## TRUSTEES' ANNUAL REPORT

for the year ended 5 April 2025

---

### Structure, Governance and Management

The Charity's ongoing activities and policies are set at the discretion of the Trustees in accordance with the objectives of the Trust Deed. The Trust's principal activity is its grant making programme, which is financed by income derived from the Charity's investment portfolio. As far as possible, on a year to year basis, the Trustees seek to spend this income on viable, well researched charitable projects in accordance with the objects of the Trust Deed and Lady Blakenham's wishes.

Under the terms of the Trust Deed, the Trustees have wide powers of investment at their discretion and are specifically allowed by the deed not to diversify. The Trustees maintain a substantial balance in cash to enable them to fulfil any emergency grant requirements.

The power to appoint new or additional Trustees was vested in the Settlor during her lifetime and thereafter in the existing Trustees. The Trustees have adopted a policy in the event of the appointment of a new Trustee which includes a brief induction and training process. This includes a meeting with the existing Trustees to advise on investment policy, the grant making process and the powers and responsibilities of the Trustees. In addition, any new Trustee will be provided with a copy of the latest financial statements and annual return and any recent investment reports.

### Financial Review

Total incoming resources of the Trust in the year to 5 April 2025 were £32,997 (2024 £27,629). Charitable donations made in the year to 5 April 2025 totalled £41,000 (2024 £43,000).

### Activities for the Public Benefit

The Trustees confirm that they have referred to the guidance contained in the Charity Commission's general guidance on public benefit when reviewing the Charity's aims and objectives and in planning future activities and setting the grant making policy for the year.

The Trustees are satisfied that all grants made during the year are for the benefit of the public and that the benefit of each and every grant is clearly identifiable. For a full list of grants made during the year see note 4 in the financial statements.

The Trustees consider all organisations that they have supported during the year to be of equal importance.

### Plans for Future Periods

The Trustees look forward to continuing to make further charitable donations in the future.

### Reserves Policy

It is the Trustees' intention that any surplus income should be carried forward for distribution as part of the grant making programme in the following year. The deficit of £15,345 has been deducted from the unrestricted funds in the income account. The policy on reserves is reviewed annually.

### Risk Policy

The major risks to which the Charity is exposed, as identified by the Trustees, have been reviewed and the Trustees are satisfied that the systems are in place to mitigate those risks.

### Statement of Trustees' responsibilities for the financial statements

Law applicable to charities in England & Wales requires the Trustees to prepare financial statements for each financial year which give a true and fair view of the Charity's financial activities during the year and of its financial position at the end of the year. In preparing financial statements giving a true and fair view, the Trustees should follow best practice and:

- select suitable accounting policies and then apply them consistently;
- observe the methods and principles in the Charities SORP;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable accounting standards have been followed, subject to any departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Charity will continue in operation.

The Trustees are responsible for keeping accounting records which disclose with reasonable accuracy the financial position of the Charity. They are also responsible for safeguarding the assets of the Charity and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities and ensuring compliance with the trust deed.

## NOTES TO THE FINANCIAL STATEMENTS

at 5 April 2025

---

### 1. ACCOUNTING POLICIES

The principal accounting policies adopted are as follows:

#### a) Basis of preparation and assessment of going concern

The financial statements have been prepared in accordance with Accounting and Reporting by Charities: Statement of Recommended Practice (applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102)) (effective 1 January 2019) and the Charities Act 2011.

The financial statements have been prepared under the historical cost convention with items recognised at cost or transaction value unless otherwise stated in the relevant note(s) to these financial statements.

The Trustees consider that there are no material uncertainties about the Charity's ability to continue as a going concern.

#### b) Fund structure

The expendable endowment represents the funds originally gifted to the Charity and is to be retained by the Trustees or, at their discretion, applied as for income. The unrestricted funds represents the funds available for distribution by the Trustees in accordance with the trust deed.

#### c) Income recognition

All income is recognised once the Charity has entitlement to the income, there is sufficient certainty of receipt and so it is probable that the income will be received, and the amount of income receivable can be measured reliably.

Interest on funds held is included upon notification of the interest paid or payable. Dividends are recognised once the dividend has been declared and notification has been received of the dividend due.

