BRITISH SOCIETY FOR POPULATION STUDIES

TRUSTEES' REPORT FOR THE YEAR ENDED 31 DECEMBER 2023

We present our report and financial statements for the year ended 31 December 2023.

Report for 2023

1. Objectives

The British Society for Population Studies is a society of persons who have demonstrated by their writings or otherwise a scientific interest in the study of human populations. The Society's objectives are to benefit the public by furthering the scientific study of biological, economic, historical, medical, social and other problems connected with human populations, and to contribute to public awareness of these problems. BSPS members work in academia, local and central government, and industry and include postgraduate students of demography and population studies.

Benefits of membership include first-call invitations to BSPS and other meetings, a Newsletter and circulations of time-dated material, a reduced registration fee to the annual BSPS Conference (when held physically), and a reduced-rate personal subscription to the Journal, *Population Studies*. Members are invited to participate in BSPS consultations and networks with academic and government research. The Society maintains a website at <http://www.bspb.org.uk/bbps>. It is anticipated that BSPS, in pursuit of its objectives and aims, will continue its programme of occasional day meetings and annual conferences and continue to provide travel and meeting grants to enable members to attend its events as well as relevant meetings organized by others.

2. Grant making policy

The Society aims to use surplus income from the previous year to fund meetings, travel grants to members, bursaries to the annual conference for student members, and to fund the annual Low- and Middle-Income countries initiative, which resumed in 2023. Surplus income derives principally from the previous year's annual conference, where available, though a small deficit is reported in 2023 owing to the popularity of this year's student bursary scheme. As 2023 is the Society's Anniversary, expenditure was made on three Commemorative events during the year, in addition to the Conferences.

3. Investment, reserves and risk management policy

The Society maintains reserves to meet any future deficits on its activities, any outstanding commitments should the Society be wound up, the liability ensuing if the usual annual conference were to be cancelled at short notice, and the likely costs of the Secretariat should the PIC withdraw its support. Therefore, the trustees consider that an appropriate level of reserves should cover appropriate charitable expenditure for one year. However, as 2023 is the Society's 50th Anniversary and events are planned to mark this, including an anniversary conference, it was thought prudent to maintain higher than usual reserves for 2023. This is to cover the eventualities of income not meeting the costs of the commemorative events for which higher than usual budgets have been allowed. Reserves required are, therefore, set at £95,000 for 2023.

Free reserves stand at £118,910 at 31 December 2023, although it should be noted that £18,721 (£17,121 at 31 December 2022), is held in COIF shares, whose value can be expected to fluctuate (original cost £10,000). It is anticipated that the excess over the required amount will be expended in future years, in furtherance of the Society's charitable activities.

A substantial part of the Society's reserves, £55,787 (£52,943 at 31 December 2022), are held in a COIF deposit account, which is not protected by any financial compensation scheme. However, the trustees believe it unlikely that the UK Government would let charities suffer the consequences of the failure of a Charity Commission-approved deposit scheme such as COIF. It has also been noted that common deposit funds spread their investments between a number of banks, so it is unlikely that all deposits would be lost in the event of a single bank failure. The trustees closely monitor both the COIF shares and the COIF deposit account to protect the finances of the Society.

BRITISH SOCIETY FOR POPULATION STUDIES

TRUSTEES' REPORT FOR THE YEAR ENDED 31 DECEMBER 2023

4. Review of financial transactions

The financial statements summarise the Society's transactions during 2023. Staff of the Population Investigation Committee (PIC) carried out the general administrative work, accounting and bookkeeping functions, maintenance of the website, and administration of the conference at cost. With the unrealized gain on the COIF Shareholding of £1,600 taken into account, the amount held in the General Fund increased by £4,958 in the year, after the £3,149 surplus on the 2022 Conference Account was transferred (Note 16). Council Expenses amounted to £262, consisting of travel expenses relating to their service as speakers at day meetings. Expenditure on day meetings on special topics resumed, and three were held during the course of this 50th Anniversary year of BFPS with costs amounting to £3,945. Although the numbers of Members decreased, Membership Subscriptions increased from £5,283 in 2022 to £6,645 in 2023, due to a substantial effort to follow up payment. There was a small deficit of £393 on the Conference and a surplus of £1,809 in general income and expenditure. The Balance of the General Fund at the end of 2023 was £119,303 (See Note 16).

