to be at sufficient levels to ensure that the Trustees can meet their financial obligations for the next 12 to 18 months and on that basis the Charity is a going concern, in arriving at this conclusion the Trustees have considered the potential impact of the current global pandemic known as COVID-19.

**1.3 Financial Reporting Standard 102 - reduced disclosure exemptions**

The Trustees have taken advantage of the following disclosure exemption in preparing these financial statements, as permitted by FRS 102:

- the requirement of Section 7 Statement of Cash Flows.

**1.4 Income**

All incoming resources are included in the Statement of Financial Activities (SOFA) when the Board is legally entitled to them as income or capital respectively, ultimate receipt is reasonably certain and the amount to be recognised can be quantified with reasonable accuracy.

**1.5 Resources expended**

Expenditure is included on the accruals basis and has been classified under headings that aggregate all costs related to the SOFA category.

Grants payable are charged in the year when the offer is conveyed to the recipient except in those cases where the offer is conditional on the recipient satisfying performance or other discretionary requirements to the satisfaction of the Trustees, such grants being recognised as expenditure when the conditions attaching are fulfilled. Grants offered subject to such conditions which have not been met at the year end are noted as a commitment, but not accrued as expenditure.

**1.6 Investments**

Investments are included at market value.

**1.7 Taxation**

The Trust is a registered charity in the United Kingdom and no taxation is payable on its income.