#### d) Expenditure recognition

Liabilities are recognised as expenditure as soon as there is a legal or constructive obligation committing the Charity to that expenditure, it is probable that settlement will be required and the amount of the obligation can be measured reliably.

All expenditure is accounted for on an accruals basis. All expenses, including support costs and governance costs, are allocated or apportioned to the applicable expenditure headings in the Statement of Financial Activities. For more information on this allocation refer to note e) below.

Grants payable are payments made to third parties in furtherance of the charitable objectives of the Charity. Provision is made for grants approved by the Trustees in the year. During the year, all grants approved by the Trustees were paid.

#### e) Allocation of governance and other support costs

Governance and support costs have been allocated between charitable activities and governance based on the activity to which they relate. The allocation is analysed in note 5.

Governance costs comprise all costs involving the public accountability of the Charity and its compliance with regulation and good practice.

#### f) Cost of raising funds

The cost of generating funds comprises the investment management charges.

## NOTES TO THE FINANCIAL STATEMENTS

at 5 April 2025

### 1. ACCOUNTING POLICIES - continued

#### g) Charitable activities

The expenditure on charitable activities comprises grants made in the year and governance costs. No support costs are incurred by the Trustees in the grant making process, as the Trustees undertake this service at no charge.

#### h) Fixed asset investments

Investments are initially recognised at their transaction value and subsequently measured at their market value as at the Balance Sheet date using the closing quoted market price. The Statement of Financial Activities includes the net gains and losses arising on revaluation and disposals throughout the year.

#### i) Realised gains and losses

All gains and losses are taken to the Statement of Financial Activities as they arise. Realised gains and losses on investments are calculated as the difference between sales proceeds and their opening carrying value or their purchase value if acquired subsequent to the first day of the financial year. Unrealised gains and losses are calculated as the difference between the fair value at the year end and their carrying value. Realised and unrealised investment gains and losses are combined in the Statement of Financial Activities.

#### j) Currency

The financial statements are prepared in sterling, which is the functional currency of the Charity. Monetary amounts in these financial statements are rounded to the nearest £.

### Structure, Governance and Management

The Charity's ongoing activities and policies are set at the discretion of the Trustees in accordance with the objectives of the Trust Deed. The Trust's principal activity is its grant making programme, which is financed by income derived from the Charity's investment portfolio. As far as possible, on a year to year basis, the Trustees seek to spend this income on viable, well researched charitable projects in accordance with the objects of the Trust Deed and Lady Blakenham's wishes.

Under the terms of the Trust Deed, the Trustees have wide powers of investment at their discretion and are specifically allowed by the deed not to diversify. The Trustees maintain a substantial balance in cash to enable them to fulfil any emergency grant requirements.

The power to appoint new or additional Trustees was vested in the Settlor during her lifetime and thereafter in the existing Trustees. The Trustees have adopted a policy in the event of the appointment of a new Trustee which includes a brief induction and training process. This includes a meeting with the existing Trustees to advise on investment policy, the grant making process and the powers and responsibilities of the Trustees. In addition, any new Trustee will be provided with a copy of the latest financial statements and annual return and any recent investment reports.

### Financial Review

Total incoming resources of the Trust in the year to 5 April 2024 were £27,629 (2023 £14,476). Charitable donations made in the year to 5 April 2024 totalled £43,000 (2023 £50,000).

### Activities for the Public Benefit

The Trustees confirm that they have referred to the guidance contained in the Charity Commission's general guidance on public benefit when reviewing the Charity's aims and objectives and in planning future activities and setting the grant making policy for the year.

The Trustees are satisfied that all grants made during the year are for the benefit of the public and that the benefit of each and every grant is clearly identifiable. For a full list of grants made during the year see note 4 in the financial statements.

The Trustees consider all organisations that they have supported during the year to be of equal importance.

### Plans for Future Periods

The Trustees look forward to continuing to make further charitable donations in the future.

### Reserves Policy

It is the Trustees' intention that any surplus income should be carried forward for distribution as part of the grant making programme in the following year. The deficit of £19,509 has been deducted from the unrestricted funds in the income account. The policy on reserves is reviewed annually.