5. Funds

- a) The Society's funds derive from members' subscriptions, from investment income, from the PIC grant to BPS and from any surpluses on the annual conference. Apart from grants for specific purposes, all funds are unrestricted. Conferences are intended to be self-financing, although Council may choose to support e.g. student bursaries at a deficit supported by the General Fund. Similarly, when any surplus remains, this is added to the General Fund.
- b) Membership of the Society: During 2023 there were seven categories of membership, as in previous years, and no increase in membership subscriptions. Membership subscription rates are per calendar year, except for lifetime membership for retired members:

• Full membership	£25.00
• Country membership – beyond the Network Southeast Region or overseas	£20.00
• Student members	£7.50
• Members in LEDCs	£7.50
• Retired members	£7.50
• Lifetime membership for retired members – single payment	£75.00
• Honorary membership, awarded by Council to members of the Society who have not only given long and distinguished service to the Society, but have also made significant contributions to the development of population studies in the UK. There are currently no honorary members.	

At 31 December 2023 there were 367 subscription-paying members, compared with 400 at the end of 2022. Income is nonetheless up, as the secretariat devoted substantial effort to ensuring members were paid up to date, including introducing a direct debit scheme for that purpose.

BRITISH SOCIETY FOR POPULATION STUDIES

TRUSTEES' REPORT FOR THE YEAR ENDED 31 DECEMBER 2023

6. Activities during the year

- a) Meetings. There were three well attended BSPS & BSPS-supported meetings in the year, connected by the theme of the BSPS 50th Anniversary Looking Backwards, Looking Forwards, which was also the theme of the Conference:
 - Workshop on interdisciplinary perspectives on research and teaching in Historical Demography, 17-18 April (LSE)
 - Talking about population: A BSPS 50 Anniversary public event, 7 July (LSE)
 - Local population change and policy challenges, 6 November (British Academy)
- b) Annual Conference. The 2023 Annual Conference was held at Keele University from 11-13 September. Over 290 attended the event, and a total of 239 presentations were given. Professor Tony Champion FAcSS of Newcastle University gave a plenary offering some personal reflections from a geographical perspective whilst a second plenary was a conversation between Professor Ridhi Kashyap (University of Oxford), Dr Bernice Kuang (University of Southampton) and Dr Louisa Blackwell (ONS) on New and future developments in British population studies. Additionally Dr Laura Sochas of the University of Edinburgh gave the early-career plenary session on Quantitative approaches for critical & feminist population studies: Structure & heterogeneity. There was also a postgraduate and early career mentoring session.
- c) BSPS Prize. An annual prize is awarded for the best submitted Master's dissertation from the previous year on a demographic topic, for which two or three independent judges are selected by Council. The prize was awarded to Jiyeong Seo (LSE) for their dissertation: Understanding the role of socioeconomic position and life-style related risk factors in determining the speed of cognitive decline: Korean Longitudinal Study of Ageing. There was a cash prize of £300.
- d) Early career award. The winner of the 2023 Early Career Award was Dr Laura Sochas of the University of Edinburgh. Dr Sochas gave the early-career plenary session on Quantitative approaches for critical & feminist population studies: Structure & heterogeneity.
- e) Anne Shepherd, who as General Secretary of the Population Investigation Committee (PIC) ran the BSPS Secretariat for over 20 years, retired at the end of 2023. In honour of and with gratitude for all her work, the BSPS Early Career Award will be renamed the Anne Shepherd New Investigator Award from 2024 onward.

7. Council members and officers

Three new Council members were elected in 2023, to replace those who had completed their 4-year terms. Additionally, a committee of postgraduate students was established to fulfil the role previously occupied by the non-trustee postgraduate representative on Council, i.e. to promote and represent the interests of postgraduate students in the Society and in turn to promote the Society among this constituency. See listing in Appendix A1.