### Risk Policy

The major risks to which the Charity is exposed, as identified by the Trustees, have been reviewed and the Trustees are satisfied that the systems are in place to mitigate those risks.

## TRUSTEES' ANNUAL REPORT

for the year ended 5 April 2024

---

### Statement of Trustees' responsibilities for the financial statements

Law applicable to charities in England & Wales requires the Trustees to prepare financial statements for each financial year which give a true and fair view of the Charity's financial activities during the year and of its financial position at the end of the year. In preparing financial statements giving a true and fair view, the Trustees should follow best practice and:

- select suitable accounting policies and then apply them consistently;
- observe the methods and principles in the Charities SORP;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable accounting standards have been followed, subject to any departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Charity will continue in operation.

The Trustees are responsible for keeping accounting records which disclose with reasonable accuracy the financial position of the Charity. They are also responsible for safeguarding the assets of the Charity and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities and ensuring compliance with the trust deed.

## NOTES TO THE FINANCIAL STATEMENTS

at 5 April 2024

---

### 1. ACCOUNTING POLICIES

The principal accounting policies adopted are as follows:

#### a) Basis of preparation and assessment of going concern

The financial statements have been prepared in accordance with Accounting and Reporting by Charities: Statement of Recommended Practice (applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102)) (effective 1 January 2019) and the Charities Act 2011.

The financial statements have been prepared under the historical cost convention with items recognised at cost or transaction value unless otherwise stated in the relevant note(s) to these financial statements.

The Trustees consider that there are no material uncertainties about the Charity's ability to continue as a going concern.

#### b) Fund structure

The expendable endowment represents the funds originally gifted to the Charity and is to be retained by the Trustees or, at their discretion, applied as for income. The unrestricted funds represents the funds available for distribution by the Trustees in accordance with the trust deed.

#### c) Income recognition

All income is recognised once the Charity has entitlement to the income, there is sufficient certainty of receipt and so it is probable that the income will be received, and the amount of income receivable can be measured reliably.

Interest on funds held is included upon notification of the interest paid or payable. Dividends are recognised once the dividend has been declared and notification has been received of the dividend due.

#### d) Expenditure recognition

Liabilities are recognised as expenditure as soon as there is a legal or constructive obligation committing the Charity to that expenditure, it is probable that settlement will be required and the amount of the obligation can be measured reliably.

All expenditure is accounted for on an accruals basis. All expenses, including support costs and governance costs, are allocated or apportioned to the applicable expenditure headings in the Statement of Financial Activities. For more information on this allocation refer to note e) below.

Grants payable are payments made to third parties in furtherance of the charitable objectives of the Charity. Provision is made for grants approved by the Trustees in the year. During the year, all grants approved by the Trustees were paid.

#### e) Allocation of governance and other support costs

Governance and support costs have been allocated between charitable activities and governance based on the activity to which they relate. The allocation is analysed in note 5.

Governance costs comprise all costs involving the public accountability of the Charity and its compliance with regulation and good practice.

#### f) Cost of raising funds

The cost of generating funds comprises the investment management charges.

### NOTES TO THE FINANCIAL STATEMENTS

at 5 April 2024

#### 1. ACCOUNTING POLICIES - continued

##### g) Charitable activities

The expenditure on charitable activities comprises grants made in the year and governance costs. No support costs are incurred by the Trustees in the grant making process, as the Trustees undertake this service at no charge.

##### h) Fixed asset investments

Investments are initially recognised at their transaction value and subsequently measured at their market value as at the Balance Sheet date using the closing quoted market price. The Statement of Financial Activities includes the net gains and losses arising on revaluation and disposals throughout the year.

##### i) Realised gains and losses

All gains and losses are taken to the Statement of Financial Activities as they arise. Realised gains and losses on investments are calculated as the difference between sales proceeds and their opening carrying value or their purchase value if acquired subsequent to the first day of the financial year. Unrealised gains and losses are calculated as the difference between the fair value at the year end and their carrying value. Realised and unrealised investment gains and losses are combined in the Statement of Financial Activities.

##### j) Currency

The financial statements are prepared in sterling, which is the functional currency of the Charity. Monetary amounts in these financial statements are rounded to the nearest £.