All new Trustees receive an induction pack, containing the Charity Commission booklet on the responsibilities of Trustees (<https://www.gov.uk/government/publications/the-essential-trustee-what-you-need-to-know-cc3>), Minutes of the previous year's Council meetings, and the Minutes of the AGM. Further help can be offered to any Trustee who requires it. The Secretariat forwards all Charity Commission briefings for Trustees to the BSPS Trustees as received.

BRITISH SOCIETY FOR POPULATION STUDIES**TRUSTEES' REPORT FOR THE YEAR ENDED 31 DECEMBER 2023****8. Statement of Trustees' Responsibilities**

Law applicable to charities in England and Wales requires trustees to prepare financial statements for each financial year which give a true and fair view of the state of the charity's financial activities during the year and of its financial position at the end of the year. In preparing those financial statements, giving a true and fair view, the trustees should follow best practice and:

- select suitable accounting policies and apply them consistently;
- observe the methods and principles in the Charities SORP;
- make judgments and estimates that are reasonable and prudent;
- state whether applicable accounting standards have been followed subject to any material departures disclosed and explained in the financial statements;
- prepare financial statements on the going concern basis unless it is inappropriate to presume that the Charity will continue to operate.

Trustees are responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the charity and which enable them to ensure that the financial statements comply with relevant legislation and the trust deed. They are also responsible for safeguarding the assets of the charity and hence taking reasonable steps for the prevention and detection of fraud and other irregularities.

Approved by the Trustees and signed on their behalf by:

Trustee NICOLA SHELTON

Trustee LEE WILLIAMSON

Date: 9 SEP 2024

**INDEPENDENT EXAMINER'S REPORT TO THE TRUSTEES OF
BRITISH SOCIETY FOR POPULATION STUDIES**

I report to the trustees on my examination of the accounts of the British Society for Population Studies for the year ended 31 December 2023. This report is made to the Trustees, as a body, in accordance with the terms of my engagement. My work has been undertaken so that I might carry out an Independent Examination of the financial statements in accordance with the General Directions given by the Charity Commissioners. To the fullest extent permitted by law, I do not accept or assume responsibility to anyone other than the Charity and the Charity's Trustees as a body for my work or for this report.

Responsibilities and basis for report

As the charity trustees of the Charity you are responsible for the preparation of the accounts in accordance with the requirements of the Charities Act 2011 ('the Act').

I report in respect of my examination of the Charity's accounts carried out under section 145 of the 2011 Act and in carrying out my examination I have followed all the applicable Directions given by the Charity Commission under section 145(5)(b) of the Act.

Independent examiner's statement

I have completed my examination. I confirm that no material matters have come to my attention in connection with the examination giving me cause to believe that in any material respect:

1. accounting records were not kept in respect of the Charity as required by section 130 of the Act; or
2. the accounts do not accord with those records; or
3. the accounts do not comply with the applicable requirements concerning the form and content of accounts set out in the Charities (Accounts and Reports) Regulations 2008 other than any requirement that the accounts give a 'true and fair view' which is not a matter considered as part of an independent examination.

I have no concerns and have come across no other matters in connection with the examination to which attention should be drawn in this report in order to enable a proper understanding of the accounts to be reached.

BRITISH SOCIETY FOR POPULATION STUDIES

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2023

1. STATUS

British Society for Population Studies is an unincorporated charity, registered with the Charity Commission with registered number 266161. The Charity's registered address is BSPS Secretariat, LSE POR.2.01, Houghton Street, London, WC2A 2AE. A description of the Charity's operations and principal activities can be found in the Report of the Trustees.

2. ACCOUNTING POLICIES

(a) Basis of Accounting

The accounts have been prepared under the historical cost convention with items recognised at cost or transaction value unless otherwise stated in the relevant notes to these accounts. They have been prepared in accordance with the Statement of Recommended Practice Accounting and Reporting by Charities preparing their accounts in accordance with the Financial Reporting Standards applicable in the UK and Republic of Ireland (FRS 102) Second Edition issued in October 2019 and the Financial Reporting Standard applicable in the United Kingdom and Republic of Ireland (FRS 102 March 2018) and the Charities Act 2011. The Charity constitutes a public benefit entity as defined by FRS 102.

The accounts have been prepared to give a 'true and fair' view and have departed from the Charities (Accounts and Reports) Regulations 2008 only to the extent required to provide a 'true and fair view'. This departure involved following Accounting and Reporting by Charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS102) rather than the Accounting and Reporting by Charities Statement of Recommended Practice effective from 1 April 2005 which has since been withdrawn.

The Trustees consider that there are no uncertainties about the Charity's ability to continue as a going concern.

The functional and presentational currency of the Charity is the £ Sterling.

(b) Income

Income is recognised in the year once the charity has entitlement to the income, it is probable that the income will be received and the amount of income receivable can be measured reliably.

Donations, Subscriptions and Grants are recognised when the Charity receives the income. Investment Income is recognised on the date on which the dividend is payable or the interest arises.

Income is deferred only when the Charity has to fulfil conditions before becoming entitled to it or the donor has specified that the income has to be spent in a future period.

(c) Expenditure

Liabilities are recognised as expenditure as soon as there is a legal or constructive obligation committing the Charity to that expenditure, it is probable that settlement will be required and the amount of the obligation can be measured reliably. All expenditure is accounted for on an accruals basis.

- **Costs of Raising Funds**
The cost of raising funds consists of investment management fees.
- **Charitable Activities**
Costs of Charitable Activities include Conference Costs, grants to individuals and direct costs associated with administration as well as an allocation of support costs.

BRITISH SOCIETY FOR POPULATION STUDIES

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2023

2. ACCOUNTING POLICIES (continued)

- **Support Costs**
Support costs have been allocated between activities on the basis of staff time and include Governance costs, which comprises all costs involving the public accountability of the Charity and its compliance with regulation and good practice.

(d) Fund Accounting

(i) *Unrestricted Funds:*

The unrestricted funds may be used by the Charity in furtherance of its charitable objectives at the discretion of the Trustees. The Council may, at their discretion, set aside unrestricted funds for specific future purposes. These are shown as designated funds within unrestricted funds. Where such funds are no longer required for the intended purposes, they are released to general funds.

(ii) *Restricted Funds:*

Where income is received for purposes specified by the donor or the terms of appeal under which it was raised, that income is shown as restricted in the statement of financial activities. Expenditure for the specified purposes is shown as restricted fund expenditure. Any unexpended balance at the balance sheet date is carried forward as a restricted income fund.

(e) Value Added Tax

The Charity is not registered for VAT and accordingly where applicable, all expenditure incurred is inclusive of VAT.

(f) Investments

The Charity's investments are a form of basic financial instrument and are initially recognised at their transaction value and subsequently measured at their fair value as at the balance sheet date using the closing quoted market price. The statement of financial activities includes the net gains and losses arising on the revaluations and disposals throughout the year.

Realised gains and losses on investments are arrived at by comparing the net sale proceeds with the market value at the end of the previous financial year. Unrealised gains and losses represent the difference between the market value of investments still held at the end of the financial year with their value at the beginning of the year or with their cost if purchased subsequently.

(g) Debtors

Trade and other debtors are recognised at the settlement amount due after any trade discount offered. Prepayments are valued at the amount prepaid net of any trade discounts due.

(h) Cash at Bank

Cash at bank is defined as cash and short term highly liquid investments with a short maturity of three months or less from the date of acquisition or opening of the deposit or similar account.

(i) Creditors and provisions

Creditors and provisions are recognised where the charity has a present obligation resulting from a past event that will probably result in the transfer of funds to a third party and the amount due to settle the obligation can be measured or estimated reliably. Creditors and provisions are normally recognised at their settlement amount after allowing for any trade discounts due.

BRITISH SOCIETY FOR POPULATION STUDIES

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2023

APPENDIX 2

CONSTITUTION FOR THE BRITISH SOCIETY FOR POPULATION STUDIES

1. The British Society for Population Studies is a society of persons, who have demonstrated by their writings or otherwise a scientific interest in the study of human populations. The Society's object shall be for the benefit of the public to further the scientific study of biological, economic, historical, medical, social and other problems connected with human populations and to contribute to the public awareness of these problems.
2. In furtherance of the foregoing object the Society shall:
 - (i) provide facilities for studies and research into subjects connected with human populations and for the exchange and dissemination of information concerning such research;
 - (ii) arrange public meetings, lectures, conferences and seminars for the consideration and discussion of problems relating to human populations;
 - (iii) provide a forum for the discussion of issues connected with human population and act as a vehicle for the interchange of education ideas.
3. The income of the Society whencesoever derived shall be applied solely for the promotion of the objects set forth in the articles of this constitution.
4. The Society shall be managed by a Council, which may form committees to assist it, and the Council shall have power to make rules for the guidance of such committees. Membership of committees shall not be restricted to members of the Council.
5. The Council shall consist of a President, a Vice President, a Secretary, a Treasurer and ten elected members. They shall be elected in accordance with the provisions of Article 11 below. The President, Vice President, Secretary and Treasurer shall serve as such for two years, and the President and Vice President shall not be immediately re-eligible for the same office. Members of the Council shall serve for four years, and one-half of the members shall retire every two years. No ordinary members of Council shall serve as such for a consecutive period exceeding four years in all. No person shall serve consecutively on Council, whether in one or several capacities, for a period exceeding eight years.

(The Constitution was amended in 1991 to allow up to ten elected members to serve on Council. It was amended again in 2014 to limit the terms of office on the Hon. Treasurer and Hon. Secretary).

6. The founder members of the Society shall be the members of the Population Studies Group at the time of the foundation of the Society. Other persons may be admitted to membership of the Society by the Council, provided that they can satisfy the Council of their scientific interest in population problems.
7. Every member of the Society shall pay an annual subscription of an amount fixed by the Council. The annual subscription shall fall due on 1 January each year. Membership will lapse if an annual subscription is not received by 31 March until such time as a renewal subscription is received.

(The Constitution was amended in 2014 by the addition of the last two sentences.)

8. The first honorary officers and Council of the Society shall be the persons elected to the Committee of the Population Studies Group. One half of the members of the original Council to be chosen by lot shall retire on 31 December 1975. The original officers shall also retire on 31 December 1975.

BRITISH SOCIETY FOR POPULATION STUDIES

NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEAR ENDED 31 DECEMBER 2023

APPENDIX 2

CONSTITUTION FOR THE BRITISH SOCIETY FOR POPULATION STUDIES (CONTINUED)

9. The Annual General Meeting of the Society shall be held on such a day and at such time and place as the Council may determine. The Council shall have power at any time to call a Special General Meeting, and such a meeting shall be called by the Council on receipt of a request to that effect signed by not less than 20 members. Not less than 21 days' notice shall be given of all General meetings of the Society. The quorum at a General Meeting of the Society shall be 12 members. (Previously 20 members; amended at the Society's AGM 12 July 2001.)
10. At the Annual General Meeting the Treasurer shall present the accounts of the Society for the previous year for approval.
11. Not less than three months before the Annual General Meeting the Secretary shall ask members to nominate candidates for any offices or seats on the Council which will fall vacant during the calendar year. If the number of nominations exceeds the number of vacancies a ballot shall be held of all the membership and the result declared at the Annual General Meeting.

(Amended 2014 to 'all the membership')
12. No member of the Council or honorary officer shall be permitted to receive any remuneration whatever for work done for the Society, provided nothing in this section shall prevent the reimbursement to such members of expenses incurred in conduction of the Society's affairs.
13. If upon dissolution of the Society there remains after the satisfaction of all its debts and liabilities, any property whatsoever, the same shall not be paid to or distributed among the members of the Society but shall be given or transferred to some charitable institution or institutions having objects similar to the objects of the Society, but failing this, to some other charitable object.
14. Changes in this constitution shall be made only at a General Meeting of the Society, and a month's notice in writing shall be given of such proposals. Any proposal for a change in the Constitution which would cause the Society to cease to be a charity in law, or any proposal to change Articles 1, 2, 3 or 13 of this Constitution, shall not become operative until it has been submitted to a ballot of all the membership and approved by a majority of at least two-thirds of those voting. Amendments to other articles of this Constitution shall become operative, if passed by a simple majority at the Annual General Meeting.

(Amended 2014 to remove requirement for postal ballot)
